FILLMORE CITY, Millard County.
Editor Deseret News.—After writing you from Spanish Fork we visited Elder George Myers, who went to Zurich, Switzerland, in 1862, and baptised 17 persons. He was imprisoned and finally cast out of the place. While in that region he took a fancy to grape culture, which has resulted in a fine grapeery here from which after selling many grapes he has made the past year 100 bushels of excellent wine.

Tuesday evening, 24th, we held meeting in Payson; good attention and attendance; passed the evening very agreeably.

A co-operative herd and herd ground, with dairy and farm attached, is likely to prove a great success here, both for convenience and financially. There are some expectations of ultimate success among the people who are making a good business in the co-operative farm, dairy and herd, running all under one firm. The city of Benjamin, in this vicinity, is attracting considerable attention. Finding at Spanish Fork, that a large stream running to waste could be turned, at a vast expense, to water a good tract of land at a long distance, he has been successfully accomplished, resulting in a good prospect for Benjamin, with good surroundings of farming and hay lands. It lies about north of Payson towards Utah Lake.

On the 25th, we passed down Juab Valley to Moa, and held meeting at 2 p.m., and also at 7 the same evening. A large congregation assembled at Nephi, having been notified by telegraph. No public or personal expense of \$1,000 intended.

Co-operation is doing its perfect work here. Bishop Bigler boasts of having at least sixty marriageable young ladies in his Bishopric.

During the evening of the 26th, we held meeting at Levan, presided over by Samuel Pitchforth. It is a beautiful locality, but scarce of water; they expect to organise into a Co-operative farming body, thereby using the water which is abundant.

Friday, 27th, we passed over twenty-eight miles of country, well deserving the name of the Sevier, which we crossed on a good bridge, it being about the centre of our Territory, north and south. Here we found the Northern mail six hours behind schedule time, the roads being very heavy and muddy. We were moving along at Scipio, Round Valley, which I visited some time ago last November, when forty families had about seventy-five. Near here we saw a fine flock of one thousand head of sheep, a co-operative herd. On Saturday evening, 28th, we held a meeting at Holden, Cedar Springs, fourteen miles from Scipio in Fauver Valley, here there are also an increase of families and houses, and very fine brick houses. A co-operative farm was quite satisfactorily carried on last year; and is to be more general this year.

Sunday, 29th, we passed through three or four inches of snow, which fell last night and this morning, to Fillmore City, 100 miles from Salt Lake City. We attended meeting in the forenoon, and a Sabbath School of 200 souls at 2 p.m., presided over by Pres. D. C. Johnson. It has a library of 70 volumes. We had an excellent meeting in the evening, having spent a happy day in Fillmore.

Yours truly,
E. STEVENSON.
