

THE EVENING NEWS.

GEORGE Q. CANNON,
EDITOR AND PUBLISHER.

Saturday, March 26, 1870.

LOCAL AND OTHER MATTERS.

PRESIDENT AND PARTY.—A dispatch by Deseret Telegraph line, says that President Young would leave St. George, at ten this morning for Santa Clara, would hold meeting there to-day, and return to St. George to-night.

THE "TECHNOLOGIST."—The second number of this splendid journal has arrived. It is full of matter of interest to the engineer, manufacturer and builder. It can be obtained at the Railway News Depot.

WATCH LOST.—Brother Isaac Wilson, of Mill Creek Ward, while in the city yesterday, lost his watch, somewhere between the 17 and 18th Wards. The watch is of English make; the back is chased and gilt, the gilt around the edge worn off a little. There was no chain, the key being attached with a small piece of twine. If the finder will take the "Licker" to Calder's book store, on East Temple St. he will be rewarded for his trouble.

NOTICE TO FARMERS.—Farmers along the line of the U. C. R. R. are particularly requested to avoid planting grain crops nearer than seventy-five feet from the center of the track. In case this notice be disregarded the company can not be held responsible for any damage that may accrue to individuals through fire from the locomotive.

Jos. A. Young, Supt.

THE SPENCER AND THE NEW DITCHES.—We understand that the new ditch, which has been laid out to drain the waters of Big Canyon, Emigration and Red Butte creeks, by way of the Spencer ditch, is one-third finished; and we are advised by the Committee that they have begun to give orders on the land owners for the amounts assessed upon their land, to pay for digging. They wish to take this method of notifying such land owners, that they may be prepared to meet the orders when they are presented.

GRASSHOPPERS.—Brother Phillip J. Hall, of the 20th Ward, says that while working in the 19th Ward pasture, he found a great number of grasshoppers hatched out.

GRATUITOUS HELP TO THE AFFLICTED.—Dr. J. P. Meek now sits three hours daily, (Sundays excepted) from ten a. m. to one, to give advice and medicine to the afflicted. The Doctor practices Homeopathy and has had a long experience in it in the East Indies, having lived there forty-three years. He considers that the homeopathic system is specially useful in the diseases of children, not that its efficacy is less in the diseases of adults, but the remedies being either tasteless or agreeable to the more easily administered to infants than medicines of any other kind. It would be well for any needing medical assistance to call on Doctor Meek. His self-imposed labor, in this respect, is essentially a labor of love. He asks no fee either for advice or medicine. After effecting a cure, voluntary contributions are accepted if his patients feel disposed to make them; but under no circumstances does the Doctor charge for his services or medicines.

OBITUARY.—Elder Morris Phelps, of Montpelier, Rich county, has requested us to publish the following notice of the death of his brother, Mr. Orrin Phelps, taken from a paper published at Painesville, Ohio: "Died, in East Kirtland, Jan. 27th, of paralysis, Orrin Phelps, in the 59th year of his age."

He was one of those men who, though unknown to fame, added to that moral element which promotes a healthy state of society. Ever regarding that approved maxim of social life, "live and let live," moderate and unpretending in demeanor, without sectarian bigotry or selfish design, he was a good citizen and honest man. Calmly and considerately he witnessed the promulgations of death, and awaited the final shock without terror or regret.

His mountain home, now sad and lone, Tells of a friend and neighbor gone." Deceased was baptized and confirmed by his brother, Morris Phelps, in Ray county, Mo., in July, 1836. He married Eliza Ann Lyon. Bought land, and settled in Far West, with the Salatas, and under the exterminating order of mobocracy was driven from the State of Missouri with them. He returned to East Kirtland, and lived on his inheritance given to him by his father, until death removed him.

ANOTHER BIG RACE.—The Gold Hill News says that Johnny Taylor is to run another big race against time, on the Carson race course for \$2,000 a side. Time, two hours; number of horses fifteen; distance fifty miles.

ACCIDENT.—A very serious accident befell a young man named T. J. Stevens at about noon yesterday. He was assisting in the removal of some furniture from a house on South Temple street, when, from some cause not known, the team took fright, ran up the street and was brought to a stand still opposite Mr. Bryant Stranglin's residence. At the time of the accident there was no one near; so that nothing definite is known as to the manner in which it happened; but it is supposed that Bro. Stevens was thrown on the fence. He was found about mid way between the house and where the team was stopped, and was lying helpless on the ground. He was taken to the house of his brother-in-law, Mr. Robert F. Neelin, when the services of Dr. Tait were immediately called in. On examination it was found that two or three of his ribs were broken, and serious internal injuries sustained. This morning Brother Stevens was considered in a very precarious condition. He threw up considerable blood during last night, and it was feared that serious injury had been done to his liver. Hopes are entertained of his recovery.

THAT DROWNBART.—Isn't lost after all. Bro. John W. Telegraphs friend Sangiovanni that the "critter" has been found on the Muddy, and that Bishop L. D. Young will arrive at the Menagerie with him in a few days.

Still later. The most recent specimen of home manufacture, added to the Museum, is a stuffed calf with two perfectly formed heads, and a double supply of legs. This product of Rocky Mountain mairia mairia was contributed by one of the citizens of Springville.

Married:

In this city, March 22nd, by President D. H. Wells, John P. Hardie to Sarah A. Woodmansee, both of this city.

Died.

At American Fork, February 15th, 1870, of consumption, John Edwin Buckwalter, aged 35 years, 7 months and 15 days.

In Salt Lake City, March 21st, 1870, of lung fever, James Almond, after six weeks of illness, aged 30 years and 7 weeks.

At Logan, Cache Co., on the 21st of March, 1870, of consumption, Watkin Dares. He was born at Pontypool, Monmouthshire, England, on the 6th of March, 1815, and emigrated to America in 1847. He embraced the gospel in Minersville, Schuylkill County, Pa., and emigrated to Utah in 1855. He was a member of the 18th Quorum of Seventies and died a faithful Latter-day Saint. He leaves a wife and a large circle of friends.

AFTERNOON DISPATCHES.

NEW YORK.

Sale of a member of the Demi-monde. Haytien News.—The San Domingo scheme—Chinese laborers coming—The Cherokee Indians—Public meeting.

NEW YORK, 25.—A young woman of the demi-monde, named Hattie Moore, after passing Thursday evening in tight at the Can Can, at the Grand Duchess Hall, went to a house in Clinton Place and shot herself through the breast with a pistol. She was formerly of respectable standing in society and the daughter of a well known Philadelphia editor.

A newspaper reporter visited the ocean steamers in port yesterday, and an inspection disclosed the startling fact that not one of them has boat accommodation for more than half her complement of passengers and crew; this applies to the Cunard and French steamers as well as to those of lesser note.

The World's Haytien correspondent has information of the end of the Piget rebellion in the South: the rebels were preparing to capitulate to Gen. Boyce. Considerable excitement was existing at Cape Haytien on account of an officer of the United States steamer Severn, who showed much disrespect to the Danish flag by boarding forcibly, with armed men, the Danish schooner Spalbeeth, which arrived there from St. Thomas and Turk's Island with passengers.

A special dispatch says it has transpired that the President contemplates the acquisition of San Domingo as a part of his Cuban policy. Cuban sympathizers are all crowding over his support of the treaty, while in diplomatic circles, there is much excitement, and a very bitter feeling against the treaty. It is also stated that in case the requisite two-thirds vote prescribed for the ratification of treaties shall be found wanting, the President and the friends of San Domingo annexation will attempt to secure the territory in the same way that Texas was added, not by a two-thirds vote of the Senate, but by a joint resolution of both houses.

The remaining forty miles yet unfinished of the Midland Railroad have been let to contractors, who have arranged with the Chinese government for a thousand laborers, who are to be sent over immediately. Each man is to receive ten dollars a month and rations. The contractors have given bond to furnish them employment for five years at the same rate. Twenty-five days are to constitute a month.

A public meeting was held to-night at the meeting house of the Highgate Friends for the purpose of expressing kindly feelings towards the Cherokee nation whose delegate was present. Samuel Willetts presided and addressed the object of the meeting. Ex-dresses were delivered by Aaron M. Powell, Governor Downey, head of the Cherokee nation, and other Indians, in their own language.

CALIFORNIA.

Bridge on the C. P. R. R. on Oro-Earthquake in Arica.—Small Fox-Indians murdering Whites.

SAN FRANCISCO, 24.—Four spans of the Central Pacific railroad bridge, over the American river at Sacramento were burned last night. The Company will provide a temporary bridge for passengers within three days, and in the meantime arrangements have been perfected for ferrying passengers and baggage, causing little or no delay.

Arizona advices say there was a shock of earthquake at Prescott and vicinity on March 11, being the first since that region was settled by the whites; the oscillations were southeast and northwest. No material damage was done. The small pox is raging at Tucson and vicinity, and will probably decimate the friendly Indian population. The Apaches are plundering and murdering defenceless whites in every direction.

MISSOURI.

Female Lawyer.

St. Louis.—Miss L. Barkalon, of Brooklyn, N. Y., a student of the St. Louis law school, has passed a severe examination before the Judge of the Circuit Court and has been admitted to practice. She received high eulogiums from Judge Shea. She will commence practice here.

DELAWARE.

Man killed by an explosion. WILMINGTON.—A graining mill, at the Dupont Powder Works, exploded this evening, killing Darby McLee.

WASHINGTON.

San Domingo Treaty.—Railroad funds to be investigated—\$1,500 for ejecting a Negro Woman from a Railroad Car.

WASHINGTON.—In executive session Sumner concluded his speech in opposition to the San Domingo treaty. He was followed by Morton, who spoke in favor of the treaty. Part of his argument was devoted to the geographical and natural resources of the country. He exhibited fine specimens of rock, salt and gold dust, while speaking of its wealth.

Sumner will speak on Monday in opposition to the treaty. Although indications are not now favorable, several Senators said to-day the prospects of ratification are improving, and a delay will contribute to that end.

The joint committee on retrenchment, was occupied yesterday, and will be engaged to-morrow.

gaged to-morrow in investigating the charges of fraud and corruption made against the San Antonio and El Paso mail company. A large amount of testimony will be presented on both sides. The jury in the Circuit Court, to-day, found a verdict of \$1,500 against the Washington and Alexandria railroad for ejecting a colored woman from their cars, several months ago.

MASSACHUSETTS.

Obtaining Property by a Forged order. BOSTON.—G. W. Loverell has been arrested at Montreal and brought here, charged with obtaining by a forged order valuable paintings and statuary imported from Europe, the property of Walter P. Brown of New York.

OHIO.

A Verdict Rendered.

CINCINNATI.—The jury in the great Chaffee whiskey case, rendered a verdict, to-day in favor of the government of \$25,680 dollars, fifteen less than at the former trial.

VIRGINIA.

Empowering the Governor to call for troops.—Case progressing.

RICHMOND.—The House passed a resolution authorizing the Governor to call on the President for troops to suppress the resistance to law by colored land squatters near Hampton. The majority in the House is progressing before Judge Underwood. Governor Wise speaks for Cahoon to-morrow.

FOREIGN NEWS.

FRANCE.

The Noir Trial.—Addresses of Counsel.

TOURS.—In the High Court of Justice, to-day, M. Flouvit for the prosecution concluded his speech: M. Laurie, also for the prosecution, followed with an argument which occupied the entire remainder of the session. He compared Victor Noir with Prince Bonaparte, speaking of the latter in terms of slashing severity. The agitation of the accused at times became uncontrollable and caused him to interrupt and angrily reply to the counsel. The Court insisted that Laurie should address persons less bitterly. This was applauded by the audience, who gave signs of favoring the Prince. In concluding his speech, Laurie made some political allusions, which were received with marked disapproval by the spectators.

ITALY.

The Ecumenical Council.—Bishop in trouble.

ROME, via London.—In the Ecumenical Council, Bishop Strascoseur moved that the entire concurrence of the episcopacy should be necessary for the definition of any article of faith. The motion caused extraordinary excitement and met with violent opposition. It is reported that the Bishop was insulted and driven from the tribune and threatened.
