"SMALLPOX" CONDITIONS.

Fifteen Cases Have Occurred During the Past Few Weeks.

Joseph H. Hays of Echo Succumbs to Appendicitis—Police Court Hearings—Licensed to Wed.

The city physician and the sanitary inspector are having considerable to do with "smallpox" again here in Ogden. During the past few weeks about fifteen cases have broken out in the lower parts of the city. The sanitary regulations are being stringently carried out, and every precaution taken to stop the spread of the disease. Several cases have broken out among the students of the St. Joseph school, and yesterday the school was closed and all the students who have relatives have been sent home. Some other students are being kept in the school building. The various places where the disease is being kept under quarantine and strict watch is being kept over them. The public schools have not and will not likely be closed down, unless the disease should become alarming. The school buildings have all been cleaned and fumigated, and the school board is doing all in its power to prevent the spread of the disease.

FATAL CASE OF APPENDICITIS.

Yesterday Joseph H. Hayes died at the Ogden General Hospital, death resulting from an operation which was performed Sunday for appendicitis. He was the son of William and Mary Hayes, of Echo, who were 19 years 10 months and 11 days old. He had been working for the Union Pacific Railroad company at Kemmerer, Wyoming, and was brought to Ogden, but his weak condition was very much against his recovery and resulted in his sad demise.

The remains were taken in charge by Larkin & Sons' undertaking establishment and shipped to the home last evening. The funeral services over the remains will be held on Friday at Echo.

IN POLICE COURT.

James Meyers was given a hearing on the charge of resisting an officer. On Monday evening he was very disorderly on lower Twenty-first street and Captain Browning told him to go home. He replied with a hard blow on the captain's eye, but was quickly sent to the ground and placed behind the bars. He claimed that he did not know that the captain was an officer, but his honor thought differently and fined him \$20.

Harry Hardy was given five days for belligerence.

W. A. Jones, Jerry Lowney and J. J. Curran were each charged with vagrancy; they pleaded not guilty, but Officer Trott told a different story, and the first two were given 10 days and the latter 5 days on the rock pile.

One lone drunk was discharged on his promise to reform.

LOOKING UP SUGAR FACTORY DATA.

The following gentlemen from Loveland, Colorado, were visiting the Ogden sugar factory yesterday: J. J. Ballard, A. J. Houts, J. A. Little, A. A. Benson, F. G. Bartholomew and W. H. Fairbrother. They are visiting some of the largest factories in the intermountain region for the purpose of ascertaining the cost of beet raising and the manufacture of sugar. They contemplate building a factory in their town and desire all the information obtainable on the subject. They feel much encouraged with their trip and the data obtained.

LICENSED TO WED.

Marriage licenses were granted to Joseph Barnett, 24, of Pleasant View, and Miss Gertrude E. Pickford, 21, of North Ogden; also to George W. Green, 22, and Miss Emma E. Stoker, 21, both of Ogden.

ARE QUICK TO SEE.

Good Doctors are Quick to See and Appreciate Real Merit in New Medicines.

Stuart's Dyspepsia Tablets are a discovery of great value to the medical profession and the public. They are an unfailing specific in all cases of dyspepsia and disorders of digestion.

Almost everybody's digestion is disordered more or less, and the commonest thing they do for it is to take some one of the many so-called blood purifiers which in many cases are merely strong cathartics. Such things are not needed. If the organs are in a clogged condition, then need only a little help and they will right themselves. Cathartics irritate the sensitive linings of the stomach and bowels and often do more harm than good.

Purgings is not what is needed. The thing to do is to put the food in condition to be readily digested and assimilated. Stuart's Dyspepsia Tablets do this perfectly. They partly digest what is eaten and give the stomach just the help it needs to do its work. The action and excretion of the digestive fluids are relieved the congested condition of the glands and membranes. They put the whole digestive system in condition to do its work. When you eat you need take no more tablets, unless you eat what does not agree with you. Then take one or two tablets—give them need help and you will have no trouble.

It's a common sense medicine and a common sense treatment and it will cure every time. Not only cure the disease but cure the cause. Good about it in a perfectly sensible and scientific way.

We have testimonials enough to fill a book but we don't publish many of them. However,

Mrs. E. M. Faith of Byrd's Creek, Wyo., says: "I have taken all the tablets you sold me and they have done more for me than any other kind of furniture belonging to himself and four others who left her in the spring. He also leaves for his home today, and will take with him quite a number more settlers for that region from Evanston, Salt Lake and southern Utah. They all meet in Ogden. The family of G. H. Taggart will also be among the number.
