VERDICT OF CORONER'S JURY.

Investigating the Shooting of Special Officer J. D. Snipes.

AFFAIRS OF WEBER COUNTY.

City Council Authorizes Appointment of Ten More Patrolmen—Boy Leaves Home—News Briefs.

A coroner's inquest over the remains of J. D. Snipes, the special officer who died Saturday evening as a result of wounds received Friday night, were held yesterday afternoon at four o'clock, before Judge J. A. Hall and the following jury: W. W. Kennedy, James Cassin and N. H. Ives.

The witnesses were Special Officer Alonzo Clark, Detective Pender, Officers Burk and Walker and Dr. H. B. Forbes, whose testimony was in accordance with the facts already published, that the deceased was shot by J. D. Snipes on the evening of October 23, 1903. The jury after hearing the testimony, brought in a verdict that deceased came to his death from a gunshot wound, inflicted by J. D. Snipes, and that the fatal shot was fired by Snipes while he was laboring under great fear of being held up and without felonious intent.

It was stated by the officials last evening that Mr. Snipes will not be punished for the sad crime, as it was clearly evident from the testimony of the witnesses that he had no felonious intent in firing the fatal shot, but did it while under great fear. Mr. Snipes is suffering great mental distress, on account of his honorable mistake. On the other hand, the family being in poor circumstances, the mayor, in behalf of the city at their expense, ordered the casket and other funeral furnishings. The funeral services took place this afternoon at 2 o'clock. Interment was made in the city cemetery.

Since his stay here he has been selling silver polish. The Colorado officials have been notified of his arrest.

CITY COUNCIL SESSION.

On the recommendation of Mayor Gismann, the council last night authorized the appointment of 10 special police officers, thus doubling the present force. Twenty new street lamps are also to be added, one of them to be placed on Grant avenue in front of the post-office.

The chief of police recommended that

the license of the Bouquet saloon be revoked on the ground that the place harbors criminals. Action was postponed until next Saturday.

The city decided to defray the expenses of the funeral of Special Officer Snipes, who was killed last Friday while on duty.

An ordinance for the curbing and guttering of Twenty-fifth street from Adams avenue to Jefferson avenue, was passed; also an ordinance providing for the construction of the sidewalks on Adams avenue.

LAST PILE DRIVEN YESTERDAY.

The last pile on the Ogden-Lehi cut-off was driven yesterday at noon in the presence of officials and out-of-town employees. The occasion was signalled by the breaking of a bottle of champagne by Mrs. Dan Ogden, wife of Supr. Ogden. All told, 11 miles of piling have been driven, and the work is perhaps the most stupendous in the history of railroad building. The laying of the rails will begin immediately and it is expected that this part of the work will be completed in three weeks, so that by Dec. 1, trains will be running right through to San Francisco.

LOGAN.

CITY LIGHT PLANT.

Work on Prodigious Job Nearing Completion—Serious Fire Averted.

Special Correspondence.
Logan, Cache Co., Oct. 26.—The pipe line for the city's light plant in Logan canyon is rapidly approaching completion. A flume 200 yards long carries the water from the river to the head of the pipe, and is so constructed as to be capable of carrying an enormous amount of water. There is a fall of about 10 feet where the water passes from the flume to the pipe. The latter is being constructed by the W. G. Danielson company of this city under the direction of Mr. Charles E. Lloyd and is a great credit to their engineering ability. It is gratifying to know there is a local firm able to undertake such a herculean task.

The pipe is 5 feet in diameter and will be a mile and a quarter long. It is composed of wooden staves 15 feet long bound together by iron bands at intervals of from one to two feet. The great pipe stretches itself over hill and dale like a huge serpent, and will carry a very large volume of water. Two-thirds finished, and is progressing at the rate of 150 feet a day.

It is expected the pipe and flume will be completed in less than three weeks.

Work on the power house is also progressing rapidly. The excavating for the structure, which will be of rock, is completed, the rock and sand are on the ground, and a force of masons is putting up the walls.

It is expected the work of setting the poles through town will be commenced this week.

WILL REMAIN ON TICKET.

It appears that the report that Mrs. Lucy Clifton had withdrawn from the Democratic ticket was unfounded. It was printed on good authority, but it was now learned that the lady will still remain on the ticket. Mrs. Clifton is well known and popular and will draw a heavy vote.

DISASTROUS FIRE AVERTED.

The store of P. A. Nielsen & Son on Main street came nearly being the scene of a disastrous conflagration Sunday evening. The electric lights were out and the town in darkness during the early part of the evening. Mr. Nielsen was at the store and had lit a coal oil lamp, which caught fire, burned the rope which held it, and fell to the floor. Fritz Jensen, a young man of the Fourth ward, rushed in, seized the lamp with some burlap and threw the blazing mass into the street where it burned out with little damage.

Mr. Lund set out that in said convention John L. Snow is not a Socialist but a Democrat. The rules of the party as to faction are fully set out and a copy of an objection filed with Recorder Winn and overruled by him is a part of the petition. A PLEASANT SURPRISE In Store For Those Who Doubt.

When you read that a sufferer of many years' standing has been completely restored to health by Smith's Cure-all, you are inclined to doubt the statement and, in fact, have no belief in it whatever. The reason for this is that the cure-all is claimed for the Cure-all it is impossible for anyone to believe it; if the advertiser confined his claims to the curing of one disease, as do the proprietors of Pyramid Pile Cure, readers would have much more faith in published testimonials. Those familiar with this great remedy know that testimonials as to its merit may be relied upon implicitly, also that the cures brought about by its use are a little short of marvelous. The genuineness of the testimonial have given it vouch for and is but one of thousands received.

"I wish to write you and tell you what this Pile Cure has done for me. I have been troubled with piles for the past five years and used every remedy that was recommended to me. While some would give me relief for a while they never cured. I was so bad this summer I could not get up or down without pain; could not attend to my household duties. Finally I got a box of young Pyramid Pile Cure at the druggist's and it is now two months since I used the last of the box, and have had no trouble since. I know it is really and truly a good remedy."

"I am so thankful I tried it as I know it has cured me, and if at any time I should have such trouble again I would use it once. Since I am cured I have recommended it to my friends, whom I know to be afflicted with it, and I know they will use it. I am so thankful I ever learned of your cure." Mrs. E. H. 460 Second street, Grand Rapids, Mich.

Pyramid Pile Cure is sold by druggists for fifty cents a package. It can be mailed to any address upon receipt of price by Pyramid Drug Co., Marshall, Mich. Write this firm for their book describing the cause and cure of piles.

Tendable and Reed Smoot and President, Bishop William H. Preston are present and have delivered discourses replete with good counsel.

Robbed The Grave.

A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain excruciating in the back of my head, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters. To my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim. No one should fail to try them. Only 50c guaranteed, at Z. C. M. I. Drug Store."

McCammon is growing most wonderfully. Lots are being marked off for homesteads, and one great feature is that there is plenty of water for every acre of ground. Bishop Boyce is much interested in the welfare of the people, and is working energetically in their interest. There are fine stores, flour mills, hotels, and railroad facilities.

Our public schools started five weeks ago. But the attendance has been small on account of so many of the children being employed in harvesting beets and tomatoes.

The heavy rains we had three weeks ago put the soil in fine shape for fall plowing and sowing.
