Solid Merit will Tell.

For all the bitter opposition of jealous rivals, no better illustration could be had of this fact than the immense sale already attained by the great Throat and Lung Remedy, Dr. Aug. Kaiser's German Elixir. For the cure of Coughs and Bronchial Affections, it is truly wonderful, even those suffering from Consumption in advanced stages find great relief, and numbers of patients have found, to their delight, not only relief but cure. It being perfectly harmless, makes it at once popular with mothers, who of all others have felt the necessity of such a medicine. The genuine bears the Prussian Coat of Arms, the fac-simile signature of Dr. Aug. Kaiser, and has his name blown on every 75 cent bottle. A trial size may be had for 25 cents.

For sale, wholesale and retail, by the Z. C. M. I. Drug Department, Moore Allen & Co., Salt Lake City, d226 w29

The discovery of the circulation of the blood was an important event in the history of medicine; but if the blood be full of impurities, its circulation, which Providence intended as a blessing, proves a bane. Hence we should cleanse the blood with Scovill's Blood and Liver Syrup.

JOHN T. LYNCH,

Dec. 11th, 1879, at Salem, Utah County, U. T., ROYAL DUFFEE, aged 63 years.

Brother Duffee was born March 16th, 1811, and joined the Church in Canada, in 1830. Emigrated to Nauvoo, passing through the persecutions there. While at Farmington, the mob hanged several of the brethren to try and compel them to divulge what they called "the Mormon secrets." Brother Duffee, on hearing of this went among them and defied the whole of them, remaining several hours with them, they fearing to hang him. He emigrated to Utah in 1852, and was engaged in several Indian wars. Came to Salem in 1856. Was a member of the 35th Quorum of Seventies, and died bearing a faithful testimony to the divine mission of Joseph Smith.

At the residence of Prest. A. M. Cannon, 14th Ward, Dec. 28th, at 5 a.m. of consumption, LYDIA ENIGN HALEY, daughter of Eustaquio and Ana P. Valencia, born in San Francisco, Cal., Oct. 25th, 1853.

Funeral services will be held the residence of B. other Cannon at 11 a.m., Wednesday, 31st inst.

Sister Hardy's mother was a passenger on the ship "Brooklyn," in the early settlement of San Francisco, she being a daughter of Sister Lydia M. ses, sister to Brother Samuel Ensign, of this city, while her father, E. Valencia, was son of Candlarlo Valencia, of the Mission Dolores, of Castilian descent, who owned by a Mexican grant, a large part of the present site of San Francisco. John Hardy, her husband, falling a victim to consumption, over four years since, left his young wife with two little girls to provide for, at San a Rosa, Cal., which she did in a creditable manner by teaching school, having received a very excellent certificate from the board of education of that State. Her faith in the Lord was great; she embraced the gospel some months since, as believed in by her departed mother, and now sleeps with the glorious hope of living with His saints eternally. [COM.]

Sister Annie, from the time she entered into covenant with the Lord by baptism, ever strove to magnify her high and holy calling, and the great peace and resignation that characterized her in death were but the true reflex of her noble and virtuous life. She was a loving wife and mother, a faithful Latter-day Saint, and was conscious to the last moment, and departed full of faith and hope of a glorious resurrection. [COM.]

At her mother's residence on the 28th of December, 1879, of pneumonia, HELENA RUTH RAND, aged 15 years and 5 months.

THE SUN for 1880.

The Sun will deal with the events of the year 1880 in its own fashion, now pretty well understood by everybody. From January 1 to December 31 it will be conducted as a newspaper, written in the English language, and printed for the people.

As a newspaper, THE SUN believes in getting all the news of the world promptly, and presenting it in the most intelligible shape—the shape that will enable its readers to keep well abreast of the age with the least unproductive expenditure of time. The greatest interest to the greatest number—that is the law controlling its daily make-up. It now has a circulation very much larger than that of any other American newspaper, and enjoys an otherworldly it is at all times prepared to spend liberally for the benefit of its readers. People of all conditions of life and all ways of thinking buy and read THE SUN; and they all derive satisfaction of some sort from its columns, for they keep on buying and reading it.

In its comments on men and affairs, THE SUN believes in the only guide of policy should be common sense, inspired by genuine American principles and backed by honesty of purpose. For this reason it is, and will continue to be, absolutely independent of party, class, clique, organization, or interest. It is for all, but of none. It will continue to praise what is good and reprobate what is evil, taking care that its language is to the point and plain, beyond the possibility of being misunderstood. It is unflinching in its motives that do not appear on the surface; it has no opinions to sell, save those which may be had by any purchaser for two cents. It hates injustice and rascality even more than it hates unnecessary words. It abhors fraud, pities fools, and deprecates nincompoops of every species. It will continue throughout the year 1880 to enslave the first class, instruct the second, and discountenance the third. All honest men, with honest convictions, whether sound or mistaken, are its friends. And THE SUN makes no bones of telling the truth to its friends and about its friends whenever occasion arises for plain speaking.

These are the principles upon which THE SUN will be conducted during the year to come. The year 1880 will be one in which no patriotic American can afford to close his eyes to public affairs. It is impossible to exaggerate the importance of the political

events which it has in store, or the necessity of resolute vigilance on the part of every citizen who desires to preserve the Government that the founders gave us. The debates and acts of Congress, the utterances of the press, the exciting contests of the Republican and Democratic parties, now nearly equal in strength throughout the country, the varying drift of public sentiment, will all bear directly and effectively upon the twenty-fourth Presidential election, to be held in November. Four years ago next November, the will of the nation, as expressed at the polls, was thwarted by an odious conspiracy, the promoters and beneficiaries of which still hold the office they stole. Will the crime of 1876 be repeated in 1880? The past decade of years opened with a corrupt, extravagant and insolent Administration entrenched at Washington. The Sun did something toward dislodging the gang and bringing its power to the people. The same men are now intriguing to restore their leader and themselves to places of power which they were driven by the indignation of the people. Will they succeed? The coming year will bring the answers to these momentous questions. The Sun will be on hand to chronicle the facts as they are developed, and to exhibit them clearly and fearlessly in their relations to expediency and right.

Thus, with a habit of philosophical good humor in looking at the minor affairs of life, and in great things a steadfast purpose to maintain the rights of the people and the principles of the Constitution against all aggressors, THE SUN is prepared to write a truthful, instructive, and at the same time entertaining history of 1880.

Our rates of subscription remain unchanged. For the DAILY SUN, a four-page sheet of 28 columns, the price by mail, post-paid, is 55 cents a month, or \$5.00 a year; or, including the Sunday paper, an eight-page sheet of 56 columns, the price is 65 cents a month, or \$7.50 a year, postage paid.
