

IMPOSING MONUMENT

Arrested Over the Grave of the Late President John Taylor.

COMPOSED BY UTAH DEWITT.

It stands twenty feet high above the ground and extends six feet below.

Near the west side of the city cemetery at a point of ground overlooking the surrounding country stands an imposing monument, the height of which is twenty feet. Above the surface of the ground, this monument marks the resting place of the late President John Taylor, together with those of the other Presidents, which were placed in the same vault.

The foundation, extending six feet below the surface, and the entire monument is composed of Utah granite. It takes from the Taylor family in Utah. The monument is placed in a large granite block, four feet square and four feet high. The monument is placed in a large granite block, four feet square and four feet high. The monument is placed in a large granite block, four feet square and four feet high.

The monument is placed in a large granite block, four feet square and four feet high. The monument is placed in a large granite block, four feet square and four feet high. The monument is placed in a large granite block, four feet square and four feet high.

The monument is placed in a large granite block, four feet square and four feet high. The monument is placed in a large granite block, four feet square and four feet high. The monument is placed in a large granite block, four feet square and four feet high.

The monument is placed in a large granite block, four feet square and four feet high. The monument is placed in a large granite block, four feet square and four feet high. The monument is placed in a large granite block, four feet square and four feet high.
