

COUNCIL MEN AT  
SQUARED CIRCLE.

Clifford-Queenan Contest Had Effect of Curtailing Business Transacted Last Night.

## PROTEST AGAINST JAP COLONY.

Residents in Southwestern Part of City Object to the Rio Grande Work Train.

There was very little business transacted by the city council last evening, the reason whereof was a strong counter attraction playing at the Salt Lake Theater in the nature of a prize-fight. About one-half of the routine work of the council was attended to, after which a recess was taken until Wednesday evening at 7:30 o'clock and nearly all of the councilmen went to the ring side. A communication was received from George E. Durbridge and a large number of other residents in the southwestern part of the city protesting against a nuisance maintained near Fifth West and Seventh South streets by the Rio Grande Western Railway Company. The protest recites that the company keeps about 20 cars standing on a sidetrack at that crossing which are used as quarters for a large number of Greek, Japanese and Italian laborers who create quite a disturbance in the neighborhood by their indecent conduct. The matter was referred to the sanitary committee.

Upon recommendation of City Attorney J. S. Stansbury, the council appropriated \$500 to settle the damage suit brought by John F. Howells against the city. Howells sued for \$3,000 as damages to his crops by reason of the city turning out and refusing to furnish him water during the season of 1902.

Chief of Police Lynch notified the council that he refused to approve the application for retail liquor licenses of St. Stanislaus for the reason that he was on March 4 brutally assaulted a man by the name of Burnham at his place of business. The action of the chief was approved by the council. The Peddlers association submitted a petition against the new license ordinance which fixes the license of peddlers at \$100 per annum. It was stated in the protest that such an increase in the license will put a large number of peddlers out of business for the reason that they could not pay such a high license. The protest was referred to the municipal law committee.

The ordinance granting the Rio Grande Western Railway Company a franchise to construct two spur tracks on Fifth West between Third and Fourth South streets was passed by the council.

Chief of Police Lynch submitted the appointments of Byron Sperry and Thomas S. Fowler, quarantine inspectors of the health department and B. H. Nickerson, fumigator, as special police to serve without extra pay. The appointments were confirmed by the council.

City Auditor Felt submitted the departmental payrolls for the first half of April amounting in all to \$4,653.95. They were referred for approval.

## UTAH ARTISTS SOCIETY.

Members Deny They Have Ceased to be An Active Organization.

To the Editor: At the last annual meeting of the Society of Utah Artists, attention was called to the fact that the president of the Utah Art Institute had, a short time since, been quoted by the daily press of this city as saying that the Society of Utah Artists, "though now in the background, still claims an existence, and that its practical work as a body of artists is being carried on by the Utah Art Institute." It was therefore unanimously resolved at the meeting of the society that the press be furnished with correct information as to the status of the society by way of correcting any erroneous impression that may have resulted from the press statement mentioned.

The practical work of the Society of Utah Artists did not by any means cease with the establishment of the Utah Art Institute, and the society

## TWENTY YEARS AGO TODAY.

(DO YOU REMEMBER?)

Great Salt Lake was rising rapidly and in better condition as to the quantity of water than it had been for years. It was feared that an Indian massacre had taken place at Battelford, Man., but the report proved to be a canard.

TEN YEARS AGO TODAY.

The railroad ticket agents of the country, 500 strong, were entertained in this city.

The senate discussed the Coker's army movement as a serious affair, and decided to increase the police protection at Washington.

FIVE YEARS AGO TODAY.

Gen. Lawton created a sensation by withdrawing from territory already occupied by the Americans and declaring that it would take 100,000 troops to establish peace in the Philippines.

A heated discussion was on as to whether or not the Salt Palace should be built at Liberty Park.

merely suspended exhibitions during the time that its members contributed to the displays of the institute. Its members are not in any way connected with or interested in the Utah Art institute, they claim that organization failed in the object with which it originally started. As to the society being now in the background; it is only necessary to state, say the artists, that it is still actively engaged in the work with which it began, the primary aim of which is the uplifting of the cause of art in Utah unhampered by political, personal or other prejudice, and it is now proposed to hold regular exhibitions as in the past. The following is the roll of active members, all of whom are quietly and harmoniously working at their profession: James T. Harwood, Edwin Evans, John Hafen, J. W. Clawson, J. B. Fairbanks, Loris Pratt, Daniel W. Wagoner, L. A. Ramsey and G. W. Browning. There are also a number of worthy and eligible students abroad at present who will be admitted to membership.

At the meeting above mentioned the future work was briefly outlined and it was decided to hold the next exhibition during the coming autumn, formal announcement of which will be made in due time.

### A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes: "A patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles and every article given especial consideration in the process. We reach all classes of housekeepers by the new list. ### DAUGHTERS OF REBEKAH.

Hold Annual Meeting and Elect Officers for Ensuing Year.

The Daughters of Rebekah held their annual meeting last night, and elected these officers: President—Mrs. Clara E. Cook, Ogden. Vice President—Mrs. Eva Darke, Salt Lake. Warden—Mrs. Jennie B. Hill, Bingham. Secretary—Mrs. Clara I. Moore, Salt Lake. Treasurer—Mrs. Ida Addison, Park City.

The convention decided to change the time of the annual meeting from the third Monday, to the third Tuesday in April, which will make the sessions contemporaneous with those of the Grand lodge of Odd Fellows. Six new lodges were reported organized in the last year, viz., at Beaver, Milford, Stockton, Sunnyside, Moab and Logan, which means an increase of 300 in membership. This makes the total membership 900 in the state.

### MRS. STENHOUSE DEAD.

Author of "An Englishwoman in Utah," Passed Away at Los Angeles.

Mrs. Fanny Stenhouse is dead at Los Angeles, Cal., according to a telegram received by her son, S. M. Stenhouse, yesterday, which stated that the end came early in the morning. She was 75 years of age.

Few people in Utah are not familiar with the name of Fanny Stenhouse. In early days she broke away from the Latter-day Saints and published a book called "An Englishwoman in Utah," which, because of its treatment of the "Mormon" people, gained a wide circulation. T. B. H. Stenhouse, husband of the deceased, also came into prominence by writing a book called "Rocky Mountain Saints," given to the world soon after the couple left the Church. Both were people of more than ordinary mental attainments and both were hard students of literature. Mr. Stenhouse died about 20 years ago, at San Francisco.

Twelve years ago Mrs. Stenhouse was the victim of a street car accident which left her almost totally blind. She has not been in good health since that

Carnegie organ in Pittsburgh some years ago. The tone of the Tabernacle instrument in particular attracted his attention, and he said he had never listened to an organ of finer tone than this.

The program of the afternoon included the Pilgrim's chorus from Tannhauser, Mailley's Palm Sunday, and the introduction to the Third Act of Lohegrin and the Bridal Chorus. The entire occasion was a delightful one. The third public recital of the season will be given at 5:10 p. m., 19.

### M. DUPOUEY'S LECTURE.

Addresses University Students: "Young Girls in French Literature."

Monsieur Dupouey's lecture at the university yesterday on "Young Girls in French Literature," was well attended and proved a rare treat for those who heard it. The lecturer classified the girls in French literature into three classes—the pure virgin, the weak virgin and the strong virgin. He illustrated his classification by types from Bourget and Zola novels. He denied that the French girl is immoral, notwithstanding that the great majority are compelled to work for their living, their families being so poor. At the close of the lecture, a score of these present hands in applications to become members of the prospective Salt Lake branch of the Alliance Francaise. Mrs. M. B. Jennings, Prof. Arnoldson and the Rev. Wm. Fish have been mentioned for the presidency of the local branch.

ises to take the place of the X rays in certain sorts of photographic work. The light is produced by passing an electric current through a tube filled with mercury vapor. It enables an operator to take instantaneous negatives in a darkened room, three small lamps having an illuminating power greater than that of sunlight.

### GOOD SPIRITS.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful. Bright eyes, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At all druggists. G. G. GREEN, Woodbury, N. J.

To feel tired after exertion is one thing; to feel tired before is another. Don't say the latter is laziness—it isn't; but it's a sign that the system lacks vitality, is running down, and needs the tonic effect of Hood's Sarsaparilla.

It's a warning, too—and sufferers should begin taking Hood's at once. Buy a bottle today.

"My memory was also so poor that it caused me much chagrin at times."

"I had often heard how Grape-Nuts had helped other people's memory and that it was a brain food. Finally I was put on Grape-Nuts for my meals."

"It was so pleasant to the taste I enjoyed eating it and after a time I saw such an improvement in my health generally that I gave up medicine altogether. Am not even using laxatives now that I had been unable to do without for years. Grape-Nuts helped my nerves, gave me strength, increased my weight ten pounds and I can now work and walk better and enjoy life as I never expected to again."

"When my friends remark how well I look and act I tell them it is all due to Grape-Nuts. My doctor never sees me but he smiles with genuine pleasure at my improved condition for he is an old friend and would like to see me perfectly well knowing how long and how much I have suffered." ## QUEEN OF ACTRESSES PRAISES PE-RU-NA.

MISS JULIA MARLOWE.

In a recent letter to The Peruna Medicine Co., Miss Julia Marlowe of New York City, has the following to say of Peruna:

"I am glad to write my endorsement of the great remedy, Peruna, as a nerve tonic. I do so most heartily."—Julia Marlowe.

Nervousness is very common among women. This condition is due to anemic nerve centers. The nerve centers are the reservoirs of nervous vitality. These centers become bloodless for want of proper nutrition. This is especially true in the spring season. Every spring a host of invalids are produced as the direct result of weak nerves.

This could be easily obviated by the use of Peruna. Peruna strikes at the root of the difficulty by correcting the digestion. Digestion furnishes nutri-

tion for the nerve centers. Properly digested food furnishes these reservoirs of life with vitality which leads to strong steady nerves, and thus nourishes life.

Peruna is in great favor among women, especially those who have vocations that are trying to the nervous system. Peruna furnishes the lasting invigoration for the nerves that such people so much need. Thousands of testimonials from women in all parts of the United States are being received every year. Such unadorned evidence surely proves that Peruna is without an equal as a nerve tonic and a vital invigorator.

Buy a bottle of Peruna today. If you do not receive all the benefits from Peruna that you expected, write to Dr. Hartman, Columbus, Ohio.

\$10,000 forfeit if we cannot produce the original letter and signature of above testimonial which well demonstrates its full genuineness.
