

YELLOW PERIL NOT THE ONLY DANGER

Emperor William Says the Red
One is as Much to be
Dreaded.

ALL RULERS RISK THEIR LIVES

Fallieres Runs the Same Risk as the
Czar, Roosevelt as King
Alfonso.

New York, Aug. 2.—A cable dispatch to a morning paper from Paris says: "The Matin today publishes an interview had by its Berlin correspondent with Emperor William, in which his majesty said that the yellow peril was not the sole danger threatening the world, but there also being the red danger. 'The heads of states,' the emperor added, 'whether of absolute or constitutional monarchies or republics, hourly risk their lives. President Fallieres runs the same risks as the czar and President Roosevelt the same risks as King Alfonso. Those aiming at the abolition of all authority and order by governments are thoroughly agreed, while those charged with the duty of making order respected are unfortunately disagreed.'"

The correspondent says that at the Kiel regatta the Kaiser noticed that the French armored cruiser Leon Gambetta was not present. He thought the warship had been invited to be present during the regatta, and he said to the French naval attaché: "It is a pity the Gambetta is absent. Come, come, I know what this means. We are still at war, and the French navy still has me with uneasiness. Anti-militarism is an international pest. The nation rejoicing thereat resembles a city rejoicing at an outbreak of cholera in a neighboring town."

COMSTOCK INSTITUTES RAID AGAINST ART LEAGUE.

New York, Aug. 2.—Upon a warrant sworn out by Anthony Comstock, secretary of the Society for the Suppression of Vice, the studios of the Art Students' league, one of the most noted art schools in America, were today searched, and the bookkeeper, Miss Anna Robinson, was placed under arrest. It was charged by agents of the society that the reproductions of figures in the nude, contained in the fall catalogue, which the league was about to issue, were of an immoral character. A patrol wagon load of the catalogues was secured and taken to be police court as evidence. Magistrate Mayo adjourned for a further hearing on Aug. 7, the charges against Miss Robinson, the only person placed under arrest. Miss Robinson was arraigned on the charge of violation of an act for the suppression of traffic in obscene literature, illustrations, pictures, etc. The pamphlets seized by the society's agents in the one issued regularly each fall to prospective students, and shows pictures of the work turned out by the students of the league. The issue is styled the "American Student of Art" and the specimens pictured are such as are seen in any art studio or museum. In the book there are but two pages devoted to the nude. The Art Students' league maintains in its west fifty-seventh street studios and apartments for instruction in fine arts. No question has ever been raised before as to the character of the pamphlets issued or of the art exhibited.

BRITISH EDUCATION BILL.

London, Aug. 2.—The debate on the second reading of the educational bill was continued in the house of lords today. Referring to the bill the Duke of Devonshire said: "It is the duty of this house to show the country that it is opposed to the violent and unnecessary disturbances of our educational system, which has existed for the past 60 years, and of which we have no cause to be ashamed. Until we have done this and until we know how our efforts in that direction are regarded by his majesty's government and the other house of parliament, the house will not be called upon to make that final and momentous decision which at some later period will have to be taken and which may involve consequences far wider than those which are now before us."

IN STRICT CONFIDENCE.

Women Obtain Mrs. Pinkham's
Advice and Help.

She Has Guided Thousands to Health.—
How Lydia E. Pinkham's Vegetable Compound Cured Mrs. Alice Berryhill.

It is a great satisfaction for a woman to feel that she can write to another telling her the most private and confidential details about her illness, and know that her letter will be seen by a woman only. Many thousands of cases of female diseases come before Mrs. Pinkham every year, some personally, others by mail. Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease she has been advising sick women free of charge.

Mrs. Pinkham never violates the confidence of women, and every testimonial letter published is done so with the written consent or request of the writer, in order that other sick women may be benefited as she has been.

Mrs. Alice Berryhill, of 313 Boyce Street, Chattanooga, Tenn., writes:

Dear Mrs. Pinkham:—
"Three years ago life looked dark to me. I had ulceration and inflammation of the female organs and was in a serious condition. My health was completely broken down and the doctor told me that if I was not operated upon I would die within six months. I told him I would have no operation but would try Lydia E. Pinkham's Vegetable Compound. He tried to influence me against it but I sent for the medicine that same day and began to use it faithfully. Within five days I felt relief but was not entirely cured until I used it for some time. 'Your medicine is certainly fine. I have induced several friends and neighbors to take it and I know more than a dozen who had female troubles and who to-day are as well and strong as I am from using your Vegetable Compound.'"

Just as surely as Mrs. Berryhill was cured, will Lydia E. Pinkham's Vegetable Compound cure every woman suffering from any form of female illness. If you are sick write Mrs. Berryhill for advice. It is free and always helpful.

any now involved in connection with the present bill."

These words from the Duke of Devonshire are taken as foreshadowing a grave conflict in both houses should the government prove implacable and not bring a measure more in line with the opinions of the peers.

MONTANA DELEGATION.

Helena, Mont., Aug. 2.—Gov. Toole has appointed 15 delegates to represent Montana at the national irrigation conference which meets in Boise, Ida., Sept. 3, as follows: State Engineer John W. Wade, Helena; W. T. Black, Whitehall; Alfred Becker, Red Rock; J. T. Murray, Dillon; H. H. Strain, Great Falls; H. W. Hiley, Billings; Sam Dismore, H. Boynton, Helena; W. N. Woodruff, Great Falls; S. S. Campbell, Roseman; John S. Baker, Whitehall, and W. B. George of Billings.

ROBBED AND SHOT.

Garrison, Mont., Aug. 2.—Nine men beating their way in a car were held up by two masked men early today and robbed, one of whose name is unknown, being probably fatally shot, and another, named Fred, rightfully beaten over the head with a revolver, the latter finally leaping from the train to escape the bandits. The man shot was asleep when the robbers entered and failed to grasp the situation, being slow to respond to the demands of the bandits.

VERY TRAGIC DEATH OF A MONTANA PIONEER.

Bozeman, Mont., Aug. 2.—James H. Kennedy, aged 74 years, one of the most picturesque pioneers, not only of this state but of the entire west, reaching to the Pacific coast, met a violent death at Belgrade, near this place, late yesterday afternoon.

He had been assisting his son, Benjamin Kennedy, in a wheat field and had been left with a team and reaper while the son returned to the house for some binding twine. The latter had barely reached the house when he was followed by the horses and reaper, dragging in their wake the dead body of the aged pioneer.

The old man had evidently had a partial paralytic stroke while on the seat of the reaper and had fallen, his foot catching in the "trip." Mr. Kennedy was known as one of the most unique characters in Montana. He was born in Grant county, Wisconsin, and was taken by his father to Clayton county, Iowa, the follow-

ing year, where he remained until 1853. At that time he started overland for Oregon, walking the entire distance and swimming every river from the Mississippi. He arrived in Oregon the same year and joined the forces in the Rogue River war, for his services in which the Oregon government still owes him \$180. He carried the first Indian scalp into Yreka, Cal., and received a bounty of \$250. He went from California to South America, thence to New York and later to Kansas, where he served in the Second battalion, Kansas volunteers, during the war. He came to Montana in 1864.

Bryan for president and declared in favor of equal taxation, extension of the primary election law to state officers; popular election of United States senators; increases in the powers of the railroad commissioners and interstate commerce commission; popular referendum, representation of the two leading political parties on all state boards, anti-pass law, repeal of the Street and Sanitary laws, removal of tariff from all trust-controlled goods, and public ownership of public utilities.

AMERICAN MEATS.

Dr. Jacobson of Norway Speaks Well Of Them.

New York, Aug. 2.—Dr. Adolf Jacobson, chief veterinary inspector of the city of Christiania, Norway, who has been inspecting American packings, houses in behalf of the Norwegian government, called today on the Oskar II for Copenhagen and Christiania. During his stay here he inspected packings, New York and visited Washington during the examination of applications for the new meat inspectorship.

"The big plants which I inspected were most cleanly and satisfactory in their manner of operation," said Dr. Jacobson, speaking of his investigations at Chicago, which were the chief object of his visit.

Before his departure Dr. Jacobson remarked that if his home government acted upon his recommendations that there would be much more American meat and barrel beef brought in this country than there has been heretofore. He saw no reason, he said, to put any sort of restrictions upon American meat products bearing the government stamp.

BOOKKEEPER AN EMBEZZLER.

Pittsburg, Pa., Aug. 2.—Clifford S. Hixton, 24 years old, a bookkeeper for the Union Trust company of this city, is in jail charged with embezzlement, and bail is fixed at \$30,000. Hixton is said to have made a confession in which he says his pecuniary will amount to about \$12,000. He says he speculated with the money. Other employees are implicated in Hixton's confession and another arrest is imminent. The Union Trust company is one of the strongest financial institutions in the state.

ANTI-ROOT AGITATION.

New York, Aug. 2.—A cable dispatch to the Herald from Montevideo, Uruguay, says: "Saudists have actively endeavored to provoke the animosity of the people against Secy. Root. Some papers comment unfavorably on his last discourse."

GOV. HIGGINS SENDS DOLLAR.

New York, Aug. 2.—Gov. Higgins sent his dollar yesterday to the Republican congressional campaign committee. With it he sent this letter to Representative Sherman of the committee: "Permit me to follow the splendid example of President Roosevelt and to enclose my dollar as a contribution to the campaign fund, which the committee is raising."

DIED ON BASE.

Chicago, Aug. 2.—Having become overheated while playing baseball yesterday Charles Arnold, a colored comedian 34 year old, dropped dead. Arnold was the last man to go to bat in the ninth inning and with the first ball pitched he struck it and ran toward first base. The ball rolled at the feet of the first baseman and as the

HARTJE DIVORCE CASE ENDS VERY SUDDENLY.

Pittsburg, Aug. 2.—After 31 and a half days of actual session the Hartje divorce case terminated rather suddenly today. Skillfully the attorneys for both sides fenced for advantage over the argument, but with the consent of the attorneys and at the suggestion of Judge Robert S. Frazer they were set for next Monday morning.

Judge Frazer announced before the close that the case must be submitted to him by Wednesday evening, as he intended to leave for his vacation next Thursday.

Immediately after the case was concluded Mrs. Hartje was surrounded by a group of friends who shook her hands and congratulated her on the manner in which she held up under the severe strain. Augustus Hartje sat in his chair watching his wife closely. He, too, showed relief but said nothing. The attorneys for both Mr. and Mrs. Hartje expressed themselves entirely satisfied with the result of the case, and each side is confident that the decision of the court will be in its favor.

PHILIPPINE IRREGULARITIES.

Washington, Aug. 2.—An investigation of alleged irregularities in the Philippine islands is now being conducted by order of Maj. Gen. Wood, inspector general. At the request of Gen. Wood the war department has made a special detail of officers familiar with the methods of business and conditions in the Philippines to assist. No result has yet been reported to the department.

MUST SHOW RECORDS.

St. Paul, Aug. 2.—The state railroad and warehouse commission today entered an order compelling the railroads to produce at the office of the commission all records on which their statistics have been based.

PEASANTS IN REVOLT.

Santarmovka, Aug. 2.—A revolt has broken out among the peasantry in the Kamischovka district. A number of collisions with the troops already have occurred.

MRS. HUTCHINSON ACQUITTED.

Buena Vista, Colo., Aug. 2.—After a dramatic trial, Mrs. Grace Hutchinson

was tonight acquitted of killing Mrs. Mary Bode at Salda last June. During the trial Mrs. Hutchinson's husband admitted on the witness stand that he had been intimate with Mrs. Bode and that he had confessed to his wife the night before the murder was committed.

ITALIAN IMMIGRANTS.

Scheme to Induce Them to Become Farmers.

Chicago, Aug. 2.—The Countess Maria Frentracelli-Cibo of Rome, Italy, is in Chicago promoting a scheme to increase the immigration of Italians with the purpose of encouraging them to become farmers. The countess is an American by birth, being a cousin of Ogden McClurg, and a former resident of Racine, Wis. Her husband is a descendant of the same old Italian family to which Pope Innocent VIII belonged and has a palace at Rome and a villa outside the city.

"My mission is not an official one," said the countess last night. "I am taking an interest in the poor people of Italy and simply doing my best to improve their condition. 'I was pleased to note the progress made by Italians in Colorado. It is near Greeley, Colo., that the proposed colony is to be situated. When I reach the east I expect to investigate conditions at Paterson, N. J.'"

DROWNED FORDING RIVER.

Lewistown, Mont., Aug. 2.—Eddie O'Camp, son of a well known Helena artist, was drowned in the Missouri river north of here yesterday while trying to ford the river on horseback, his saddle turning and precipitating him in the swift current. On instruction from his father, the lad was buried on the river bank.
