

TURVILLE WON FIFTY MILE RACE

It Was a Procession After the Third Mile.

BIG CROWD AT THE SAUCER

Three of the Motors Refused to Work and King Had No Chance—Yesterday's Ball Game.

The fifty-mile race last night was a procession and Charley Turville scooped the big end of the purse with ease.

After taking every precaution possible to insure a good race, to have the motors in first class condition and provide for two extra machines in the event of anything going wrong, something did go decidedly wrong and the race was not satisfactory in the least.

All the machines were in good working order until last evening and then three of them went on a strike. John Lawson's motor was utterly useless, King's jumped, wobbled and stopped and started again like a fractious country horse on its first visit to the city.

When a substitute motor was brought out it was found to be out of order but got to running after it had been worked on for two or three hours.

John Lawson secured one of Turville's machines and the race started out fairly well. Julius and Benedict, Clean Turville paced Charles Turville, Chapman and Gunder.

The "terrible" and King was paced by his brother H. and W. E. Samuelson. Lawson took the lead and hung onto it for three miles making the first in 1:43.

On the seventh mile he secured a lap over King and Turville and King began to make up for lost time. He reduced Turville's lead to five laps when the latter secured a new wheel and took the lead again.

Turville beat Lawson by one lap and two or three yards and King by five laps and seventy yards. Eddie Smith won the final of the one mile handicap amateur with Angell second, Hopper third and Hermans fourth.

Final—Eddie Smith, first; Angell, second; Hopper, third; Hermans, fourth. Time, 2:05.5.

Fifty-mile match race—Charles Turville, first; John Lawson, second; William King, third. Time, 1:33:30.

LOBSTERS SHUT OUT

White Wings Played All Around the "Champs."

STANDING OF THE CLUBS

Mr. "Pink" Hawley, former twirler for the "Forten Hopes" but now an honored member of the lobster clan, tried real hard at Ogden yesterday to puzzle the rejuvenated band, which band is no longer to be known as the "Forten Hopes."

Instead, the White Wings from Salt Lake pounded Mr. Hawley in the most uncharitable manner imaginable, securing a total of eleven hits and eleven runs.

Following is the score:

Late Potatoes Have Quite Generally "Gone to Top"—Will be Only a Fair Yield.

U. S. department of agriculture, Utah section, climate and crop bulletin of the weather bureau.

Weekly crop bulletin, Salt Lake City, Utah, Sept. 10, 1901.

The temperature of the week ended September 9th was about normal, the days being warm and the nights cool.

Light frost occurred in several localities on the mornings of the 3rd and 7th, but did practically no damage.

Scattered showers occurred on the 3rd, but the precipitation therefrom was too light to be of any service.

High southerly winds prevailed over the State on the 6th and 7th, blowing down from the trees and the handling of hay and grain interfered with.

On the whole, the week was a favorable one for farm work and late crops.

Corn ripened rapidly and will be a good yield; the cutting of it for fodder has begun in several localities.

Sugar beets will make an average crop; they are ripening rapidly and will soon be ready for the factory.

Potatoes have generally grown too much to tops and, on the whole, will make only a fair yield.

The third crop of lucern is being cut and is now being out. Threshing has been completed in many localities.

Peaches, pears and plums are ripening rapidly and are quite plentiful.

REMARKS OF CORRESPONDENTS. (The name of the postoffice is followed by the name of the county.)

Levan, Juab—Cool and pleasant. Some corn has been cut and hauled; the ears are very wormy.

Most of the third crop of lucern was mowed in this vicinity. Peaches and plums are getting ripe.—William Brown.

Paradise, Cache—Warm and dry. Harvesting is finished and threshing is nearly completed.

The yield of the average, but was better than expected. The third crop of lucern is nearly ready to cut and, where watered, will make an average yield.—James Loftouse.

Castle Dale, Emery—The week has been cool. Crops are nearly all harvested.

The second crop of lucern is better than the first. Fruit is ripening. Potatoes are scarce.—James Jeffs.

Beaver, Beaver—Cool nights and rather windy, but favorable weather for harvesting crops.—D. Grimshaw.
