FEW LABOR DIFFICULTIES.

Iron Trade Wholesome-Duliness in Textiles Continues-Business is Healthy.

New York, May 3 .- R. G. Dunn & Co.'s Weekly Review of Trade tomorrow will say: "The greatest activity ever seen in Wall street diverts attention in a measure from progress in distributing and manufacturing operations. But while on every hand stockmarket interests are counseling caution and attempting to prove that prices are really more than the condition of some of our railroads warrants, the fact remains that, without a brilliant crop outlook and a great activity of general trade, Wall street could hold no such carnival, Labor difficulties are fewer and less threatening than for several years before in the first week of May and prices of merchandise hold well, "Stability of prices and vigorous prosecution of work at mills indicates the wholesome condition of the iron and Throughout the entire steel market. range of products of this industry the current demand for immediate delivery exceeds all previous records, yet makexceeds an previous records, yet mak-ers maintain a conservative position and prices are not pushed up to the danger point. An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP Co., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and sub-stance, and its acting on the kidneys, liver and bowels, without weakening

or irritating them, make it the ideal laxative. In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP Co. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package. CALIFORNIA FIG SYRUP CO.

These donations are classified by the committees and placed on bargain ta-bles, where they go for cold cash like hot cakes. So great is the rush to get bargains, that at such a sale in an eastern town, one man was seen car-rying home a stringless violin, while another was just as happy with the empty case. Everything goes-flat irons, baby carriages, slightly worn clothing, boots and shoes, patent nostrums, artificial limbs, plants, books and magazines—in fact, all of those things which are stowed away in things which are stowed away in garrets to be out of the way of housekeepers instead of being sold to peddlers, will be found at this sale. Some articles are sold as low as one penny, everything is marked down so that it is bound to be turned into

money. When a merchant was asked, what effect this rummage sale would have upon the stores, he replied: "None whatever; the rich simply transfer the antiques from one attic to another, and the poor are greatly benefited in the buying, getting serviceable things for almost nothing, and is the object of the

The complaint charges that the making of the deed by Matthews was in fraud of his creditors and the trus-tee prays that the conveyance be set aside. A similar suit against Matthews, involving other property, was tried and submitted for decision hast week. submitted for decision last week.

Judge Hall yesterday afternoon dismissed the suit brought by Michael F. Dolphin and Theodore G. Wolf of Scranton, Pa., against the Niagara Mining and Smelting company and the U.S. Mining company at the Labelet S. Mining company, at plaintiff's cost, without prejudice on stipulation of the opposing attorneys.

The suit was commenced a month ago and the appointment of a receiver was asked for and a decree adjudging the absorption of the Niagara property by the U. S. company illegal. The plaintiffs sued as minority shareholders o the Niagara company. A week ago the defendants answered the complaint by denying all of the material allegations and setting up that the interests of Messrs. Dolphin and Wolf in the Niagara property is an assessment instead of a dividend. The hearing on the application for appointment of a receiver was continued until the end of the coming week in order to give the defend-ants time to get depositions from Boston, and the dismissal of the sult yes-terday came as a surprise to those who were expecting to see a sharp legal battle on the day of hearing, especially since the defendant companies seemed anxious of the fray. Dey & Street were counsel for the plaintiffs and Dickson, Ellis & Ellis and W. M. Bradley appeared as attor-neys for the defendants, but none of them them would disclose the consideration for the dismissal of the action. Manager Holden for the United States company declared that his company had not bought the stock of the plain tiffs, and gave as the reason for the

Bad Circulation is the cause of most of the ills that come with old age. With advancing years there is a decline of strength and vigor-the machinery of the body moves with less speed and accuracy. Because of the weak and irregular action of the heart the blood moves more slowly, becomes impure and loses much f its life-sustaining properties, and muscles, tissues and nerves literally starve for lack of nourishment. A sluggish and polluted circulation is followed by a long train of bodily ailments. Cold feet, chilly sensations up and down the spine, poor appetite and digestion, soreness of the muscles, rheumatic pains, hard and fissured skin, face sores, chronic running ulcers on the lower limbs and other parts of the body - these and many other diseases peculiar to old people are due to a lack of healthy blood and imperfect circulation. Restoration to health must come through

healthy blood and imperfect circulation. Restoration to health must come through the building up and purification of the blood, thus adding strength and tone to the vital organs and quick, healthy action to the circulation. S. S. S. being strictly a vegetable blood remedy and the best tonic, makes it the most valuable and efficacious of all medicine for old people. It is free from all mineral ingredients, and mild and pleasant in its action. It cures blood diseases of every character, even those inherited or contracted in early life. As the system gets under the influence of S. S. S. there is a marked improvement in the general health, and as richer and purer blood begins to circulate through the body the appetite improves, and there is a softness and elasticity about the skin that you have not noticed for years; sores begin to heal, pains in muscles and joints grad-ually cease, and you find that it is possible to be happy and healthy even in old age

Our medical department is in charge of physicians who make a study of blood and skin diseases. If you would like to have their opinion and advice in your case, write them all about it and you shall receive such information and advice as you want. This will cost you nothing. Others have found our medical department of great benefit to them - their cure being much more rapid as the result of some special directions received from our physicians.

Don't be your own doctor when you can get medical advice free. Book on Blood and Skin Diseases mailed to all who desire it. THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.
