NEW POWER PLANT FOR U. L. & R. Y. CO.

Work Commenced on Structure
In Weber Canyon to Cost
\$400,000.

IMPENDING MUNICIPAL ROW.

Crusade Threatened Against City Offi-
cials for Malfeasance—Big Sheep
Deals—News Notes.

OGDEN, Sept. 29.—P. J. Moran, the
Big Lake contractor, commenced work
yesterday on the new power house of
the Utah Light & Railway company in
Weber canyon at a site near the head
of the Davis & Weber counties canal.
The dimensions of the plant will be 52
by 74 feet. The foundations and base
will be constructed of concrete, with a
structure of steel and brick. The build-
ing will be of the latest design for this
class of work and it is estimated that
the plant and equipment will cost for
in expenditure of nearly \$400,000. One
2,500 kilowatt generator, directly con-
nected to a 3,000 horse power motor
unit, will be installed as soon as the
building is completed, and suffi-
cient space will be allowed for another
generator which can be installed later.
In addition power is required for the
generators and other electrical ap-
paratus, the plant will be fully fitted
with the most up-to-date traveling
crane and other equipment necessary
to make it one of the most modern
power stations in the west. It is esti-
mated that the building will be com-
pleted within the next 60 days, after
which the equipment will be installed
with all possible speed. The water sup-
ply for the plant will be through an
immense pipe line, recently construct-
ed, the total length of which is 5,000
feet; 2,000 feet being of 34 inch con-
crete and 3,000 feet of 74 inch wood
pipe. The plant will be operated un-
der a total head of 180 feet. The
dam, which is to be constructed of
concrete, will be 14 feet high and 125
feet wide, causing the river to form a
"lock-water" of approximately three
miles in length. The power gener-
ated at this plant will be transmitted
by means of a steel tower line, a dis-
tance of about five miles, to the present
transmission line from Ogden to Salt
Lake and will be connected to the gen-
eral system of the company to furnish
power for Ogden and Salt Lake.

BIG DEALS IN SHEEP.

OGDEN, Sept. 28.—The sheep busi-
ness is becoming a favorite one with
several citizens of Ogden and by the
closing of two large deals, the number
interested in the wool business has
been somewhat increased.
Hosack Peery and his brother-in-law,
E. F. Peterson of Chicago, have just
closed a deal for the purchase of
25,000 head of sheep in Nevada. The
range which will be used for this
deal lies near the old Sparks-Tennant
range and is said to be one of the
best grazing districts in the west.
F. E. Schlegel has recently taken
over the interests of Mrs. Bonner-
ett in the sheep industry including
12,000 head of sheep, outfit and
camp. It is understood that this trans-
action involved about \$50,000. Mr.
Schlegel will transfer his large flock
from their present range in north-
western Utah to his land near Mor-
gan.

SUIT AGAINST GAMBLING HOUSE.

OGDEN, Sept. 29.—A suit was filed
yesterday by David Burroughs against
Frank Peterson and Charles Chris-
tensen, doing business under the name
of the St. Louis gambling house, for
the recovery of \$2,000 lost by plaintiff's
husband in gambling games between
April 1 and May 30, of this year. The
complaint maintains that Frank G.
Burroughs, husband of plaintiff, took
\$500 money without authority or per-
mission and lost \$2,000 in the games
maintained by defendants within the
city of Ogden. Wherefore
plaintiff demands a judgment for
\$2,000 with costs of action and in-
terest on same from Sept. 25, 1909.

POLITICAL SHAKEUP.

OGDEN, Sept. 29.—The attached clip-
ping is rather characteristic of the pa-
pers of Mr. Gureman and is given for
what it is worth:

Stylish Clothes for Boys

It's really wonderful how much an ob-
servant boy will watch styles in clothes.
Many of the boys we serve know in a
minute just what styles are new and
which are the "smartest."

We like to serve such boys because they
appreciate the goodness of our clothes.
The fall stock is now complete. Lots of new patterns—
but, best of all, the fabrics and tailoring are such that
we guarantee them against the roughest boy in town.
