OR, THE

An Item of Interest to Every Lady who Desires to be More Beautiful than she now is,

Unfortunately not one woman in a hundred, abjected to the whims of an American climate consess that basis and starting point of real easily—a pure and clear complexion.

What nature has thus denied, set must be alled upon to furnish. If can be done; it is done daily. Prof. W. R. Hagen placed beauty within the ranch of every unblassed daughter of five when he discovered that surprising article known in fashionable circles as the true secret of beauty, and called

MAGNOLIA

The Manuscra Bann is a sure device for ore ating a pure and blooming complexion.

It conceals all natural blemishes in the mossurprising and effective manner. It removes all roughness, eruptions, refiness, blotches, freckles, and tan with magical power It drives away all evidences of fatigue and It makes the plainest face bequired.

Is given the complexion a durating purity and sales the mack, face, and arms appear grace-t, sound, and plump. It makes matron of 35 or at look not more than 20 years old, and changes the rustic maiden into a cultivated city bells. The Magnetia Bain removes all birnishes and conceals every dreschack to because; and, while it is as bereifus as water, if the so his cities in tip of facilities who want to make themselves attractive can make an absolute certainty of it by using Hagawa Magnonia Baim, and we know of no other way. It is the cheapest preparation in the world, all things considered, and may be had at any drug stoce.

Mrs. ELLIS R. SHIPP. Physician and Surgeon. OFFICE Main Street, in the Old Consti-suition Buildings, opposite Z. C. M. I. RESIDENCE: Rieventh Ward, on 7th Bast Street, between South and 1st South Sta-ter Special attention given to Obstetrics and Discusse of Women.

TRUTH AND

TUCSON, ARIZONA,
October 9th, 1875.

President John Taylor:
DRAR BROTHER.—Since our last of the 18th of Sept. And of Sulpin 18 prins Yallow, and only of the 18th of Sept., we have invested annough 1st of the 18th of Sept., we have invested an order of the 18th of Sept., we have invested an order of the 18th of Sept., we have invested an order of the 18th of Sept., and the 18th of Sept. S den vegetables sufficient for their use, aif without irrigation—have built 13 houses and a number of corrais—also dog several wells, and find good water from 18 to 20 feet deep—bees have done tolerably well this summer—the winters are mild and summers pleasant—no frost between 10th of May and 17th of September to injure anything—the valley faces the south and west, is situated 9 miles southwest from Coaley's Ranch, and about 45 miles north from Camp Apache, is from 18 to 10 miles wide and 3 miles long—is surrounned by pine (long leaf), oak, juniper and some wainut—vels. At 4 p.m. we drove up a stock range abundant. There are 7 springs of good water, known as miles, and camped at some springs, at their base a beautiful brethren and sisters unable to attend we rested ourselves, changed our clothing and visited with the people.

Oct. 7th.—Held meeting at 11 a. m. Prest. Snow addressed the massembly, some laying on the beds, in the white River, on high ground the sickness there; spoke on creation of man, and of the sickness there; spoke on creation of man, and of the cauces of the sickness here by chills and fevers. Bp. Liot Smith dismissed. Met again at 2 p. m., when Bros. J. N. Smith, Nuttall, Hinckley; Smith and Pres. Snow spoke, Bito. Merrili also referred to the labors of this colony since being here.

formed that wild turkeys are in Southern Utah before the road the 25th of June made there home abundance and often caught, also there was made. This river is about here, so that there are now 10 men.

the saints of Forrest Dale and returned some six miles on our road of yesterday, thence to the east three miles, to the Apache Road, about four miles from Brother Cluffa. By invitation of Brother Mm. A. Pollett we drove three fourths of a mile, from main road to Clark's Ranche on the Sholve of the commenced ascending a steep hill, some of the 75 acres of land, and sowed 25 acres of land, and fourths of a mile, from main road to Clark's Ranche on the Sholve Creek, where he has been farming to Clark's Ranche on the Sholve care traveled over."

Crock, where he has been farming this summer; here he has his family. Sister Pollet has been quite unwell for some time, but is now better. Brother Pollet will raise 25 bushels of oats and barley, 100 bushes of rooms. This morning met a room to the rest; two nores of your cough, broken country, eriss, their losses have been occasioned by negligence to an extent, by expensely of Rocky Caffon, 12 miles; found, tending their labors too much, but bushels of oats and barley, 100 bushes. This morning met a room will make 200 gallons of molasses if they can procure the mill to manufacture it, leading their labors too much, but bushels of oats and barley, 100 bushes. This morning met a room will make 200 gallons of molasses if they can procure the mill to manufacture it, leading their labors too much, but bushels of oats and barley, 100 bushes of molasses if they can procure the mill to manufacture it.

him. Here the road comes in from the terminus of the railroad and Albuquerqe, New Mexico, to Camp Apache, a nice piece of bottom land or "roga," on the east and

south of the lake a fresh water spring issues forth from similar black rock and furnishes water for arge herds of stock and sheep; also in the east side another fresh water

resprings of good water, known as the Apache Springs, which form the headwaters of the Carera Creek—the Corduroy Creek comes into this valley from the east about 11 miles from the settlements, then runs through a box cafion 6 miles and opens into another valley, here the Cibeque Creek enters, and 6 miles and content of the settlements, and 6 miles and opens into another valley opens three miles to Turkey Creek; out—about 15 miles north there is thence over an open country cover—output of this colony since being here, after which the brethren administrated to the sick, and spent the time in conversation.

This colony settled on the San Pedro, some 18 miles from This Alamps, up the river, and about 40 opens into another valley opens three miles to Turkey Creek; out—about 15 miles north there is thence over an open country cover—output of this colony since being here, after which the brethren administrated to the sick, and spent the time in conversation.

This colony settled on the San Pedro, some 18 miles from This Alamps, up the river, and about 40 opens into another valley opens three miles to Turkey Creek; out—about 15 miles north there is thence over an open country cover—output of the solony since being here, after which the brethren administrated to the sick, and spent the time in conversation.
