ing moved its main line to Salt Lake. The fact that a line across the southern end of the Great Salt Lake has been discovered to be more feasible than one across its northern end is also put into the balance in favor of thu Salt Lake line. That barges, etc., are said to have been placed upon the lake said to have been placed upon the lake in its northern waters is not counted as having any weight against a south-ern cutoff, for the reason that the rail-road people would, as a matter of course, unload their material and ma-chinery upon the lake at the nearest and most convenient point upon their own rails. To tow these barges and this material to any point in or upon the state. Although the statement is denied by the line's officials in that city, a Chi-cago paper says that the belief is firm in all the southwestern country that the Rock Island is going to build from the Rock Island is going to build from El Paso to San Diego, and at the latter this material to any point in or upon the waters of the lake would be a sim-

ple and very inexpensive matter Much land to the west of Salt Lake is also being secured by purchase and option and there is no doubt in the minds of some of the fair-seeing ones that this property is being or will be transferred to the Southern Pacific for yard purposes

A cut-off at this end of the lake is being strenuously urged by interested people and the result of their efforts may not now be foretold by any man.

vesterday for the purpose of complet ing arrangements for the handling of the import traffic next year. As a re-sult a substantially new import committee will be formed in which the initial rail lines from the seaboard, and their connecting ocean lines, will be represented; and one general import agent will be appointed, who will have supervision over all the agencies and over all import traffic. It is in-tended to have all the lines and interests handling import traffic represented in the committee. With a general import agent, authorized to supervise all import traffic and agencies, thought that any trouble that may arise over cut rates can be much more easily traced and rectified than under present conditions.

Shephard Resigns.

A. D. Shephard, general freight agent of the Southern Facific company, has handed in his resignation. He will go to Victoria, B. C., as resident agent of the Pacific Improvement company. The San Francisco Chronicle says that W. Lucok, assistant general freight and passenger agent of the company at Los Angeles, will probably succeed Mr. Shepard.

S. P. May May Take This In.

The San Francisco Call says that the North Pacific Coast railroad, running from Susalito to Cazadero, a distance of 92 miles, is likely to be merged by purchase into the system of the Southern Pacific company. A trip over the road, which passes through a prosper ous farming and dairy section and is noted for the scenic beauty of its route, has just been made by President Hays, of the Southern Pacific, and Everette St. John, a prominent eastern railroad man.

SPIKE AND RAIL.

S. K. Hooper has gone back to Den-

Saturday's half holiday is much appreciated in the railroad offices. It is conceded to be a fact that the railroads are buying up considerable land in the vicinity of this city.

Beginning with Monday the railroad passenger business on account of the carnival is expected to be very heavy.

Ogden was never anything but "grit-ty" and full of loyal citizens, and her tenacity in the railroad situation is characteristic.

Allie C. Emerson, formerly of the Rio Grande Western office force at Ogden, was in town this morning, returning on the midday train.

October 3 has been set for the meeting of the stockholders of the Central Pacific. Another postponement, however, may occur at that time.

The Lordsburg & Hachita railroad has let contracts for the new line to run from Lordsburg to Douglas, where it will connect with the Phelps-Dodge and Palmer road.

Fred D. Ulmer, of the Short Line's engineering corps, is up from the south for a short visit during carnival time. He has had a taste of the hardships to be encountered in that hot, arid desert country.

R. W. Fagan, heretofore traveling passenger agent of the Southern Pa cific at Atlanta, Ga., has been trans-ferred to El Paso, and made district freight and passenger agent for the district including Arizona, New Mexico and western Texas.

The Missouri, Kansas & Pacific railroad, for the first time since its re-or-ganization, has earned the full 4 per cent on the preferred stock and shows one-half of 1 per cent on the common. The increase in gross earnings was 22 per cent and 10.27 per cent in net earn-

The Northern Pacific last year earned \$6,384 per mile gross, which was equiva-lent to 8.34 per cent on common stock. After the payment of 4 per cent on pre-ferred stock it is officially estimated that the gross earnings per mile this

side in Salt Lake.

An event which will be of interest to Miss Almira Murdock of Beaver and Plake, but the latter juggled it and McCausland took a desperate chance for home, scoring the second run. Wil-Mr. William De Wolfe of Salt Lake, which took place at the bride's home in Beaver yesterday. A pretty wedding was held at the home of the bride's par-ents, Hon, and Mrs. John Murdock, the seventh, after two men were retired. Clark singled and tried a sical for sechouse being decorated throughout and a banquet being served after the cereond. McCausland threw wide to Web-ster and Dad Clark didn't stop until mony. Miss Catherine Cuimer of Salt Lake was bridesmaid and Mr. Charles he reached third. Schnables came forth with a single which scored the only run. They had a splendid chance in Murdock, brother of the bride, was best man. Little Bernice Murdock was flower girl. After the reception Mr. the ninth to tie the score, but Hausen was caught in a little crooked work and lost the chance. He singled. Nagle and Mrs. DeWolfe left for an eastern went out on a grounder and after Mc-Nichels' sensational catch of McGreg-

trip, and will be at home to their friends after November 1st. Dr. and Mrs. Seymour B. Young announce the engagement of their daugh-ter Ada Lucile, to Mr. Thomas J. Lambert.

The marriage of Miss Ruth Morgan and Bert Hunkel took place yesterday. Following is the detailed score:
