Railroad Men Say it is "Fizzling Out"-Strike Leaders Claim Everything is O.K. -Accusations and Denials.

ceived today the officials of the Santa Fe company are fully convinced that the telegraphers' strike is nearly over. At 10 o'clock Third Vice President Barr received from General Manager Mudge, at Topeka, the following message:

"Newman, at Wichita, is sending messages to all operators telling them that they have agreed with President Ripley to arbitrate, and that they can return to work subject to call again." Regarding this message Mr. Barr said: "So far as the railroad company is concerned there has been no agree ment to arbitrate and this action on the part of Newman simply means that the strike is fizzling out."

President Ripley confirmed Mr. Barr's assertion that there had been no agree-ment to arbitrate and emphatically reiterated his statement of Saturday that "No operator who had joined this strike, in violation of the agreement the company would be re-employed.

NEWMAN MAKES DENIAL.

Wichita, Kas., Dec. 10.-The following statement was issued at 11 o'clock by General Chairman Newman, of the Santa Fe system of telegraphers: "At this hour the situation is brighter than it has ever been since the strike was insugarated. Word has come to me from different sources that the Santa Fe of-ficials are sending out bogus telegrams over my alleged signature wherein I order the men to return to work as the strike is temporarily adjusted. I brand this and all similar statements a base lis, made use of by the railroad officials te deceive the operators and to get them to return to work in order that the congested condition get them to return to work in order that the congested condition of freight and passenger traffic may be relieved. During the last eighteen hours, twenty-five or fifty men have quit who do not belong to the union, but were taken in to fill the places of the strikers. The fact in that R. L. Delaney, agent of the Santa Fe in this city: H. A. Tice, superin-tendent of the Santa Fe: R. A. Torring-ton, district freight agent and travel-ing freight agent; Warren L. E. Da-mon, traveling auditor, all of whom at some time in their lives have been operators, are now along the line at Mulvane and Okiahoma City, handling the keys personally, as no operators Mulvane and Oklahoma City, inhuming the keys personally, as no operators could be obtained. J. H. Wescott.night thef dispatcher at Arkansas City, the center of the trouble, has been trans-fererd to Wichita. If any attempt is made by the Santa Fe to pass freight

The same is true of the Frisco, Southern Pacific and the other roads that connect with the Santa Fe. Wherever there is a joint office of the Santa Fs and Frisco, both offices are closed so far as the operators are concerned. And the red board is out."

Annans division, the Oklahoma division and the wostern division. L. J. Polk, general mañager of the Gulf, Colorado and Santa Fe, wired Mr. Barr today that twenty-one freight trains on the northern division and twelve on the southern division were running as usual. Of 32 men sent to take the places of strikers nineteen went to work, the others deserting. W. G. Mevin, the Santa Fe manager

W. G. Mevin, the Santa Fe manager at Los Angeles, telepraphed the road was running as usual in the Valley di-vision, competent men having been se-cured for all but four unimportant sta-tions. Many⁸ strikers returned to work. Fruit shippers, Mr. Nevins said, had been notified that the Santa Fe could headle business up to the limit could handle business up to the limit of their equipment.

"Cattle trains are not being material-ly delayed," said Mr. Barr. "We are having no trouble in getting men. One hundred men from here and as many more from other cities have been sent to Topeka from which place they will be sent to other points as needed. I feel sure there will be no sympathetic strikes of men in other branches of the service."

TRAIN SENT OUT.

La Junta, Colo., Dec. 1) .- The Santa Fe sent the regular trains out today also several extra freights. The passenger trains from the east were late. About 150 men in the mechanical de-partment of the railroad shops were laid off. The railroad officials claim they will have all the operators they can use in a few days.

NO STRIKE IN SAN JOAQUIN VAL-LEY.

Stockton, Cal., Dec. 10 .- There is no strike of the telegraph operators on the San Joaquin Valley division of the San-ta Fe system, nor will there be for some time at least. A meeting was held by the local committee Saturday night last, at which it was decided that no strike would be made on this division until some new phase of the gen-eral situation warranted it. Trains are regularly and no strike is anticipated.

The unfortunate woman is thirty-four years old and a native of Switzerland. Her mind has been failing for some time, and she is thought to be the woman who several months ago star-tled the residents of Canyon Road, many believing they had seen a ghost. On Saturday last she became quite violent, and in the ravings made an attempt to cut her throat. According to the testimony of her husband, it appears that Mrs. Gerber labors under the belief that she committed an un-pardonable sin in her youth. The fact that she has no children caused her pardonable sin in her youth. The fact that she has no children caused her considerable worry, having, while ra-tional, frequently expressed the wish that she might be blessed with one or two. The class of insanity with which Mrs. Gerber is afflicted is decribed by the examining physicians as melancholla, and the disease is increas-

ing. The examination was conducted be fore Judge Pro Tempore Seare and Drs. H. A. Anderson and E. S. Wright. Mrs. Gerber was taken to Provo this afternoon.

THE LARGEST HOP YARDS. Located in Sonoma, Sacramento, Men-

docino, Alameda, Yolo and Yuba, Cal.

In Sonoma, Sacramento, Mendocino Alameda, Yolo, Yuba and San Joaquin counties hops are extensively and successfully grown. The plantations of the State combined would form one enor-

mous area of 7,500 acres, a far-reaching expanse of valley land, nearly twelve miles square, and containing more than 9,000,000 hop vines, yielding in a favorable season almost \$2,000,000 worth of dried hops.

It is not generally known, but the largest hops yards in the world are in California, along the Sacramento, Russian, and Feather rivers, and the big-gest hop field on earth is at Pleasanton, in Alameda county, where there are 368 acres, with more than 445,000 vines

under one wire. As the picking must all be done by hand and within the short season when the blossoms are at their best, an army of people has to be suddenly mustered for the harvest. The mild climate conditions that favor the development of the hope and the pleasant inland valleys where it is grown combine to make hop picking something of a summer time delight, for the work is neither difficult nor arduous and the pay is fair. There are but two drawbacks to hop picking. One is so called hop-poisoning which is simply a sort of prekly heat of rash sometimes produced by contact face and arms with the nettlelike fuzz on the stalks of the hop vine. It does not affect all pickers. The other is the dark staining of the hands resulting from the resin of the blossom. It may be removed by rubbing with the crushed green leaves of the hop.

about 1:30 o'clock, Wm, H. Jones, a

young man residing at North Ogden,

was accidentally shot and killed near

here. In company with Chas. W. Jones

and Elmer Higgins, he left the Jones

residence on Sunday morning to follow

some bear tracks, and shoot bruin if

they found him. Each of the young

men had a 44-caliber rifle. They went

on the mountain northeast of North Og-

den about three miles, and climbed a

ledge upon which they sat down to

rest. While the men were there, Wm.

Jones's gun slipped from his hand and

fell down the declivity about three feet.

The weapon was discharged, the ball

entering the outside of the young man's

right thigh, and passing clear through came out above the groin. He ex-claimed that he had shot himself, and

asked his companions to catch him, as
