CONGRESSIONAL.

SENATE.

A number of memorials and bills were presented, and the Senate then took up the calendar, which occupied the remainder of the session.

HOUSE.

Ramsay, colored, from the 4th South Carolina district, was sworn in. A number of bills were introduced and appropriately referred.

The House passed, by a vote of 157 to 23, a bill repealing the civil service of office act.

Banks presented a resolution on St. Domingo, and moved the previous question. The House refused to second the previous question by sixty-six to eighty-two, and Cox moved to lay the resolution on the table.

After a long and acrimonious discussion, a bill was introduced by Logan abolishing the office of Admiral and Vice-Admiral, which was passed under suspension of the rules without division.

The House refused to table the San Domingo resolution, by 67 to 117, and it was referred to the committee on foreign affairs, with authority to report at any time after giving five days notice to the House.

The House passed a concurrent resolution for the recess of Congress from Thursday the 22nd of December, to Wednesday, January 4th.

The House adopted, by a vote of 104 to 3, Kelly's resolution, abolishing the internal revenue system, except as to whisky and tobacco; and referred to the committee of ways and means the resolution offered by Cox, for revenue reform.

CALIFORNIA.

SAN FRANCISCO, 12.—The First National Gold Note Bank commences business here on January 2d.

The weather is fine. Strawberries and flowers are abundant and cheap in the market.

NEW YORK.

Gambetta desires the struggle discontinued—"Alabama" claims—Opposition to Gambetta—Fenians reorganized.

Tribune's cablegram, London, Dec. 9:—A dispatch from Gambetta asks Laurier if he had asked an armistice to enable the national assembly to be elected, and requests that Favre be permitted to leave Paris and consult with his colleagues and conduct negotiations. He admits that he has less hope of prosecuting a successful struggle, and has no expectation to defend Tours. The army of the Loire is beaten in detail, and Gambetta declines the responsibility of a further struggle, or of making peace.

World's special, London, 9.—A report is current that John Bright is to be sent to Washington, as a special envoy, to negotiate the settlement of the Alabama claims and the flint question.

World's special, London, 9.—The reported renewal of negotiations for an armistice is incorrect. The foreign office denies any movement in that sense on the part of the neutral powers; nor has Gambetta made overtures to Bismarck. Some of the other members of the Tours government, who are violently opposed to Gambetta and anxious to conclude the war, attempted the office of negotiations. Discovering their scheme, Gambetta threatened them with arrest, when they promised to abandon the undertaking.

BUFFALO, 11.—The Fenians have reorganized under the name of the Irish National Brotherhood, and say they are prepared to unite with any organization in the country to take advantage of the impending European complications for the freedom of Ireland. A committee has been appointed to take charge of a large amount of military stores secured in this city to the value of \$25,000.

BUFFALO, 12.—The national board of trade last evening adopted a resolution, that the best interests of the country, imperatively demand the restoration of a specie standard of value.

MISSOURI.

St. Louis, 11.—Early this morning the large candy factory of Blake & Bros. was burned; loss \$40,000. A private watchman jumped from a third story window and was killed.

St. Louis, 12.—The loss by the burning of Blake's candy factory is \$30,000.

The wholesale drug house of Watson & Co., North Main street, was totally destroyed by fire this forenoon; loss of stock, \$100,000; building \$25,000. The stock of Adolphus Meyer & Co., wholesale hardware, adjoining, was damaged by water.

WASHINGTON.

WASHINGTON, 12.—The President has nominated Senator Drake Chief Justice of the Court of Claims; H. Allan Richardson, of Maryland, Secretary of Washington Territory; Geo. L. Holt, Post Master at Corinne, Utah; John Palmer, of Oregon, Indian Agent at Grand Ronde; Leroy S. Dyer, of Oregon, for Umatilla, Washington Territory; David H. Lowry, of California, to the Hooper Valley reservation, California; Charles Maltby, of California, for the Rader river reservation, California; Hugh Gibson, of California, for the Round Valley reservation, California; C. A. Bateman, of Kansas, for the State of Nevada.

FOREIGN NEWS.

PRUSSIA.

A riot.

BERLIN, 9.—There was an anti-war riot of a serious character, on Tuesday, caused by the resistance of the order drafting married men into the landwehr. The police were unable to quell the riot, and the military were called out and suppressed the disorder, after using great severity. If the order, drafting married men, is carried out, it will give an additional force of 25,000 to the army. There is great impatience at the prolongation of the war while every day France increases in strength.

The President announced yesterday to the North German Parliament, that a note was received from Bismarck that King William had accepted the title of Emperor of Germany. The protocols and treaties with Baden, Hesse, Wurttemberg and Bavaria have been sanctioned.

BELGIUM.

Reported occupation of Havre by the Germans.

BRUSSELS, 10.—A report is received that Havre is occupied by the Germans. Great excitement prevailed. Troops are arriving in large numbers.

CREAT BRITAIN.

Paris to be Bombarded—Rumored defeat of the Army of the Loire—German fleet in the Channel.

LONDON, 8.—Ducrot's army outside the walls is occupying a position between Creteil and Charenton. Another grand attack will soon be made.

Private letters received in London, from Versailles, say the German losses before Paris and on the Loire, since the 25th have been immense. Correspondents are forbidden to communicate the truth. The publication of official returns shows the losses are over 12,000, with many returns lacking.

Rumors are current that the advance of the Prussian third army overtook and defeated the rear guard of the army of the Loire.

There was a frightful explosion at a cartridge factory at Birmingham, today. Seven are reported killed, and thirty or forty wounded.

LONDON, 10.—Another is dead from the Birmingham explosion. Thirty others are hurt.

The Times has received a telegram from Berlin which says that King William will return to Berlin after the capitulation of Paris, even if the war is continued beyond that time. The German terms of peace are likely to be much more oppressive the longer the French hold out.

A newspaper correspondent at Berlin telegraphs that Bismarck reiterates his denial that he opposes the bombardment of Paris. It is reported that a council of war at Versailles has decided to bombard the city.

FRANCE.

Two French corps defeated Bismarck's well-defended, both sides.

VERSAILLES, 9.—Beaumont, Mes-sierres and Beaugency are evacuated by the French. The Germans have captured 11,000 prisoners and six guns.

MUNICH, 9.—The Grand Duke of Mecklenburg defeated the third French army corps here today. The German losses are heavy. The French are still heavily armed. The Germans took six guns and 1,000 prisoners.

A squadron of French gunboats has been sent to protect the shipping entering the port of St. Nazaire, at the mouth of the Loire.

MONTBELIARD, 6.—Belfort is making a splendid defense. The Prussians acknowledge the siege has cost them more than any other during the war.

Tours, 9.—The government leave today for Bordeaux.

The government has opened negotiations for an armistice, having secured the support of the neutral powers.

Yesterday the 10th and 17th French corps were defeated by the 13th Prussian corps and a division of Wurttemberg.

MUNICH, 10.—The Duke of Mecklenburg announces that the enemy violently attacked us yesterday, but was victoriously repulsed by the 17th and 23d divisions. Nevertheless, the superiority of his forces, our losses are smaller than yesterday. Beaugency was occupied on the 8th, and Viers today.

COARSE LANGUAGE.

may move in good society, indeed there are many such men in good society; but he lacks the refinement that ought to be the passport to it, for elevated thoughts and ideas do not express themselves in vulgar speech.

People think in the words they use, and he who employs coarse words will have coarse thoughts and conceptions.

Young men are constantly tempted to indulge in the slang that they hear at every point, and at every hour of the day, and it is hard for them to resist the disposition to make use of it.

Let them beware; an indulgence for the appetite for slang may fix a habit that may not be thrown off, and cause the victim to speak in slang all his life. Let them speak fully and studiously avoid every vulgarism, however convenient and expressive it may be, and resolutely cultivate the habit of expressing their thoughts in the pure words of their language.

We do not mean that they should affect the stiff pedantry of "big words" and dictionary phrases, for this is almost as objectionable as the other vice; let them converse in pure simple English. At first they will find it rather hard and restrained, but if the attempt be persisted in, it will at last become an easy habit, after which it may be carefully improved by the careful acquisition of expressive words that give richness and beauty to diction.

The practice may be facilitated by reading the works of standing authority and by hunting up the meaning of all usual words that occur in them, for it must be remembered that the purest English and best style of using it are found in books, and not on the streets.

No one need be ambitious to "speak like a book," but every young person may be urged to select a respectable number of rich, choice words to embellish his conversation with, and to keep his speech clear from the contamination of oaths, vulgarity, exaggeration and slang.—Ez.

MARRYING IN RUSSIA.

The ladies in Russia are very anxious to marry because they have no liberty before marriage. They are kept constantly under the maternal care until given up to their husbands, and then they take their own course.

Almost as soon as a girl is born in the better society, her parents begin to prepare the dowry she must have when she goes to her husband. She must furnish everything for an entry in life, even to a dozen new shirts for her coming husband.

The young man goes to the proposed bride, and counts over her dresses, and examines the furniture, and sees with his own eyes before he commits himself to the irrevocable bargain. In high life such things are conducted with more apparent delicacy; but the facts are ascertained by accuracy, the business being in the hands of a lawyer or notary. The prospectus is exposed in public before the wedding day.
