OGDEN, UTAH, JULY 30, 1933.

DICK CAMPBELL ARRESTED.

Attempted to Rob an Intoxicated Man and Was Caught in the Act.

Petty Thieves Arrested—Hymen Cheats Justice—Junction City Briefs.

A man giving his name as Dick Campbell was arrested last evening by John Ford on the charge of attempting robbery. Mr. Ford was passing along at the rear of the places of business on lower Twenty-fifth street last evening, when he observed a man lying down apparently intoxicated and asleep, presently he saw Campbell go slowly towards the sleeping man and turn him over and start to go through his pockets. Ford immediately placed Campbell under arrest and took him to the police station.

Detective Dan Fitzpatrick of the Southern Pacific has been having considerable trouble of late with men and boys stealing the brass fastenings from engines, copper wire and such things as were easily removed and sold for good prices, and yesterday he swore out a complaint against G. E. Butterwood and A. P. Grundhand, charging them with stealing brass and copper from the Southern Pacific company. The men had endeavored to steal the stolen goods to Zieglerhoff, but were unsuccessful and deposited them in the brush near Weber river, where they were found. Butterwood succeeded in getting out of town, but was arrested by the Salt Lake police and Detective Pender went to Salt Lake this morning to bring him back to Ogden.

The Kington baseball team defeated the Circleville team last Saturday in a game of five innings, the score standing 3 to 4.

The Perfect Liver Medicine.

Mrs. M. A. Lolly, Noble, O. T., writes: "I have used Herbine for a number of years, and can cheerfully recommend it as the most perfect liver medicine, and the greatest blood purifier. It is a medicine of positive merit, and fully accomplishes all that is claimed for it."

Maternal cannot find a lodgment in the system while the liver is in perfect order; for one of its functions is to prevent the absorption of fever producing poisons. Herbine is a most efficient liver regulator. See at Z. C. M. I. Drug Dept.

SNOWVILLE.

An Old Time 24th—Dry Winds Injure Crops.

Special Correspondence. Snowville, Boxelder Co., July 27.—The Twentyfourth of July was celebrated here in real old pioneer style. We had a grand parade consisting of hay racks, floats with red, white and blue bunting, and a number of carriages. A striking feature was an old fiddler up for a hand cart, pulled by James J. Larkin, and his grand old sister, riding in it with Sister Ellen Collins and Agnes Ward and James S. Larkin pushing. The first and last named are old veterans. The hand cart was carried by the roadside and an old pioneer camp fire started, to show our children what some of the Saints had to pass through in coming across the plains to Utah in the early days.

The county commissioners were here recently inspecting the roads in this district, and some changes are going to be made that will materially benefit us, in the shape of grading and new bridges.

Brutally Tortured.

A case came to light that for peralst and unmerciful torture has perhaps the most horrible case in the history of the county. For 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me. Just as good for Liver and Kidney trouble and general constipation. Only 50c. Satisfaction guaranteed by Z. C. M. I. Drug Store.

PORTERVILLE.

Advent of Pioneers Commemorated by Porterville and Richville.

Special Correspondence. Porterville, Morgan Co., July 25.—Porterville and Richville joined heart and hand to make Pioneer day one long to be remembered. The various committees of the two towns met to plan the day. The day was one of pleasure without a hitch. The forenoon program was held at the home of Bishop A. G. Porter, Dickson was chairman and C. G. Porter was marshal of the day, with W. E. Kilbourn and John Rose assistants. Exercises commenced with the singing of the hymn, "The Queen of the West." Prayer was then offered followed with a song by Miss Eliza Dickson. John R. Porter gave the Pioneer speech, making this his last public address before leaving for the west. He was followed by the Rev. Porter and Annie Dickson. Speech: "Crossing the Plains," by Henry Florence, one of the hand cart company, then came the quartet, "Hail to the Chief," by the choir. The day was beautifully rendered by Mrs. Benjie A. Porter and daughter; song, F. W. Clark. "Early Days of Utah" was then portrayed by Sister Lydia Rich, wife of John Rich, and a number of settlers in Morgan county; many touching incidents of privation and hard times were narrated by her and the former speakers. The next speaker, Ed Kilbourn, of Richville, related the incidents connected with it and the people of Utah, he being one of the boys called to defend our people; organ duet, Misses Bertha and Emma Durston, recitation, Miss Lydia Florence and Conrad Carter. The "Homeward" a lively and witty paper edited by Walter Porter and Annie Dickson was enjoyed by all; closing hymn "Our Mountain Home."

Afternoon exercises opened with children's dance. Then came tug-of-war with 19 married and 16 single men on each side, followed with foot racing. The foot race was won by the single men to the delight of the crowd. Porterville vs Richville, \$3 prize went to Porterville, followed by horse racing. HEBER.

SUNDAY SCHOOL CONFERENCE.

Bishop George P. Garff Recovers From Serious Accident.

Special Correspondence. Heber City, Wasatch County, July 27.—The annual Sunday school conference of the Wasatch stake of Zion convened yesterday at Heber City, presided over by Superintendent Joseph H. Lambert. The morning session was held in the afternoon and students were present representing the general union board, Elders L. John Nuttall and Horace Cummings, both of whom gave excellent reports on their respective schools. The program was exceedingly interesting; the singing especially being of the highest order. This part was conducted in their turn by the Midway chorists, and Heber First ward chorists.

The vacancy of the second assistant, in the stake superintendency, which has existed for some time, was filled by the election of Joseph E. D. Tomlinson, who for a long time has been one of our most successful local superintendents.

From the report of the superintendent, it was evident that the Sunday school cause is improving.

One gratifying feature is that the number of officers and teachers who are not observing the Word of Wisdom are rapidly decreasing.

One of the pleasing features of the conference was the presence at the afternoon meeting, of Bishop George P. Garff, who was accidentally shot a few weeks ago while laboring with a number of men opening up a road to the Strawberry country through Wasatch canyon. While stopping at a place above a boulder and the road his leg dropped from its scabbard and was discharged, the bullet passing through the Bishop's right lung and through his body. The wound was regarded by the physicians as a very dangerous one, and many people had no hopes of his recovery. His presence at the meeting yesterday was a signal for general rejoicing. Many a hand was laid upon it as nothing less than a miracle.

Night Was Her Terror.

"I would choose nearly all night long," writes Mrs. Chas. Applegate of Alexander, who has been so hardy in her sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but when all other remedies failed, I tried Dr. King's New Discovery and I gained 35 pounds. It is absolutely guaranteed to cure Coughs, Colic, La Grippe, Bronchitis, and all other lung troubles. Price 50c and \$1.00. Trial bottles free at Z. C. M. I. Drug Store.

CHRONIC SORES.

Signs of Polluted Blood.

There is nothing so repulsive looking and disgusting as an old sore. You worry over it till the brain grows weary and work with it until the patience is exhausted, and the very sight of the old festering, sickly looking place makes you irritable, despondent and desperate.

A chronic sore is the very best evidence that your blood is in an unhealthy and impoverished condition, that your constitution is breaking down under the effects of some serious disorder. The taking of strong medicines, like mercury or potash, will sometimes so pollute and vitiate the blood and impair the general system that the merest scratch or bruise results in obstinate non-healing sores of the most offensive character.

Often an inherited taint breaks out in frightful eating sores upon the limbs or face in old age or middle life. Whenever a sore refuses to heal the blood is always at fault, and while antiseptic washes, salves, soaps and powders can do much to keep down the inflammation and cleanse the sore, it will never heal permanently till the blood itself has been purified and the deadly germs and poisons destroyed, and with S. S. S. this can be accomplished—the polluted blood is purified and invigorated, and when rich, pure blood is again circulating freely throughout the body the flesh around the old sore begins to take on a natural color, the discharge of matter ceases and the place heals over.

S. S. S. is both a blood purifier and tonic that puts your blood in order and at the same time tones up the system and builds up the general health. If you have a chronic sore write us. No charge for medical advice.

Primary association officers, recently returned from an extended trip through Carey, Silver Creek, Bellevue, Halley and Comas Prairie, whether they went to hold conferences with their people, or to visit the homes of their friends, immediately following the "News" article referred to, petitions were circulated and signed by hundreds of our best citizens to have the objectionable place abolished and it is now learned that a license will be permanently denied the proprietors of the joint.

Mrs. Stewart, who was shot by her suicide husband, is rapidly recovering from the complications she will be up and around in a few days.

PINE HARVEST IN SIGHT.

A ride through the surrounding section shows a very fine harvest in store for our farmers. Especially encouraging is the sugar beet crop, and the Idaho Sugar company is using every effort to complete the large factory to be ready to take care of this season's crop. The great amount of work yet to be done makes it seem to an observer an impossible task; indeed, it will be if the men hands of said company were not such indefatigable and competent workers.

The farmers in the upper part of the valley, having been assured of the erection of a sugar factory between Rexburg and St. Anthony, during 1934, are vying with each other to secure the coveted site near their own respective localities. This industry will be much favored in all the land.
