The near approach of the CENTRAL PACIFIC RAILROAD to the principal business points in Utah, affords an opportunity to merchants to quickly and frequently replenish their stocks at any season of the year.

Many articles of general consumption, both of Foreign production and California manufacture, can be obtained at less cost from San Francisco than elsewhere.

Washington, 11.—A petition of the citizens of Georgia was presented, setting forth that it is impossible for avowed Union men to live in the rural districts of that State; also that it is impossible to bring to justice murderers of Union men, and that palpable violations of the Fourteenth Amendment are constantly occurring, and calling for some legislation to remedy this state of things. Referred to the Judiciary Committee.

H. V. Miller presented his credentials as Senator elect from Georgia; referred to the Committee on Credentials.

Morton introduced a bill to provide for the construction of a wagon road for military and other purposes through Dacotah, Montana and Washington Territories. Referred to the Committee on Military Affairs.

Washington.—Sherman introduced a bill into the Senate yesterday, providing for the retirement, upon his own written application, of any judge of the Supreme Court, who attains seventy, upon a life pension equal to the full amount of his salary; but if any judge shall, for one year after the passage of this bill, on arriving at the age of seventy, continue to hold office, the President shall nominate and appoint an additional judge, who shall perform the same duties and receive the same compensation as the judge acting in said court.

Washington.—Frelinghuysen presented a memorial, signed by several well known capitalists, setting forth that the proposed subsidies to the northern Pacific, and the eastern division of the Pacific Railroad amount to, besides the land grants, 125,000,000, and offering to construct either or both the roads for a subsidy of \$150 (?) per mile in addition to the land grants, thus saving the Government \$75,000,000. They offer to give bonds, endorsed by capitalists representing a hundred millions.

Several bills were introduced and referred including one incorporating a railroad from Little Rock, Arkansas, to the terminus of the National Pacific Railroad on the Rio Grande. The bill grants twenty alternate sections of land on each side of the road, and \$16,000 per mile in government currency, the bonds to be secured by a second mortgage.

The Sua Murphy claim was debated till four o'clock when the Senate adjourned.

A bill to preserve the purity of elections in the Territories, and concerning the boundaries of Minnesota, Nevada, Nebraska, Colorado, Montana, and Wyoming. A bill for the acknowledgment

of the independence of Cuba, or securing its annexation to the United States without purchase. It recites that Spain, having thrown off its own Government, has no right to inflict a Government on the people of Cuba contrary to their wishes, that it is the duty of the United States to acknowledge the independence of the Government now successfully established in Cuba by the people thereof, or to take measures for the annexation of the island to the United States, as the people of Cuba may indicate, providing that no payment be made to the de-throned Queen or to any other person arrogating the right to dispose of or control the Island contrary to the wishes of the people thereof.
