PRICE OF GOLD.

Corrected Daily by BANK OF DESERET.
SALT LAKE CITY, October 19, 1871.
Buying at $1.10; Selling at $1.13.

WEATHER ITEM.—The highest point reached by the thermometer to-day was 66.

LOCAL AND OTHER MATTERS.

MISS ADAMS' BENEFIT.—Remember the benefit of Miss A. Adams to-morrow night.

DON'T SHOOT IT.—A parrot belonging to Mr. Charles Ringwood, of the Twentieth Ward, made its escape some time ago, and since then has been flying about in various parts of the city. The bird is much valued by the owner and he desires that no one should shoot or otherwise injure it. Any person capturing and delivering it to Mr. Ringwood will be rewarded.

IS IT SO.—The Washington correspondence of the Cincinnati *Times* says:

"Judge McKean, of Utah, who is enforcing the laws upon the Mormons, is acting under instructions from here. He will be sustained, if necessary, by the military power of the Government."

By Deseret Telegraph.

Aaron Johnson Arrested—The Court.

PROVO, Oct. 18.—About half past three o'clock, this afternoon, Marshals Patrick and Paul arrested Bishop Aaron Johnson, at his residence, in Springville, without resistance. He is now in Provo, in charge of the city Marshal, H. C. Rodgers, for safe keeping, until to-morrow morning. Judge Strickland is still here, and will probably decide to-morrow morning whether he will be admitted to bail or not. The Court dismissed the Grand Jury and adjourned this a.m., till the 30th inst.

THE CLIFTON STUD.—We have received from R. W. Cameron, Esq., of 23, South William Street, New York, catalogues and pedigree of his Clifton stud of thoroughbreds, which will be sold to the highest bidder at the Clifton Stud Farm, Staten Island, New York, Nov. 1. The stud consists of "three imported stallions, seven imported mares, and seven native thorough-bred mares, all stinted to Warminster, Hampton Court, Eclipse, and Leamington; six two-year old colts and fillies by Leamington, and one imported colt by Blair Athol [said to be the finest horse in England]; five yearlings by Leamington, and seven weanlings by Warminster and Hampton Court."

The sale will also include Mr. Cameron's choice herd of Alderneys and a small flock of imported Cotswold sheep.

An old friend of ours, well acquainted with Mr. Cameron, speaks in high terms of him, and informs us that many of the horses in the catalogue are very superior animals, of the best English blood, and that Mr Cameron thinks that a few of them would much improve the blood of the horses in this Territory.

The catalogues are at the service of any of our influential citizens, who are interested in stock raising.

RETURNING HOME.—Bishop Henry Lunt, who is suffering from protracted inflammation of the eyes, and who has been staying in the city several weeks for the purpose of obtaining professional assistance, is about to return to his home, at Cedar City, Iron Co. He is very much improved, and he entertains strong hopes of ultimately recovering his sight and a healthy condition of his eyes. He desires to express his gratitude to his friends in the city for their kindness to him during his stay here.

IN TOWN.—We had a pleasant call from John N. Neels, Esq., who represents the old established and extensive house of Benedict, Hall & Co., dealers in boots and shoes, New York. Mr. N. is accompanied by his wife, and intends remaining upwards of a week in the city. His business relations with our citizens have always been most satisfactory, while as a friend he has been steadfast and unwavering, and when maligners have endeavored to misrepresent affairs in Utah, and to injure the credit of the community, Mr. Neels, and the firm which he represents, have always been prompt to correct them and to dissipate whatever prejudices or doubts misrepresentation may have created. The visits of such gentlemen as Mr. N. are appreciated, and we trust that himself and lady will enjoy their sojourn in this city.

MUSEUM AND MENAGERIE.—A fine large specimen of the lynx canadensis died at the menagerie to-day.

This institution keeps steadily increasing in interest, new additions being constantly made to every department.

RETURNED.—From Gen. Barnum, who has just returned from the East, and who called upon us yesterday, we learn that his trip to the east was as successful as could be expected. It will be recollected that the General went east for the purpose of submitting statistics and statements to the directors of the U. P. R. R. in relation to the mineral wealth and the probable extensive shipment of ores from the Territory, with a view to convince that corporation that the raising of the rates of freight was a great injury to this country and that it was to their true interests to transport ores and bullion over their road at a moderately low rate, that such a policy would develop the country and in time be the most profitable for the railroad. He had interviews with President Scott, Sidney Dillon, Esq., and other Directors, and was assured by Mr. Scott that such a reduction had been decided upon as would satisfy the entire mining community of this Territory.

NEW HOTEL.—In visiting the store of Taylor & Cutler we were much surprised to see the improvement which has been made in the establishment. Quite an addition has been made to the length of the store, which the demands of business imperatively require. Besides the improvement in the store, Brother Taylor is fitting up a large number of offices and bedrooms, and is making his preparations for carrying on a hotel on the European plan. In the building adjoining the store, which the firm formerly occupied for hardware, arrangements are being made for an office and sitting-room, and he is fitting up a very complete diningroom. When his arrangements are completed it will be a very convenient stopping place for business men and travelers. It is his intention to furnish those who patronize him with meals varying in price from twenty-five cents to five dollars, according to the extent of their orders. A person taking a room at the house will be at liberty to eat at his table or not as they choose. They will pay for what they get only. This plan has answered admirably in other cities, and no doubt it will be very popular here.

OGDEN ITEMS.—The following are from the *Junction* of yesterday:

New tin discoveries within speaking distance of Ogden are reported, and the attention of the mining world is being attracted towards this place as a great centre of mineral wealth. A company of gentlemen from Salt Lake are about to establish another smelter, for the purpose of reducing the tin ores which abound here. That's right. A number of immense fortunes are waiting the hand of enterprise; it is astonishing they have not already been picked up. Iron works are on the *tapis* also; and next comes the zinc, a mountain of which rears up its head a little distance northeast of this city.

The committee appointed to solicit and receive donations in aid of the sufferers by the fire in Chicago met at the City Hall on Monday last, at 7:30 p.m., and reported cash contributions received to the amount of $20, besides a quantity of flour.

Bishop E. N. Austin, of Liberty, Rich County, called in yesterday. He stated that the fire among the timber in Bloomington Kanyon is extinguished. Much dry timber is destroyed and some of the green timber killed; three bridges are gone, but the telegraph poles, with one exception, are uninjured. Snow fell in Bear Lake Valley last Tuesday to the depth of three inches, but it has now disappeared. The roads in the mountains are rather sticky, but are daily improving."

HORSE STEALING.—We are informed that a large band of horses was stolen and driven off from the west mountains a few days since. It will be well for owners of stock on the range to look well to their property, for roughs are undoubtedly increasing.

Special Notices.
