

LOCAL AND OTHER MATTERS.

THE HIGH COUNCIL are requested to meet at the Seventies' Hall to-morrow, Sunday March 19th, at 10 o'clock a.m.

THROWING STONES is a practice becoming very common among the boys in the streets, which is attended with considerable danger, and ought to be stopped. The other day a young man, an employee at a police office, received a severe cut in the forehead from a stone thrown by boys at play. The worst feature in the case was, that it was not thrown by youngsters, but by boys old enough to know better. If the police could arrest and make an example of a few of this practice it would be very likely to stop it soon.

LET THEM LAUGH WHO WIN.—The Philadelphia Press, in writing of the "Mormons," and the best way to overcome them, comes to the opinion that ridicule would be more becoming and effective than cannon balls. It says:

"Better a huge social snicker from forty million nostrils than one cannon shot. Better a sarcastic contortion of the national face than a bayonet charge. Better a scornful, withering look, or a disdainful, crushing smile, an exterminating jeer, or a piece of annihilating ridicule, than whole battalions of armed men and trained bayonets."

We think so too. We should prefer ridicule to force; we have seen both tried, and both have been outlived by the "Mormons." The former is much easier to ridicule; it hurts nobody. We do not care who ridicules; we believe in the old saying, "let him laugh who wins," and we are perfectly satisfied as to which side the laugh will be in the end.

REMEMBER OLD ROBERT.—Mr. Robert Carter, the veteran News carrier of this city, is seventy-two years old to-day, and as still as nimble, hale, and hearty as many who are much younger. Robert has asked us to give him a recommendation to public favor and support. We do so willingly, because we believe he is worthy of it. So far as we know he is a strictly honest man; he keeps a small news store on Second South Street, near, or next to the Revue House. He is far advanced into the serene and yellow leaf period, and although still, seemingly, as frisky as ever, he, of course, is too weak to perform the hard labor of former years. We therefore speak a kind word for Old Robert, and ask the public to remember his store and to extend to him a liberal share of their patronage and support.

LYNCHING AT NORTH PLATTE.—The Cheyenne Leader of the 14th inst., says that on the evening of the 11th a man named Keif was brutally beaten and robbed at North Platte, by three men. The next day two of them were captured by the officers of justice, and at night they were taken from the officers by a mob and hung. The fellows gave the names of Frank Ward and James Bales.

"DISINTERESTED."—We have received a letter over the above signature, and were it not for its allusion to persons who are unworthy of notice, we would have published it in the News; its sentiments we endorse but the above reasons compel us to decline publishing it.

PERSPECT OF AN INDIAN RAID.—Through the courtesy of W. B. Douglas, Esq., of the Deseret Telegraph line we are favored with the following dispatch:

Fillmore, March 18th. The Indian interpreter Shelton writes from Uinta reservation under date Feb. 28, and says, he has "reliable information that a party of Utes, one a tall double-lipped fellow, by the name of Navahoda, intend coming to the settlements and trading for powder, ammunition, etc., making raids on their return. They will be over the mountains as soon as the snow will permit their crossing—perhaps in six weeks. "Tell the people," he says, "to be on the look-out and prepare for them, particularly in Sanpete county and the settlements south of Fillmore."

HIO, FOR THE LOWEST BIDDEN!—It will be seen by reference to the advertisement in another column, that it is the intention of the committee, appointed by the land owners interested in the construction of the new canal to convey the waters of Big Canyon, Emigration and Red Butte, to dispose of the work to the lowest and most reliable bidder. Every man who has to pay for any portion of this canal can bid to as large an amount as will cover the tax levied on his land, if he wishes to do so. Therefore, all interested, especially if they desire to work out their tax, should report themselves at once to the committee.

OFFICIAL DOCUMENT.—We are indebted to the courtesy of O. J. Hollister, Esq., U. S. Collector of Internal Revenue, for the following document, prescribing the method of cancelling adhesive stamps used upon documents, writings, &c., which may be of interest to the general public:

TREASURY DEPARTMENT, Office of Internal Revenue, Washington, Feb. 10, 1870. Section 157, of the Act of June 30, 1864, is as follows: "And be it further enacted, That the Commissioner of Internal Revenue be, and he is hereby, authorized to prescribe such method for the cancellation of stamps, as he may deem expedient, and to cause the same to be printed and distributed, and to cause the same to be cancelled by the machine known as the 'Wheeler's Patent Canceller,' or such other machine or instrument as may hereafter be designated and prescribed by said Commissioner; and that no other method of cancelling such stamps, employed on or after that date, shall be recognized as legal and sufficient, until otherwise prescribed and ordered." (Signed)

C. DELANO, Commissioner.

PHONOGRAPHY.—This excellent system of shorthand writing is now rapidly superseding all others among professional reporters. Its ease of attainment and its great superiority in point of legibility are the key to its success. We should like to see its study more general among the boys and girls of our city and Territory. Besides being a most beautiful accomplishment for either lady or gentleman, its great utility in the ordinary avocations of life should induce more to study and acquire the art. To the reporter it is indispensable, and to clerks of all classes it would be found an invaluable aid. The avocation of this class of professionals has not been great; but the prospect is that as business increases it will be much greater than formerly. Because of this we feel to urge the young folks of Utah to study and acquire this valuable art. Any boy or girl of ten or twelve years of age, possessing ordinary intelligence, can with the aid of books only, costing not more than a couple of dollars, with an hour's daily diligent study, in the course of twelve months be able to write at the rate of one hundred and twenty words a minute, which is double the speed of the quickest longhand writers.

VIOLIN AND VOCAL MUSIC

PROF. GEORGE CARELESS DESires to announce to his friends and the public that he is now at liberty to take a FEW PUPILS in Singing and Harmony, and on the Violin. Pupils will be taught Singing and Harmony, in classes, if desired. For terms apply at his residence, 7th Ward, 439-12

If any of the animals are injured, we can agree upon the damage and deduct from the above prices.

J. W. YOUNG.

HAVING successfully practiced Homoeopathy to some extent for the last 22 years, in India, especially on the diseases of children, to which it is peculiarly adapted, its remedial being testines and easily administered, the undersigned will be happy to give advice and assistance GRATIS to any parties who may personally apply to him at the Deseret News office from 10 to 12 daily, Sunday excepted they are required to bring a couple of small clean bottles or large vials with them for the medicine. Should patients not be able to apply personally, those who attend on their behalf must be able either to describe distinctly the symptoms of the complaint or bring a written statement of the same, which, if severe, Mr. M. will if possible, endeavor to visit.

Free will offerings, however small, will not be refused on the recovery of the patients, but no demand will, in any case, be made either for medicine or attendance.

J. P. MEIK.

Salt Lake City, Feb. 1870. CURTIS MODELS—PRICES REDUCED TO MEET THE TIMES!—The merits of this system for Cutting all kinds of garments worn by Ladies, Gentlemen and Children are known by scores of ladies in this City and Territory; but the sure way is to prove it for one's self which may be done without charge. This system removes all anxiety regarding the FIT of garments, as all its directions are absolutely positive. There will be no altering—not taking up or letting out, which not only injures the material but destroys the proportions and often ruins the garment. The system is very simple and can be learned in a few hours. Mr. J. P. MEIK, 10th Ward, Agent, for CUTTING and FITTING made to all its friends.
