Weber Stake academy, which was attended by members from all the wards. **SUITS ON A CONTRACT.** W. M. Heston has brought suit in the district court against Peter S. Wilson and Ogden City to recover \$700 as the balance due on a contract. The plaintiff alleges that in June of this year he entered into a contract with the defendant Wilson to pay the employees of the latter upon a certain cement sidewalk contract. Plaintiff states that he paid out the sum of \$1,000 but that the defendant has failed thus far to make an accounting with the work. The city is brought into the suit owing to the fact that the defendant has the sum of \$700 coming to him from the city as the final payment upon the contract and a temporary order was issued against the city from paying over any money to the defendant Wilson.

HOLMES ESTATE. After more than 30 years, steps have been taken in the probate division of the district court of Weber county for the settling of the estate of Henry Holmes, deceased. Saturday afternoon Mrs. Ellen Holmes, the 76-year-old widow of Henry Holmes, filed a petition asking for the appointment of her son Milton Holmes as administrator of the estate. The deceased died in Weber county in November, 1876, and left an estate consisting of certain realty and water rights in this county. The heirs of the estate are the petitioner and seven children, the youngest being 34 years of age and the oldest 50 years.

DEATH OF MRS. HASSETT. Mrs. Kate Hassett, who has resided in Ogden for the past two years, died at the home of her daughter, Mrs. E. M. Conroy, 574 Twenty-fourth street, Sunday evening at 7:45 o'clock, of la grippe, from which she had been suffering for about a week. The deceased is survived by five children, of whom Mrs. Thomas Fitzgerald, Mrs. T. D. Ryan and Mrs. E. M. Conroy of this city are daughters. The funeral arrangements will be announced later.

FENDERS FOR STREET CARS. The Ogden Rapid Transit company has with the new patented fenders, which are pronounced the best that have been invented. The fenders are wide shelves or arms projecting out about two feet in front of the car and in case of an emergency will drop upon the rail. When not in use the fenders are folded up and pushed under the vestibule of the car. The advantage of the new fenders over others is that instead of knocking a small obstacle from the track the fender will scoop it up on the projecting fender or platform.

The company has also installed a "depot and hotel" car which runs throughout the busiest part of the day between the depots and the business section of the city.

YOUNG STOWAWAY DISCOVERED. Walter Johnson, a 12-year-old boy, arrived in Ogden Saturday afternoon, on his way to Fresno, California, where he wants to make his future home. The youthful traveler was found in a box car of a Union Pacific freight train as the train came to a stop in the freight yards. Special Officer Sumner turned the boy over to the juvenile court officers who found a home for the boy with E. H. Baker of South Ogden.

For the washing of blankets, lace curtains and fine laces; for the washing of dishes, cut-glass and costly bric-a-brac; for the toilet, nursery and bedroom, this excellent soap (Ivory) never fails.

And the woman who discards all the other soaps and uses Ivory in every department of the home has gone a long way toward making housework a pleasure and a pride.—The American Housekeeper.

Ivory Soap
99 1/100 Per Cent. Pure.

The boy is a bright appearing youngster and so impressed all those who met him. He stated that both father and mother were dead and he did not have any near relative with whom he might live. In Fresno he had a half-brother who told him he would care for him if he wanted to come there. Not having any funds to pay his way young Johnson started to "beat" his way. This he succeeded in doing, having left his home town, Springfield, Mass., about three weeks ago, and after a trip that was filled with perils and privations arrived in Ogden. He stated that he was in a good way to get home, but that he will give the lad an opportunity to make something of himself.

He was found sane and ordered discharged. Mr. Wilson will leave the state and promises to retain no enmity toward the persons he threatened.

COURT NOTES. Suit to cancel a deed to 30 acres of land in Utah county has been entered in the Fourth district court by Theodore B. Beatty against Charles L. Shelley of Salt Lake.
