SALOON MEASURE LAID ON THE TABLE

City Solons Defer Consideration of Liquor Ordinance Till New Council Comes In.

NOT A PARTY QUESTION.

No More Attempts to Control Liquor Traffic or Increase License Fees Will be Made This Year.

OGDEN, June 28.—After about an hour's debate, the city council at its session last evening, killed the proposed liquor ordinance, which was introduced about two weeks ago, by a vote of 6 to 4. The bill was not killed outright, but the action of the council means practically that, as it voted to lay the ordinance on the table until Jan. 2, 1910, when a new city council comes in.

The ordinance came before the council in the form of a report from the license committee, to which it was referred, recommending that it be placed on its third reading. Powers offered an amendment to the recommendation that the action on the ordinance be postponed until Jan. 2, 1910. Then followed about an hour's debate in which nearly all members of the council took part. After the debate had subsided the vote was taken. The ordinance was taken. The question was on the amendment of Councilman Powers to postpone action on the ordinance until Jan. 2, 1910, was as follows: Yes, Austin, Dana, Fligare, Powers, Wilson and Thomas; No, Browning, Dickson, Peery and Humphries. The vote was not a party vote as four Republicans and two Democrats voted "yes," while one Republican and three Democrats voted "no."

There was some discussion as to the legality of the action of the council disposing of the ordinance in such a matter but the action was taken. The "shelving" of the proposed ordinance until next January, practically kills all legislation toward the raising of licenses in Ogden during the present year.

On recommendation of the special water committee the auditor was instructed to draw a warrant for \$10,725 in favor of the Chase National Bank at New York, the payment of the interest on waterworks bonds due July 2. City Atty. Devine reported that he was of the opinion that a valid and existing contract had been entered into by William Glasman for the morning Examiner, for city advertising at 15 cents and 25 cents per line. He stated that immediately following the receipt of Glasman's offer and action by the council, the city recorder had advised him of the council's acceptance of the bid. A. R. Bowman, the present publisher of the Morning Examiner, was present and stated that he would not be held by any agreement or contract made by Glasman and made an offer of 50 cents and 35 cents for the printing. The matter was referred to the engineering committee.

J. S. Lewis offered to sell to the council all his water rights in Cold Water

canyon for \$2,500. The city council will visit the scene of the proposed water supply on next Friday afternoon and in the meantime the city engineer was instructed to prepare plans of the property.

Encouraging reports have been received by the local committee from various towns of the state which have endorsed the movement this far.

Clarence Ernst, the colored man charged with the murder of Charles Staples, was arraigned in the district court yesterday morning and was given until July 6 to make his plea.

The Ogden Rapid Transit company put a night shift of 25 men at work on the Ogden canyon extension last night. Engine headlights are being used. Most of the work being done is ballasting. by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. It is not a matter of time, but of fact, that deafness is caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for particulars. Free. E. J. CHENEY & CO., Toledo, O.
