

AS THE DELUGE.

Reports of Death and Destruction by Flood.

Many Lives Are Lost.

Streams Out of the Banks and Continually Rising.

Towns and Villages Submerged.

Stranded Settlers Washed Away and Some Stopped on Various Roads.

St. Louis, March 19.—The levee on the Mississippi, fifty miles below Caruthersville, Mo., the extreme southern part of the state, is reported broken and seventeen lives lost. Efforts are being made to verify the story.

A large amount of stock has been lost on the Tennessee side of the river, the entire bottom for miles being inundated.

The levee near Cantonwood, about eight miles from Caruthersville, is reported to be broken and overflow that part of the country.

TELEGRAPH COMMUNICATIONS STOPPED BY FLOODING.

MEMPHIS, Tenn., March 19.—All telegraphic communications from the St. Louis levee were out of order. Floods are assumed to be the cause of the stoppage.

A SEVERE WIND STORM.

JACKSON, Miss., March 19.—A severe wind storm struck Jackson this morning at 9 o'clock, coming from the northwest, accompanied by heavy down-pour of rain. As far as known there has been no loss of life, although many trees were blown up by the force. Houses unroofed, fences and out-buildings destroyed and signs blown away.

Jackson is entirely isolated by the matter of telegraphic communication, and on that account, nothing is heard from the surrounding country.

THE THREATENED DISTRICTS.

WASHINGTON, March 19.—Heavy rain the past forty-eight hours in the central valley will cause a continued rise in the Colorado, Tennessee, lower Ohio and Mississippi rivers so that the threatened flood country in the Mississippi valley in the next ten days or two weeks will be under water. Additional warning is given regarding the threatened districts in Louisiana, Arkansas and west Mississippi, to wit: remote from the region of concern.

It is probable that serious damage will be done.

It is reported from Glendale, Miss., that the levee has broken there and that Lake Tennesse has risen four feet. It is reported from Raymond, Miss., that the property at Cooper's Weir, a summer resort near there, has been completely damaged by a cyclone.

DAMAGE DONE TO PROPERTY.

MEMPHIS, Tenn., March 19.—(Special.)—The levee was about to break at the breaking of the levee above and below the city, causing serious damage to property and stock. Reports here have not been verified in full, but sufficient is known to warrant the belief that heavy property and stock valued at \$100,000 square miles of territory will be submerged.

Residents of Constantinople Said to Have Planned a Revolt.

While Most of the Sultan's Orders Have Been Obediently Carried Out.

London, March 19.—A special from Constantinople, says it is announced that in public circles that a plot is being hatched among the Greeks at Constantinople, where 30,000 well-armed Greek lives, to revolt against the government. There are few Turkish troops now at Constantinople except the sultan's body guard, and it would be impossible for them to recall the troops from the Greek frontier to the west of a revolt.

OTHER GREEKS RECALLED.

ATHENS, March 19.—The Greek government has decided to recall the thousands of Greeks and Greeks from Crete waters. The cabinet was in session until 5 a.m. It is officially stated that only 10,000 Greeks and Greeks are to be recalled to the army. A dispatch from Crete says an American newspaperman, Herr Plater, who recently visited the camp of Col. Vassos, commander of the Greek army of occupation, has been arrested and detained by the Greek government. Vassos remains at Ajaccio.

CUBANS DISAGREE.

Conflicts Between General Gomez and President Cisneros.

ON THE QUESTION OF SUPREMACY.

The Former Said to Have Ignored the Diplomatic of the Insurgent Government—Other Charges.

New York, March 19.—A special to the Herald from L. H. Barraclose, the director of Spanish Affairs, Cuba, says:

Several times during the last year there were fits of almost unbridled animosity and enmity between General Gomez and the provisional government of Cuba, arising from disputes over the right of supreme authority.

The truth about the matter has been carefully concealed and suppressed by the Cuban press, and the only reliable source of information is the report of a special agent.

Similar dissensions in the past have been the result of dissensions still in the Cuban American republic of Spanish.

When Gomez and Maso left Cuba they made their first journey together to the United States, where they were received by the members of the provisional government, remained in the United States, and returned to Cuba in the latter part of the year.

At the time of their return to Cuba they were met by the members of the provisional government, and they were met by the members of the provisional government.
