Five trains left the barns near Thirty-eighth street on Cottage Grove Thirty-eighth street on Cottage Grove avenue for the downtown loop at 9:45, a heavy police brigade attending each train. The gripmen were protected from possible injury by heavy wire screens, while nearly 1,000 patrolmen suarded the line and kept the crowds moving. Wagons were hurried along and kept off the street so far as pos-sible.

The initial cars on the Cottage Grove avenue line traversed the entire route to the center of the city without seri-ous difficulty. As a result the street railway officials claimed practically to have mastered the strike on a second trunk line, the first to be brought under control being the Wentworth avenue electric line.

NO CARS AFTER DARK.

As yet no cars have been run after dark, and passenger traffic has been extremely light. Perfect order on the part of the strikers and the street crowds marked the resumption of ser-vice on Cottage Grove. Supt. Weatherwax announced that regular service would be instituted tomorrow.

On the Wentworth avenue line today a heavy couch dropped in front of a swift moving car by two men almost caused a smashup at West Forty-first street.

SWITCHES SPIKED.

Switches were spiked all the way from West Seventy-seventh street to West Thirty-ninth street, and it was neces. sary to make frequent stops to close them. A huge tree had to be removed from the track at Thirty-first street from the track at Thirty-first street and a rock at Thirty-third street.
