CONGRESSIONAL.

SENATE.

WASHINGTON, 24.—Hamlin submitted an amendment providing for a dollar poll tax. He thought this would yield $15,000 to $20,000, and reach some who never pay tax.

Whyte was surprised at such a proposition from such a source. Lately the republicans had made objections to poll tax in Georgia.

Conkling—Was that not a condition of voting?

Whyte—I don't know. This is a condition of living—it is worse; some negroes could not pay it, being already beneficiaries.

Hamlin said he made no distinction on account of color. He favored more voting, and did not intend to restrict voting by the amendment, and opposed the bill because there was too little suffrage in it. Hamlin's amendment was agreed to—25 to 22.

The third section, that the Federal government shall pay 50 per cent. of the expenses of the district, etc., was agreed to.

The fourth section, providing that all taxes shall be paid into the United States Treasury, to be disbursed on itemized vouchers, and providing for the payment of 3.65 bonds and a sinking fund, was agreed to.

The fifth section, relating to pavement contracts, was slightly amended.

Paddock submitted an amendment to the Texas Pacific Railroad bill, extending aid to the Republican Valley Railroad. Referred.

Matthews, by request, introduced a bill to submit to the court of claims the titles of certain Chicago lands. Referred to the private land claims committee.

After an executive session the Senate adjourned.

HOUSE.

WASHINGTON, 24.—At the expiration of the morning hour, the House went into committee of the whole on the army appropriation bill.

Foster moved to strike out section 9 of the bill which reorganizes the bureau of military justice, and spoke in reference to the importance of the bureau.

Democrats having mustered in greater force than last night, and there being a large number of absentees on the republican side, the amendment was rejected, 93 to 99.

Garfield moved to amend so as to direct the board provided for in section 12, to report whether the bureau of military justice shall be composed as provided in the bill, namely, of one judge advocate general with the rank and pay of colonel, and of four judges advocate, with the rank and pay of major. Rejected.

Foster moved to strike out section 10, reorganizing the pay department. Rejected, 93 to 96.

Hale made the point of order on section 12, which provides for a board of three major generals to examine into the organization and efficiency of the several branches of the service and to suggest improvements, that it was new legislation, and therefore not in order of an appropriation bill.

The chair sustained the point of order, and then Hewitt, after modifying the section as to avoid the point of the adverse ruling, offered the section of a new amendment.

The same point of order was made against Hewitt's modified amendment, and again sustained. Hewitt then changed the section to request the President to convene such a board.

Chalmers moved an amendment making the board consist of the Secretary of War, chief of engineers and three major generals. Adopted. The amended section was then incorporated in the bill. The section which authorizes the President to discharge, honorably, officers who apply for a discharge before January next was struck out on a point of order by Hale.

The same disposition was made of section 14, regarding the mustering out. Having failed to bring these amendments within the rule, Hewitt moved to adjourn. Agreed to and the House adjourned.

EASTERN.

Social Treatment of 14 Ladies.

CHICAGO, 24.—A gentleman came through here to-day who gave the name of Daziel, formerly editor of the San Francisco *Mail*, and tells a story of remarkable persecution. He started several days ago from San Francisco, with his wife and child, for New York. At Elko, Nevada, a sheriff boarded the train and put him under arrest, claiming he was a notorious and accomplished embezzler. Not being perfectly sure of the identity, he telegraphed to Virginia City, and received a description which did not correspond with the person of Daziel, and he was released. But at Cheyenne he was arrested a second time on a telegraphic order from Elko, and was thrust brutally into jail and treated severely, and his wife, the beautiful former actress, Dickie Lingard, was insulted by the sheriffs. He was finally released on identification by some San Francisco friends. He says Cheyenne is noted for such work, and that some time since Charles De Young, of San Francisco, was arrested at that place for petty larceny, through mistaken identity.

The Cyclone—Destruction of Life and Property.

MADISON, Wis., 24.—Last night's heavy rain storm was accompanied by the remarkable phenomenon of a rain of sticks, stones, boards, and twigs of various sizes and large hail. The cyclone came from the southwest probably from Mineral Point, Bowan, Mount Vernon and Oregon. It was specially severe, and from 15 to 20 barns are reported destroyed. A Norwegian living near Mount Vernon narrowly escaped death, and his father-in-law, Narve Bergh, and his brother Herbsand Bergt, were killed instantly, while his mother-in-law was seriously injured by the destruction of their dwelling. O. B Saley, a wealthy merchant of Mount Vernon, was also killed. A number of prairie fires started during the evening.

An Oregon, Wisconsin, special says: Many houses were torn down near Paoli and fifteen or four persons killed. Great destruction of property and loss of life undoubtedly resulted from the storm. News comes in slowly, as telegraphic communication with that part of the state is wanting.

Later details show an appalling destruction of life and property from the tornado. Twenty-five to thirty barns and farm houses were blown down and utterly destroyed and the debris was carried before the mighty avalanche of wind, some of it falling 12 and 15 miles away, one shutter of a house falling in Lake Mendota, near this city. Some fifteen persons are known to be killed and a large number seriously injured. Graphic descriptions are given of the terrible effect of the tornado; teams and wagons are reported taken from roads and carried in the air and dashed to the ground. The storm came from the direction of Miners' Point, where it wrought such terrible damage. It raised from the ground seven or eight miles southwest of Madison, and again struck the earth near Fort Atchison, northeast of here, near Primrose and Paoli. The storm seemed from half to a mile in width, and swept everything before it, mowing down trees, fences, barns and shrubbery, as if with a sythe. Further returns may be had to-night.

Arrested for Fraud.

BALTIMORE, 24.—It has lately been discovered that the stocks of bonds of the city, amounting to about $20,000, in which the estate of a minor had been invested by order of the Orphans' court, have been abstracted from the place of deposit, surrendered to the city register and other bonds issued in a different name, on which a savings bank had made advance. The matter was placed in the hands of detectives, and this evening they arrested George W. Bishop, an ex-judge of the Orphans' court, charged with a fraudulent transfer and conversion of bonds.

Russian Cruisers—Officers and Men Preparing to Man Them.

ELLSWORTH, Me., 24.—Small parties of Russian officers are leaving the *Cimbria*, to-day, with all their baggage, which they pass formally through the custom house. A few leave by every boat going west. One of the officers, in conversation, confirms the report that the Russian force is composed of three ships' crews, each fully officered. He says there is no harm in now saying that they have come to America to man three fast vessels, to be purchased and converted into Russian cruisers. He thinks two have already been purchased and are now in Philadelphia. Such officers as have left the *Cimbria* have gone to these vessels. When asked if any sailors had been sent on, he answered that the sailors would be taken directly in the *Cimbria* to the point of transfer. The officer conversed with is of the rank of a lieutenant, highly educated and apparently candid in his statements.

The Wrong Bottle.

BELLEFONTE, Pa., 24.—Governor Watson and Alfred Rankin, who lodged at Gorman's Hotel, last night, arose this morning, and both drank, by mistake, from a bottle of carbolic acid. One of them died soon after, and the other is not expected to recover.

Excitement in Whisky Circles.

CINCINNATI, 24.—Considerable excitement was caused in whisky circles, to-day, by the arrest of Robert Caldwell, charged with having illegally in his possession, stamps that had been removed from liquor packages. He was formerly a distiller, but has lately been in the employ of Walsh Kellogg as superintendent.

Poisoned.

AUGUSTA, Ga., 24.—The steamer *Rosa* left here, this morning, with the Oglethorpe Light Infantry, on an excursion to Silver Bluff. Thirty ladies and gentlemen were poisoned, supposed from eating lobster salad or canned fruits. All were seriously ill, but are improving. No case will be fatal.

Wool Market.

PHILADELPHIA, 24.—Wool quiet, easier, supply reduced. California fine and medium 20 @ 25, coarse 18 @ 22.

WESTERN.

Another Denial.

SAN FRANCISCO, 24.—It is learned at the office of Flood & O'Brien that no such consolidation of the mining properties under their control as is mentioned in the New York dispatches has been contemplated. The report probably originated from the fact that some arrangements have been talked of looking to a more economical management of the mines referred to by placing them under one superintendent, and in other ways cutting down the running expenses, but no action to that effect has yet been taken.

FOREIGN.

GREAT BRITAIN.

Russia's Second Reply.

LONDON, 24.—A special from Rome says: Austria, fearing in the event of war, a possible attempt on the part of Italy to seize Trent and the surrounding territory, has doubled the garrison and quartered 45,000 troops in Austrian Tyrol.

A Vienna dispatch reports: Large quantities of stores going to Trieste for transportation to the Dalmatian ports. Ironclads will leave immediately in the same direction.

A special from Vienna says: The plan is under consideration here and at the Porte for a joint Austro-Turkish occupation of Bosnia and Herzegovina. Austria awaits the sanction of the Porte and the Powers before taking any step. One object of the occupation would be to check the ambitious designs of Servia and Montenegro.

In yesterday's debate in the German parliament on the anti-socialistic bill, Herr Bennigsen charged the federal council with introducing a bill which they knew would be overwhelmingly rejected in order to have a pretext for the dissolution of parliament. He warned the council that this was a dangerous experiment, and said the national liberals do not believe the general condition of Germany requires the establishment of a dictatorship. Herr Liebknecht, socialist leader, said his party refuse to participate in a debate based on the assumption that the socialists advocate murder. Herr Bleibtreu, for the advanced liberals, and Herr Jaerg, for the ultramontanes, declared the government had winked at socialism in order to discredit the political influence of the middle classes. Under this species of fostering, the evil had attained formidable proportions and could only be cured by industrial and educational progress.

The first clause in the anti-socialist bill was defeated in the parliament, to-day, by a vote of 251 to 57. Herr Holman, then, on behalf of the government, withdrew the bill. The session of parliament will close to-night.

The Russo-Turkish commission failed to agree upon a line of demarcation, the Russians obtaining several points which the Turks refuse to surrender.

A Bucharest dispatch says: The chamber of deputies voted 950,000 francs for clothing and mounting troops.

The *Agence Russe* says: as far all seems to augur well for the assembling of the congress.

The hopeful disposition in political circles increases, especially at St. Petersburg and Berlin.

There has been an active interchange of ideas between Austria and Great Britain, which there is every reason to believe has, by this time, lead to a pretty perfect understanding between them, so that Russia, by coming to an understanding with England, will also agree with Austria.

The burning of the Sublime Porte buildings and the attempt of Ali Suavi to proclaim Murad Sultan, taken in conjunction with the approach of the Russians to Constantinople, causes belief here that the Sultan has placed himself under the protection of the Russians.

A dispatch from San Stefano says: The statements relative to the insurrection are gross exaggerations. No reports of an engagement have been received for some time past.

A special from St. Petersburg reports that three army corps have been ordered to Finland, where a considerable force is concentrating. Government has ordered, in the event of war, that all the cruisers shall be manned by regular seamen and marines.

A Vienna dispatch says: Montenegro has assured Count Andrassy that she intends to keep at peace and that her attitude will be strictly defensive.

A Constantinople dispatch says: The fire among the buildings of the Sublime Porte proved to have been the work of an incendiary. One and a half million dollars, deposited there, was lost.

MEXICO.

The Border Troubles.

CITY OF MEXICO, 18.—The report of the committee of Congress at Washington, recommending the crossing of American troops into Mexico, caused great excitement. The Mexicans fear that the Texan filibusters will combine with the Lerdists and thereby be able to get up raids either way. It is uncertain whether Vollarte will accept the ministry of foreign relations *ad interim*, if offered. Justo Benitz, a prominent leader in Congress, is mentioned as likely to be appointed to fill the vacancy. Benitz is considered to be unfavorably disposed towards Americans and all other foreigners.

LAND.

THE BRETHREN who desire to file on Land, or who wish to make final proofs, or whose patents are delayed, or who are about to make cash entries, or who have contests on hand, or who have anything to do with the U. S. Land Office in any manner whatever, will do well to consult CHAS. W. STAYNER, Attorney and Counselor-at-Law, Salt Lake City, who practices before the Land Office and in all the courts.
