

DEATH DUE TO HEART DISEASE.

Sudden Demise of Mrs. Jeannette
Eccles at Her Home in
Wilson Ward.

WINSLOW GETS SIX YEARS.

Heldups Relieve Ogden Man of Cash
And Jewelry—Lad Unsucoed
By Porter.

(Special to the "News.")
Ogden, May 12.—Jeannette Eccles,
wife of Adam Eccles, died at 10:30 last
evening, at the family residence in
Wilson ward, of heart disease, after
an illness lasting two years. She was
born at Oxfordshire, England, June 20,
1844, and came to Utah in 1878. She
leaves a husband and one daughter,
the latter being Mrs. H. P. Christen-
son of Park City. The funeral will be
held from the Wilson meetinghouse on
Sunday, but the hour has not yet been
announced.

SIX-YEAR SENTENCE.
This morning J. H. Winslow, Jr.,
who was found guilty some time ago
of a crime committed upon his 11-year-
old daughter, was sentenced by Judge
Hewitt to a term of six years in the
state prison. His attorney, H. H. Hen-
derson, moved for a stay of judgment,
pending a motion for an appeal. The
motion was granted.

HOLDUPS OPERATING.
Edward Archibald, who resides on
Jefferson avenue, near Twentieth
street, was held up by three highway-
men about 10 o'clock last night. He
was relieved of \$1 in cash, a watch
and a wallet containing valuable pa-
pers. He asked for a return of the
watch and wallet, and after emptying
the latter of its contents, they gave it
to him along with his watch. They
then commanded him, under penalty
of punishment for non-compliance, to
walk straight ahead. As soon as he
could he notified the police, but the
perpetrators have not yet been appre-
hended.

BUNCOED BY PORTER.
A porter, whose run is west on the
Central Pacific, buncoed a young Salt
Lake out of \$5, under the promise
that he would stow him away on the
train between Ogden and California.
The porter disappeared with the
money, and left the youth with only a
sad experience by way of return for
the cash advanced.

HURT ON FIRST STREET.

Earl Fleming Thrown Out of Delivery
Wagon and Injured.

First street hill, leading from A street
to State, was the scene of another ac-
cident this morning. It was from the
usual cause of too much speed in de-
scending the hill to make the sharp
turn in the narrow street at the bot-
tom, and this time resulted in only an
overturned wagon, and a bad scalp
wound on the head of Earl Fleming.

of Z. C. M. I. The delivery wagon of
the Western Newspaper Union, in com-
ing down the hill, got beyond control
of the horse, because of the fact that
a buckle on the "hold-back" straps
gave way. In trying to make the turn
at the bottom, the vehicle struck the
curbing and overturned. Mr. Fleming,
who was riding with William Cook, the
driver, was thrown to the curbing and
a gash cut across the back of his head,
while the horse was also thrown to the
ground. Fleming was carried into a
nearby house, while Dr. Benedict was
summoned to attend the wound. He
responded at once, and upon examina-
tion found it a simple cut in the scalp,
which was not dangerous. After dress-
ing it, he allowed Fleming to go on
down town to his work.
The horse was, luckily, a gentle animal
and allowed himself to be un-
harnessed without making an effort to
run away. The wagon was not seri-
ously damaged.
At almost the same place on the
curbing a month ago a young boy
struck with his bicycle in attempting
to make the turn and was thrown so
hard that he died in a few hours. With-
in the past year two other serious ac-
cidents have occurred at that point,
the new pavement making it easy to
accumulate a high rate of speed on the
hill.

GOES FOR WRIGHT.

Officer Williams of Provo Seeks Pelican
Point Murderer.

Thomas J. Williams of Provo left this
afternoon for Williams, W. V., to
identify and bring back to this state
James Weeks, alias George H. Wright,
who is wanted in Utah county for the
murder of three boys at Pelican Point
in 1895. He is armed with a revolver
and a knife, and is said to be a
dangerous man.
Mr. Williams would have gone after
Wright several days ago, but Sheriff
Harrison was informed by wire that
the officials there would send pictures of
him under arrest for identification. It
seems, however, that Wright was a lit-
tle too strenuous for them and they
could not get him out of his cell to sit
for a picture, so that idea had to be
abandoned. Mr. Williams is well ac-
quainted with Weeks or Wright, as he
lived near him for a number of years,
so that he is well able to identify him
beyond any question.

FORD NOTIFIED.

Ordered to Commence Work on Ten
Sewer Extensions at Once.

Pursuant to the opinion of the city at-
torney in regard to ordering work done
on certain sewer extensions, Clerk Wil-
kins of the board of public works, has
notified P. P. Ford, who was awarded the
contract for this year, to commence work
on 10 sewer extensions. As yet the re-
quired amount of the cost of the work
has not been paid into the treasury by
the abutting property owners, but the
contractor has waived his right to wait
until said money is paid before commencing
work and agrees to only hold the city
liable for due diligence in the collection
of the money.
As yet no action has been taken in re-
gard to watermain extensions which are
covered particularly by the city attorney's
opinion as that matter has to go before
the city council, but it is expected that
Mr. Menon, who claims the right to these
contracts will test the matter in court.

Mothers Are Helped THEIR HEALTH RESTORED

Happiness of Thousands of Mothers Due
to Lydia E. Pinkham's Vegetable Com-
pound and Mrs. Pinkham's Advice.

A devoted mother seems to listen to
every call of duty excepting the su-
preme one that tells her to guard her
health, and before she realizes it some
derangement of the female organs has
manifested itself, and nervousness and
irritability take the place of happi-
ness and amiability.

Tired, nervous and irritable, the
mother is unfit to care for her chil-
dren, and her condition ruins the child's
disposition and reacts upon herself.
The mother should not be blamed, as
she no doubt is suffering with back-
ache, headache, bearing-down pains or
displacement, making life a burden.
Lydia E. Pinkham's Vegetable Com-
pound is the unfailing cure for this
condition. It strengthens the female
organs and permanently cures all dis-
placements and irregularities.

Such testimony as the following
should convince women of its value:

Dear Mrs. Pinkham:
I want to tell you how much good Lydia E.
Pinkham's Vegetable Compound has done me.
I suffered for eight years with ovarian
trouble. I was nervous, tired and ir-
ritable, and it did not seem as though I could
stand it any longer, as I had five children,
to care for. Lydia E. Pinkham's Vegetable
Compound was recommended and it has en-
tirely cured me. I cannot thank you enough
for your letter of advice and for what Lydia
E. Pinkham's Vegetable Compound has done
for me. Mrs. Ph. Hoffman, 109 Hiram
Street, Brooklyn, N. Y.

BURNED BY LIVE WIRE.

Joseph Lovell Has a Narrow Escape
From Electrocution.

Joseph Lovell, a fireman in the employ
of the Utah Light & Railway company,
met with an accident about 4:30 yester-
day afternoon, by which his hands and
arms were severely burned. He was en-
gaged, with others, in stretching a wire,
when it broke, and it is supposed that
the end slipped up and came in contact
with some live wire that were some 21
feet higher in the air. Mr. Lovell received
a severe shock, but not sufficient to
produce unconsciousness. However, his
hands and arms were seriously burned,
as stated. He lives at No. 40 Phillips court,
and word from members of his family to-
day is to the effect that he had passed a
rather comfortable night, considering
the nature of the burns, and that he is
progressing favorably today.

HORSE BREAKS WINDOW.

Frightened Animal Crashes Into Plate
Glass Pane With Dire Results.

An 180 pane of glass was broken this
morning at the Postal Telegraph office
on East Temple street, in a peculiar man-
ner. A horse was standing in the alley
beside the window when someone shed
a rock which hit the animal. He gave a
jump to one side, which broke his whiff,
and this sticking into his side caused him
to give another jump. This last was
what broke the window. The horse
and the horse lost his equilibrium and fell
over into the window. Crash went the
glass pane, and there was confusion all
around. The horse was considerably out,
the lady clerks and telegraph operat-
ors looked around for a comfortable place
in which to faint, and everybody else ex-
claimed, "Oh my!" The glass was insured.

JUDGE BROWN RETURNS.

Comes Back From Chicago and Holds
Session of Juvenile Court.

Judge Willis Brown of the juvenile
court returned from Chicago last evening
and held a session of the court this after-
noon at which a number of boys were
tried. Several adults were also before
the court upon the charge of selling to-
bacco to minors and otherwise contrib-
uting to their delinquency.

OUR NATIONAL PASTRY.

Pie is consumed chiefly by the native
Americans. Foreigners eat very little
of it. A German, for example, might
eat three pies in a year, while a good
Yankee would consume as many in a
week. The English, the Italians and
the French are small pie eaters. The
English eat plum puddings and the
Italians like fruit. New England and
the Middle states constitute the area of
greatest consumption, but the pie belt
extends far beyond that, as the pie is
extensively eaten all through the west.
Pie is eaten much more generally in the
north than in the south. Chicago is a
great pie center. St. Louis is not so
good. Milwaukee also ranks low. One
would think that there are means for
ascertaining the facts in regard to pie
consumption, but I have gathered sta-
tistics on the subject during the past
two years which enable me to compute
with reasonable correctness the con-
sumption of pies in every state in the
Union. Pies are made in greater va-
rieties than formerly, and the supplies
are brought from greater distances—in
fact, from all parts of the world. The
season of pie made of green fruit have
been prolonged, and pies are made of
canned fruit the year round. The time-
honored mince pie has become a Christ-
mas desert whose place is rare and
beyond dispute. There is no export
trade in pie, because in crossing the
ocean the crust would become soggy,
which, of course, is the reverse of the
desired condition. It is a fact which
would surprise many persons, however,
that pies are often shipped hundreds
of miles across the country.—Milwaukee
Sentinel.

LUXURIOUS PRIVATE OFFICES FOR CONGRESSMEN.

The drawing gives a view of the contemplated new building for the use of members of the lower house of con-
gress as offices, contracts for the building of which are about to be let. The erection of a similar building for the
convenience of senators will follow in due time, the site having already been selected and the clearing of the
ground begun. The house building will be completed and ready for use in about two years. It is to occupy the
entire square lying southeast of and diagonally opposite the capitol. The structure will be three stories in height
and will be 475 feet on B street. It is to be classic in style and will contain 426 offices.

THE EXECUTION OF AN AFGHANISTAN SPY.

The cut illustrates the method of punishing a spy which prevails in Af-
ghanistan. Spies of their own race are held in especial detestation by the Af-
ghans, and there is no form of punishment which is deemed too severe for one
who has been proved guilty of the crime. The victim is bound to the mouth of
a field gun, back first. The Moslem has a horror of dismemberment, for it is an
article of his religious belief that unless one's body is intact he cannot enter
paradise.
