

MINING, BUSINESS AND STOCKS

ELECTRIC PLANT FOR STOCKTON.

Supt. Galliger While in the City
Yesterday Closed Contract
With Local Firm

WILL FURNISH NINETY LIGHTS,

Which Will be Distributed Through-
out the Mine and Mill—Mill
Superintendent Chosen.

The Stockton Gold Mining company's
mine and mill at Stockton are to be
lighted by electricity. Supt. Galliger
yesterday closed a contract with a local
machinery firm for the plant, which
is to be shipped to camp at once. Ninety
incandescent lights will be installed in
the mine and mill; in addition to this
the generator will assist in driving the
mill machinery, it being the intention
to connect the motors with the shaft in
the concentrating room. Mr. Galliger
explained that it is always desirable to
have as even power as possible in the
operation of the tables and known from
experience that electric power is more
preferable than steam. Mr. Galliger, as
well as Manager Trenam, declare there
is nothing to prevent, as far as they
can see, the starting of the mill some-
where about the 12th or 15th of next month.
All the material and machinery,
excepting one car load, have arrived
and this car is reported to be somewhere
between this city and Denver, from which place it was shipped.
The machinery is being installed as
rapidly as possible.

The Stockton company has purchased
from the Beaver-Harrison company of
Beaver county, two large ore tanks,
formerly in use at the Ben Harrison
mine. The capacity of these tanks is
15,000 gallons each, and were obtained
with a view of increasing the water
storage capacity.

The Stockton company has secured
the services of an experienced mill man
in the person of Mr. Moggan, who has
been connected with the Hooper mill
since it began operation. Mr. Moggan
thoroughly understands the ores of the
Stockton district and knows how to get
the best results from milling them.
The company was fortunate in securing
his services. The Stockton mine contains
some extensive bodies of milling
ore and it ought soon to be making
money at a very gratifying rate.

ON MINING EXCHANGE.

May Day and Con. Mercur Higher—Daily
West Weaker.

The forenoon sales on the Mining ex-
change brought \$1,106.37, the equivalent
of 14.25 shares of stock. May
Day, Con. Mercur, Sacramento, and
New York Bonanza supplied the trades
of the regular call. May Day opened
stronger but weakened again, then re-
strengthening and going higher on the
over-board. Consolidated Mercur con-
tinued in good form, selling up to 41
cents; while Sacramento was bought
at 10 and 10½ cents.

On the open board Daily-Judge found
a taker at \$4.50. New York Bonanza
received a call and found demand at
7½ and 8 cents. For Daily-West, \$10.25
was bid; the stock being offered at \$11.

WINZE DOWN TWENTY-FIVE FEET

Will be Continued to the Fifty-Foot
Point—On the Lucin
Cut-off.

While the eastern representatives
of the Boston & Terrace Copper Mining
company, which owns an attractive
proposition on the west side of the
Great Salt Lake, near the Lucin cut-off,
make arrangements will probably
be completed with the Southern Pacific
company; whereby the latter will
begin to accept ore for shipment to the
salt lake smelters.

President C. T. Burchard expects to
go back to the mine tomorrow. Sinking
is still in progress on the vein en-
countered in the main tunnel workings
not long ago, which continues to hold
its width and values. The winze is
down 25 feet and will be continued to
the 50-foot point, when a station
will be cut and drifts and cross-cuts
started.

CONCENTRATES.

Fred A. Flindt will depart for Den-
ver tomorrow, on mining business.

Supt. Hendrickson of the Lower
Mammoth mine is in the city today.

The Tonopah Mining Company is in
the market with five cars of ore today.

Three cars of concentrates were sold in
today's market.

M. P. Broffett, attorney for the Utah
Fruit company, departed for Winter
Quarters this morning.

Financial Manager Lee Hatchett of
the Neahouse mines has gone to Color-
ado on a brief business trip.

Walter Fitch, the new manager of
the United States Mining company, is
expected to arrive in the city tomorrow.

Judge W. L. Snyder, manager of the
California mine at Park City, left for
that property this morning on an ins-
pection trip.

Robert Glendenning, resident agent
of the Allis-Chalmers company, has
returned from a trip to the world's
fair and other places east.

The ore and bullion settlements re-
ported late yesterday were as follows:
Crude ore and concentrates, \$19,300;
base bullion, \$27,700; gold bullion \$245,-
000.

Foreman Swan of the Ophir-Hill mine
at Ophir has been granted a leave of
absence and arrived in the city last
evening. He will leave in a few days
on a trip to Sweden to renew old ac-
quaintances. He expects to be absent
several months.

PRESIDENT'S BIRTHDAY.

He Attains the Ripe Old Age of
Forty-Six Years.

Washington, Oct. 27.—This is the an-
niversary of President Roosevelt's
birth. He is 46 years old. Through-
out the day he was in recent mes-
sages of congratulation from friends
in all parts of the country. He also re-
ceived many personal callers who con-
gratulated him upon the anniversary.

The Newfoundland Agreement.

Paris, Oct. 27.—The report of Francois
Deloche on the Anglo-French agree-
ment relative to Newfoundland was laid
before the chamber of deputies to-
day. It strongly approves of the agree-
ment and says "It is chiefly important
in putting an end to a serious difficulty
between the two great nations. It is
part of the general movement for a
rapprochement and union between
France and Great Britain. Too long
have these countries been divided. The
hour has come when people desire
reconciliation and union. This conven-
tion is one of the first pledges of the
establishment of sincere relations. We
humbly hope that the two governments
will continue the salutary movement
until they have achieved a settlement
of all questions still in suspense in
Africa, Asia and Oceania."

CHARGED WITH MURDER.

Sheriff Bell Swears Out Com-
plaint Against J. J. Neville.

Cripple Creek, Colo., Oct. 27.—Sherif-
fer Bell today swore to a com-
plaint before the assistant district at-
torney charging J. J. Neville with the
murder of James A. Hartcock, who was
killed in the Independence deposit
on June 6.

Neville, who conducted a saloon in
Independence prior to the explosion in
which more than 20 miners were killed
and maimed, was recently arrested at
Cody, Wyo., and brought to this city. He
furnished a \$2,000 bond on a minor
charge preferred against him and then
returned to Wyoming. He will be
brought back again if he can be
located for the regular trial.

William McAvoy, Actor, Dead.

Boston, Oct. 27.—William McAvoy, an
old time actor, who played under Edwin
Booth for several years, died at his
home in Roxbury today, aged 67 years.

MANY YEARS ON ONE BEAT.

Patrolman William E. Bowling of
the eastern police district, Baltimore,
died this morning after a long illness.
He was born in 1875 and had been on the
force for nearly twenty-seven years,
and for twenty-six years consecutively
had patrolled the water front between Broad-
way and the Harbor.

Mr. Bowling will commence the con-
struction of a large barn, the loca-
tion of which will be not far from the
Utah Consolidated mines. The lumber
for the building was ordered today,
and will be forwarded to the copper
camp at one time.

It is with Mr. Gulliver that the
Bingham-New Haven and other upper
Bingham mines have contracted their
lumber.

The construction of the new Bing-
ham-New Haven ore bins, which are to
be built near the Tampa tunnel, will
commence just as soon as the lumber
can be delivered.
