

FLOATING FRAGMENTS.

N. E. Empey has lost a gold chain with ring attached. A suitable reward is offered. See advt.

The Robeson circus passed through this city at midnight, for Lehi, where it exhibits to-day.

The meeting of the High Council announced to be held in the Social Hall at half past 7 o'clock this evening, will be held in the City Hall at the same hour.

There will be another big crowd on Washington Square on the 24th, to see the foot race, the Base Ball, the Bicycle and the Big Balloon. See posters and advertisement in another column.

LOCAL AND OTHER MATTERS.

The Silver King.—The New York Tribune said about this play:

Appreciated with genuine sympathy. The domestic scenes in it are tender and strong, and there were acted in a vein of deep feeling and with fine dramatic expression by Miss Rose Coghlan and Mr. Edmund Tetter.

Birthday Anniversary.—Yesterday being the 67th anniversary of Master Mary Ann Saville, of the 18th Ward, a large party of relatives and a number of friends sprang a surprise upon that kindhearted lady last evening. A few pleasant, social hours were spent in honor of the occasion.

Advertising Car.—John Robinson has hired from Superintendent Arnold, of the street railroad, one of the old time cars of the company, for advertising purposes. The opening of the conveyance are closed up and the exterior completely covered with circus posters. It is run along the various branches of the line, and is a conspicuous object of observation.

Death of John B. Kelly.—Brother John B. Kelly, of the Seventh Ward, the well-known book-binder, who a number of years ago was a member of the bindery of this office, died shortly before noon to-day. He had been afflicted for several days with a severe attack of cholera morbus. Deceased was a native of the Isle of Man and came to Utah thirty years ago.

Battered His Nose.—Last evening, Owen Pierpont, a drummer by profession, appeared at the police office with the upper part of his face in a demoralized condition. He stated that Theodore Brough had come him the damage, having, in addition to bruising his nose, broken his spectacles. The cause of the disagreement did not appear, but the police are seeking an interview with the allegedly belligerent Theodore.

Ingenious.—A workman, a tinmith, resident of the 11th Ward, is making, and selling from house to house, a novel-made tin funnel. It has several movable parts, which constitute it a medium in parvo for domestic purposes. By interchanging the pieces, it can be used as an ordinary funnel, two sizes of strainer, dipper, outer, bottle, etc., etc., a very ingenious arrangement of home industry. Encourage it.

At Lindsey's Gardens.—Among the places of resort for pleasure-seekers on the 24th, will be what is known as Lindsey's Gardens, in the northeast part of the city. Preparations are being made, under the auspices of the 21st Ward brass band, to have an enjoyable time there on Tuesday night. There will be foot races, base ball games, quoits, croquet, etc. Also dancing in the afternoon and evening. Music by the brass and string bands. Admission 10c; young children 5c.

Handling Firearms.—This morning several boys who reside in the 11th ward were before Justice Spiers on a charge of having shot off firearms, in contravention of the ordinance in each case made and provided. The lads frankly acknowledged their fault and were discharged, after being tendered a little wholesome advice by the Justice. There is altogether too much careless handling of firearms, which frequently leads to that class of accidents in which the chief actor generally tries to excuse himself by the flimsy explanation—"I didn't know it was loaded."

Genuine Sympathy.—A communication has been received, directed to Belle Harris, from the Young Ladies' Mutual Improvement Society of Mount Pleasant, San Pedro County, and is signed by Annie Peel, President, and Tina Morrison, Secretary. The note commends the noble course of the lady to whom it is addressed, for her unwavering adhesion to her convictions of right, and encloses a gift of ten dollars as a mark of their esteem, assuring her at the same time that their prayers ascend on her behalf and their sympathies are with her. The hope is expressed that in her case right may soon triumph and she be liberated from prison, where she is incarcerated for conscience sake.

The Telegraphers' Strike.—There is no change in the situation of the strike of the operators of the Western Union Telegraph Company, in which the employees of the Salt Lake and Ogden offices joined yesterday. The number of strikers throughout the country is estimated at nearly twelve thousand; belonging to the Brotherhood of Telegraph Operators. Thus far, since the action of the employees, the company have been able to struggle along and do their work in fair shape. Mr. Gile, the manager of the Salt Lake office, is working like a beaver. A general impression prevails that the boys will finally give way, as they were compelled to do on a former occasion of a similar character. The object of the strike is to obtain an advance of fifteen per cent. on salary and a reduction of one hour each on day and night work. The hours have been 8 hours for day and 7 for night service.

THE DESERT HOSPITAL.

This institution has now completed its first year; and as it enters upon its second, we wish to better understand its work as it appears.

With the approval of the First Presidency, we commenced the Hospital as no women on earth except Latter-day Saints would have undertaken so gigantic an enterprise, with nothing. But we had faith in the support and liberality of our brethren and sisters, and thus far, we have succeeded beyond our most sanguine expectations. Many afflicted ones, during the past year, through the blessing of God on our Hospital, efforts and skill, have been relieved of suffering which otherwise, probably would have continued through life.

It is very natural that, in consequence of the receipt of money and frequent donations from various sources, some persons should have imbibed the idea that the Desert Hospital is conducted as a charitable institution where parties can be treated free of charge. We wish to disabuse the minds of those who have adopted this erroneous conclusion.

The hospital is truly a benevolent institution, but not a charitable one. Our sympathies often prompt the wish that it could be such, but under existing circumstances it is an impossibility. Our sympathies prompt us to appropriate much care, time, and labor in furnishing and conducting, etc., etc., (not one of the officers and members of the Board of Directors, has received one cent for time and services rendered.) No person, not immediately engaged in it, can form any correct estimate of the great expense of fitting up and furnishing the building, and the constant payment in providing for it, with daily dollars per month rent, besides full wages to those who labor in the Hospital.

The people have contributed generously for what is truly a grateful, and realizing that the means bestowed is not our own, we use it as economically as circumstances will admit. But, what we do not propose to do is to meet the expenses of invalids who come for treatment. That devolves upon the organizations, Bishops and County Officers of the various towns and counties of which the patients are residents.

Every person, to obtain the benefit of the Desert Hospital, must present to the matron a permit signed by Mrs. E. B. Wells, secretary of the Desert Hospital Association. The secretary will require from those who are unable to pay their own expenses a writing signed by a responsible person, or persons, that shall be a sufficient guarantee for payment of hospital fees. The one who can pay will be responsible for their own responsibility, by giving satisfactory assurances to the secretary and obtaining a permit.

We wish it definitely understood that the foregoing rules do not apply to such cases as require immediate treatment.

E. R. Snow, Secy. Desert Hospital Association.

Salt Lake City, July 17th, 1913.

A Valuable Recipe.—Rheumatism, common to the heated term, are quite prevalent just now. The following recipe, which we found several years ago in the New York Journal of Commerce, will be found of great use in most cases. We have published it in several issues, and a large number of people have tried it. It seldom fails to give the desired relief. We give the recipe as well as the Recipe.

More than 20 years ago, when it was found that rheumatism was easier than cure, a prescription was drawn up by eminent doctors, was published in the Sun, and it took the name of the Sun cholera medicine, and sprang into vogue.

Our contemporary never lent its name to a better article. We have seen it in constant use for nearly two score of years, and found it to be the best remedy for rheumatism, the bowels ever yet devised. No one who has this by him; and taken it in time, will ever have the cholera.

We commend it to all our friends. Even when no cholera is anticipated it is an excellent remedy for ordinary summer complaints, colic, diarrhoea, dysentery, etc.

Take equal parts of tincture of cayenne pepper, tincture of opium, tincture of rhubarb, essence of peppermint and spirits of camphor. Mix well. Dose, 15 to 30 drops in a little cold water, according to age and violence of symptoms; repeat every 15 or 20 minutes until relief is obtained.

Box Elder County Convention.—The convention was held last Saturday, when the following candidates were nominated to fill the offices which become vacant August 8th:

For Councilor to the Legislative Assembly for Box Elder and Weber Counties, F. B. Richards; for Representative to the Legislature, O. G. Snow; for Probate Judge, F. T. Mauleen; for County Clerk and Assessor, A. H. Snow; for Selectman, Carl Jensen; for Assessor and Collector, O. G. Snow; for Prosecuting Attorney, R. H. Jones; for Sheriff, O. G. Leonard; for Coroner, M. L. Ensign; for Justice of the Peace, Joseph Matthews. For full term: Saltzman, Wm. — Lower Treasurer, Wm. Horsley; P. P. Anderson, Superintendent of District Schools, John D. Peters; for Justice of the Peace, John McMaster; for constable, Lorenz Wright.

Arrival of Iron.—It will be remembered that, a short time since, the City Fathers decided to purchase material for a portable railroad to be used for the purpose of conveying gravel to the various points for the repaving of streets, and thus avoid the great amount of teaming otherwise needed. The necessary iron, with spikes and other construction materials has arrived, which will make two miles of line. The ties and cars have not yet come to hand. The portable railroad will greatly facilitate road-repairing operations, and it is pleasing to note the enterprise of the Mayor and Council in improving the public thoroughfares of our growing city. Supervisor Livingston always has his hands full of work of that class.

A Fire Company.—A fire company was organized among the employees of Z. C. M. I. last evening. The meeting called for the purpose was held at the shoe factory, Mr. Rowe being in the chair. The following is the organization: H. G. Park, chief, captain of hose department, T. V. Williams, George Bourne, W. L. Binder and George Romney, Jr., captain of guard, John W. Sharp, captain of salvage department, W. W. Day; secretary, W. J. Beatis.

Badly Shaken.—Brother Wm. Legg, aged 82 years, called this morning feeling considerably broken up. He informed us that four days ago when in Sevier Valley, he got off the train at Riverdale station. As it commenced to move he grasped the hand rail of the car to get on but was unable to climb. As the train moved along he knew he must throw himself backward to avoid falling under the wheels, so he exerted his strength to free himself and fell over, striking with his back upon a rail and his head on a tie. Besides being hurt in those portions of his system he was badly ruptured. Notwithstanding all this, he was able to call at our office this morning and relate these details.

The most original modern authors are not so much because they advance what is new, but simply because they know how to put what they have to say, as if it had never been said before.—Goethe.

MOTHERS!

The lives of your teething children are saved by using Brown's Blackberry and Ginger. It is perfectly safe.

Brown's Blackberry and Ginger has cured more cases of Diarrhoea, Dysentery and Summer Complaint, than any other remedy in America. Tested for twenty years. Always safe, sure and reliable.

An Incurable Condition of the Blood and Liver.

Is the source of nearly all diseases; they are made pure, active and healthy, by using

Brown's Sarsaparilla, and Dandelion, with Codliver Oil of Potassium; it specifically cures:

Bolls, Kidney Disease, Erysipelas, Scrofula, Rheumatism, Dyspepsia, Pimples, Ulcers, Scorbutic, Rheumatism, Try the Great Blood Purifier.

Brown's Sarsaparilla.

And ask your druggist to show you the formula printed on every bottle. All druggists sell Brown's Sarsaparilla.

TO THRESHER MEN!

You must put in your orders soon for the Case Agitators to get them this year, as the supply is likely to be exhausted early, as it was last year.

The record stands thus: We sold 20 in 1891, 25 in 1892 and are already have 25 orders for this year. Send in your orders or you will be too late.

Don't let any man deceive you by the assertion that he has nearly as good a machine as the Agitator. The Agitator, as is well known, will out-thresh them all and clean and save every kernel.

The JOHN W. LOWELL WAGON CO. d & w f

It is guaranteed to coldly cure Coughs, Colds, Asthma, Hay Fever, Bronchitis, Hoarseness, Loss of Voice, or any affection of the Throat and Lungs. Trial bottles free. Write to K. W. New Drug Store. Large size \$1.00, 50c.

ANOTHER LIFE SAVED.

Mrs. Harriet Cummings, of Cincinnati writes: Early last winter my daughter was attacked with a severe cold which settled on her lungs. We tried several medicines, none of which seemed to do her any good, but she continued to get worse, and finally died. I am now a mother of blood from her lungs. We called a family physician, but he failed to do her any good. We then called on a physician, a skillful professor in one of our colleges, he said that she could not get well. At this a friend who had been cured by Dr. Wm. Hall's Balsam for the Lungs, advised me to give it a trial. We then got a bottle, and before she had used it all up she began to improve, and by the use of three bottles was entirely cured.
