

FLOATING FRAGMENTS.

The High Council will meet to-night.

Go and see "My Sweetheart" to-night.

Capitani's Cabin to-morrow night, at the Opera House.

W. R. Bell and T. B. Bell have opened a barber shop on Second South St., west of the White House.

There are messages at the Western Union Telegraph office for W. Hauser, J. D. Nequa, J. G. Benjafield, H. M. Martin, H. Schofield, W. Thomas and J. A. Muir.

The members of the Wasatch League Co. No. 2 will please take notice that the meeting for the election of officers for the ensuing year will take place at the engine house, 12th Ward, on Friday evening Feb. 12th, 1893, at 7:30 sharp. A full attendance desired.

Wm. R. ADKINS, Sec'y.

About noon on last Saturday Master George Allen, aged 16 years, of Canon City, Colorado, while experimenting with a giant cartridge cap picking it with a needle, lost a part of his thumb and forefinger of the left hand by the explosion which occurred. He was sitting in a room in which were several members of his brother's family, and so close was he to one of them that the blood from his hand flew in the face of a little baby next to him.

LOCAL AND OTHER MATTERS.

A Savage Prediction.—In accordance with a savage prediction uttered yesterday, this valley was visited by a heavy snow-storm to-day.

Called.—This morning we received a call from Mr. C. O. Rogers, Treasurer of the Minnie Palmer Company. We understood the prospect to be excellent for a full house, as the tickets have been going off rapidly. "Little Minnie" creates a furor wherever she goes. She is on the way to California.

A Good House.—In our columns we found the advertisement of Milguy & Sons, painters, paper-hangers, calciners, etc. They have on hand a fine stock of wall and ceiling papers. They are also licensed plumbers, steam and gas fitters. They are a reliable and highly respectable firm. Read the advertisement.

Calico Ball.—The ladies of the Unity Club have prepared another entertainment for the benefit of the Deseret Hospital. This time it will take the form of a Grand Calico Ball, to be given at the Salt Lake Theatre on the evening of St. Valentine's Day. The grand march will begin at eight o'clock. Olsen's full quadrille band will supply the music, with Jas. Currie as prompter. It will doubtless be a fine affair.

Salvation Army Organ.—We have been shown, by Brother John Cook, of Mill Creek, a copy of the Christmas War Cry, which he has received from Brother James Bennett, of London. It is a paper published in the interest of the "Salvation Army," and is full of the most unmitigated nonsense. The articles have flaming headings with sub-headlines thrown in. Some of the latter are as follows: "Salvation on the Sly," "No Showaways," with all others in unison.

Dark Deed.—The Hailey Times of January 27th, states that the House of Lewis Newton, of Bellevue, was burned to the ground at that place early on the morning of that date. Mrs. Newton, who had been an invalid for some time, was burned to a crisp. Some people who were at a dance a short distance away heard a couple of shots just before the fire broke out, but paid no attention to the circumstance. When Mrs. Newton's body was found, a couple of pistols were discovered near it, one being empty and the other with two charges out of it. This leads to the suspicion that the unfortunate woman was murdered and the place set on fire to cover up the dark deed.

"Travels in India."—Elder Wm. Fotheringham delivered his excellent lecture on the above subject last evening, in the 21st Ward meeting house, under the auspices of M. I. A. of that Ward. Notwithstanding the inclement state of the weather, there was a full house, including quite a number of people from other wards. The lecturer described the manners and customs of the natives of India, and gave an elaborate account of the city of Delhi. At the close a hearty vote of thanks was tendered the speaker, who occupied about one hour and a half. Those who have not yet heard Elder Fotheringham will be well repaid by going to listen to him. We understand he will remain in the city a few days longer.

Theatre To-night.—"Little Minnie Palmer," says the Washington Star, "commenced her engagement in that city on Monday last, before the largest audience of the present season, numbering among them Gen. W. T. Sherman, his daughter, and staff, Gen. S. S. Carroll, Gen. Elmer, Gen. Dumont, and nearly every prominent army, navy and government officer in Washington; also a large number of fashionable ladies. After the performance most of them assembled at the Arlington, where Miss Palmer was given a grand reception, followed by a serenade by the Marine band with speeches, etc. The streets were ablaze with calcium lights, lighting up the faces of thousands of people. Yesterday, Miss Palmer was acquainted with the fact that Mr. Wash. Nelson, a celebrated horseman in Washington, had a trotter which had never been started for the want of some successful enterprise or project to be associated with the mare, and Little Minnie Palmer being recognized as the most successful of her style (her entry here being a grand triumph, and she being universally acknowledged by all the assembly to be the finest off the stage than on, and altogether as pretty as a wax doll), the trotter yesterday was named "Little Minnie Palmer."

The house is likely to be crowded to-night, when the vivacious little actress will appear before the foot-lights of Haverly's Salt Lake Theatre.

About the Prisoners.—Ormus Nay, the robber who was operated upon by Dr. Benedict yesterday, is progressing favorably.

Hawley, the other wounded man, now lying at the city jail, suffered acutely this morning, but was easier this afternoon.

Deputy Sheriff Polk purposed leaving for Nevada with the prisoners this afternoon, but this arrangement was discarded on receipt, by Mr. Fillmore, of a dispatch from the C. P. R. R., to the effect that the advice of the company's attorney was to detain the prisoners in Utah until the arrival of a requisition from the Governor. It was concluded therefore to keep them here until the necessary papers were obtained. The documents may reach here at any time after to-day.

The conclusion to detain the robbers until the arrival of the requisition is just right, as the desperadoes should be allowed no technical loopholes that would give them any possible shadow of a chance to evade the punishment they merit.

The prisoners are being kept here at the expense of the city, but there has been some question as to who is to bear the expenses of the wounded man at St. Mary's Hospital, including the surgical operation. Doubtless a satisfactory arrangement will be reached regarding such a comparatively trivial matter, when the importance of securing and punishing the bandits is considered.

JOSEPH E. TAYLOR, Sexton.

Killed by a Snowslide.—The Utah Journal says that on the afternoon of Thursday, 25th, a young man named Ormus Richards was buried in a snowslide in Mink Creek Canyon, eighteen miles from Battle Creek station, on the U. & N. Mr. Richards was at work with others getting out ties, when the slide came, and he was buried under four feet of snow. Nineteen men worked hard to rescue him, but life was extinct when the body was found.

The remains were taken to Battle Creek station, where the corner of Gentle Valley held an inquest and returned a verdict in accordance with the above facts.

Mr. Richards was formerly a fireman on the U. & N., and a brother of his, James Richards, is now an engineer. It was thought that his body would be taken to Pleasant Valley, Emery County, for interment.

Logan Smallpox.—There is again a prospect of getting rid of our troublesome visitor. All the persons in afflicted families have got or have had the disease, and most of them are doing well. One or two cases are very severe, and many of the first cases are convalescent. One case, outside the quarantine district was discovered Saturday—a woman who had visited at someone's when the children were first taken sick. The new case is in the north part of the city, not far from the old one, and the family claims to have had her quarantined for two weeks. If this assertion is true, there is no danger from contact with her, but the officers do not feel quite safe.

Utah Journal.

Boring for Water.—The Utahian says that some parties at Parowan, Iron County, have organized a company for the purpose of sinking an artesian well at some point in their valley, for agricultural purposes. The requisite machinery for sinking a hole to the depth, if necessary, of 1,500 feet, has been ordered, and is said to be in transit. The principal men in connection with this commendable enterprise are Wm. Holyak, Nels Mortensen and Joe E. Dalton. The result of their operations will be looked forward to with great interest by the farmers and cattle raisers of Southern Utah.

Partially Recovered.—Anthony Blackburn, the young man who was so seriously injured at the Cave Mine some months ago by a premature explosion of a blast of giant powder, has so far recovered as to get married at Minersville, on Wednesday last, to an estimable young lady named Mary Ellen Stoddard. The bridegroom has lost the sight of one of his eyes entirely, and the remaining one is very badly injured; but he has otherwise fully recovered from the effects of his unfortunate accident.—Beaver Union.

Had His Head Hurt.—Yesterday afternoon, while William Barnes, aged about 33 years, of the Nineteenth Ward, was at work at Pascoe's limestone quarry, a large piece of rock fell from a considerable height, striking him on the head, hurting him very badly, cutting the scalp and breaking the skull. He was attended to by Dr. White, and we learned to-day he was doing as well as could be expected from the nature of the hurt.

Will Be Given To-night.—We are requested to state that the party that was to be given in the Thirtieth Ward to-morrow night under the auspices of the Mutual Improvement Association, will be given to-night instead. Those holding season tickets will please note the fact.

Sociable.—Upon invitation of Bishop Robert T. Burton, the Bishop and Counselors of the 15th Ward, together with many other residents of that locality, besides Brother Burton's own immediate family, assembled at his residence, last evening, and spent a very pleasant and sociable time together.

Family Growth.—A short time ago J. T. Packer had a family gathering at the house of A. H. Packer, of Brigham City, at which there was a goodly assemblage, making him appear genuinely patriarchal. When he arrived in Salt Lake Valley in 1849, his family numbered but five persons, now his relatives are scattered all over this region, from Idaho to New Mexico.

Old Times.—By courtesy of a gentleman of this city we are permitted to peruse a fac simile of the first issue of the Birmingham (England) Gazette, the date of which is Nov. 16th, 1741, and it bears the customary (at that time) government halfpenny stamp. The following is a sample of its news:

Dublin, Nov. 3, Last Saturday William Tanner and Cappogue, were tried at the Commission of Oyer and Terminer, for the murder of the Rev. Mr. Anthony Tanner, when Cappogue was found guilty by his own confession; and ordered to be hanged and quartered next Wednesday. Mr. Tanner was acquitted, but upon an appeal from the Widow, was ordered back to Prison for a year and a Day to see if further Evidence can be procured against him.
