A. E. CAHOON TESTIFIES

Regarding His Connection With the Manderfield Rock Company.

Drew $30 a Month as Power Driller While Working in the Coal-Mine—Harper's Testimony Shaky.

There was another session of the county court today to inquire into the alleged fraud practiced upon the commissioners of the Sanpete road. Mr. A. E. Cahoon was the principal witness on the stand. He testified that he was employed by the Manderfield Rock company to drill holes in the coal mine, at which he worked for about two months. He was paid $30 per month for his services. He was not employed to do any blasting, but was engaged in drilling holes for the blasts. He was not employed by the Manderfield Rock company to do any work on the road.

Asked as to whom he received the commissions refused Mr. Wilcox said he told it on the 4th. When the court was in session, but there was no action taken at that time. Some of the questions afterwards led him to go ahead and furnish the material. The commissioners specified the kind of material to be used. He was told it was coal in lieu of any material that was bankable.

Were there any books kept by the company?" asked Attorney Williamore.

"Yes, sir, there is a book in Mr. Haynes's possession in which was kept the accounts of the company." He further stated that he asked Mr. Haynes for the book, but he said he would not let his books go as the subpoena served on Wilcox. Mr. Cahoon identified the work of getting the rock. He knew Mr. Wilcox on the Williamson's reservation. He did not know who owned the building for the county. He thought Mr. Cahoon had something to do with that work.
