RETRENCHMENT
IN RAILWAY SHOPS.

Probable That Ten Per Cent of
The Men in Machine and Car
Shops Will be Laid Off

STREET RAILWAY IMPROVEMENT

Meeting of Industrial School Board—
Educational Lecture Tonight by
Dr. A. E. Winship.

Ogden, Utah, April 20.—The order for retrenchment in the operative department of the Harriman line's machine and car shops in this city has been sent out by General Manager Baneroff. The orders were received yesterday afternoon by Master Mechanic E. M. Luckett, to take effect on April 21. The order is to reduce the operating force and expenses in the Ogden shops. Just how many men will be laid off on that date has not yet been definitely decided, but it is stated that perhaps 20 men in all of the departments will get their time, which is considerable reduction. Mr. Luckett, who should know, states that the reduction in the force will not be over 10 per cent. The heads of the various departments have received their orders to be ready tomorrow with the names of the employees they can best dispense with, so that the retrenchment can go into effect on that day. The employees are very anxious about the matter, as it means much to them. It is feared by some that with the reduction in the working force, an increase in the amount of work each man will be expected to accomplish will come, and up to the present time the men have been hard pushed to get out the vast amount of work that has come to the shops here. Mr. Luckett also states that the retrenchment will be only of temporary duration, and that the men laid off will be put on again in a short time when the work increases. This move will be felt seriously by Ogden, as it was believed the shops and force were to be increased in the near future instead of reduced, and the unexpected orders have caused no little comment and excitement among the employees, who held a meeting last evening to consider the proposition before them which is a serious one. The men in the railroad shops have been receiving excellent wages, which greatly affects Ogden's business, as they save their money here, and live well. It is not known whether the orders from Mr. Baneroff will effect any of the other departments of work in Ogden, as it is fully expected that the cutting down of expenses will reach to the other employees outside of the shops.

STREET RAILWAY IMPROVEMENT.
The directors of the Ogden Rapid Transit company held a lengthy session last night discussing projected improvements for the street railway system of Ogden. David Eccles, one of the principal owners of the system, said after the close of the meeting that the company had decided upon a great many improvements and extensions in the system for this season. It has within the past few days ordered about 1200 tons of rails and a number of new and improved cars. He said further that the line would be extended to the mouth of Ogden canyon, but declined to go into details as to the exact route or the time when this line will be constructed. Another improvement planned for the company is the

Spring Time Need
of a Good Tonic.

Mr. Druehl of the Smith Drug Co. tells
About Spring Medicines and
Their Uses.

"We often have people come to our store for something to 'brace them up,' said Mr. Druehl of the Smith Drug Co. We always recommend Reckall Mucuo-Tone as the ideal remedy, with the result that the invariably come back, not for the money, which we have always guaranteed to return in case of dissatisfaction, but to speak in the most appreciative terms of this wonderful remedy, and to thank us for having urged them to take it for their springtime ailments.

"These customers think they are merely run down, out of sorts and that they want a tonic, when in reality they are suffering with systemic catarrh, a form of disease where the catarrhal condition is scattered throughout the whole body.

"Reckall Mucuo-Tone is a catarrh cure which we know will cure every form of catarrhal disorder. It is a nutritive tonic, body builder and blood purifier. It has won the highest praises not only here but over the country. It cleanses the mucous membranes of the body, drives out the poison, builds up the wasted tissues. Because it does all this Mucuo-Tone is to our notion the ideal spring tonic. The very first dose of Mucuo-Tone braces you up, while three or four weeks of it in tablespoon doses three times a day will make you feel like a new person.

"If you are feeling badly, are afraid you are going to be sick, if you are run down and generally, our advice is to take a fifty cent bottle of Mucuo-Tone. If it doesn't straighten you right up and make you feel better than you have in months we will promptly return your money."—Smith Drug Co. also Druehl & Frank.

INDUSTRIAL SCHOOL BOARD.
The state industrial school board held a meeting yesterday. They appointed H. S. Johnson of Salt Lake City and Assistant Superintendent J. E. Thompson a committee to go to Los Angeles and inspect the Whittier Industrial school there for the purpose of securing data and general information concerning that school, to be put into use in the Ogden institution. The board also discussed at length the advisability of permitting young Beckman, who made his escape a few days ago, but was recaptured, to re-enter the school. Dr. Conroy of the board is especially anxious to have the boys sent back to the school and not to the penitentiary, but the trustees could not come to a definite agreement at yesterday's meeting. They also considered other routine matters pertaining to the school.

BRIEFS AND PERSONALS.
The police have been unable to find any one as to who burglarized the Ogden Knitting works Sunday night, or Reoroff's Tuesday night. The thieves secured about \$100 worth of razors and pistols from the last named place.

George H. Mink and William H. Benton, the two men who were arrested on the charge of peddling bogus jewelry, were sentenced to 90 days on the rock pile, but sentence was suspended on their promise to leave town.

John Lutz was laid to rest in the Ogden City cemetery yesterday afternoon. Impressive funeral services were held at the Congregational church, Rev. Charles Woodard officiating.

Prof. J. G. Lind, who was operated on for appendicitis, is recovering as well as can be expected.

PROVO.

All advertisements for changes of address and payment of accounts should be made to R. D. Dugdale, 32 West 4th North Street, Provo. Advertisements and orders for church works also received.

DEATH OF VETERANS.

Special Correspondence.
Provo, Utah, April 20.—Mrs. Catherine B. Newsome died at her home in the first ward yesterday afternoon of pneumonia. She was born Feb. 1, 1835, at Aravangin county, Cork, Ireland, and emigrated to South Africa with her family in 1861. There she married Wm. D. Newsome, who survives her, and in 1880, they became members of the Church. In 1885 Mr. and Mrs. Newsome emigrated to Utah, crossing the plains in Capt. Atwood's company. They lived in Salt Lake City for 25 years till 1880, when they moved to Provo. Mrs. Newsome was a faithful Latter-day Saint and enjoyed the love and respect of a large circle of friends. The funeral will be held from the first ward meetinghouse Friday at 2 o'clock.

Mrs. Mary Graves, wife of the late Daniel Graves died yesterday at the home of her son, Joshua Graves, at Lehi, Shoshone county, Idaho. The deceased was a native of Kentucky and was 88 years of age on the 27th of last month. She came to Utah with her husband about 50 years ago, and since then has lived the greater part of the time in Provo, but for some years has lived at the home of her son. The deceased was a faithful Latter-day Saint, and had the love and respect of all her acquaintances. She has three children living, and numerous grandchildren and great-grandchildren.

The remains will be brought to Provo for interment. Funeral services will be held in the first ward meetinghouse on Saturday, commencing at 11 o'clock.

FOURTH DISTRICT COURT.
Suit for divorce has been commenced by Mary E. Barrett of Provo, Bench against Thomas Barrett, on the ground of desertion and failure to provide. Plaintiff asks for such a portion of defendant's property as will be sufficient to maintain her and for \$150 attorney fees. The parties were married at Vineyard, Utah county, Aug. 22, 1880.

A decree has been rendered by Judge Root in favor of plaintiff in the case of the North Branch Irrigation company (Lehi) vs John R. Jones et al. The suit was brought to enjoin defendants from interfering with plaintiffs in the canal and distribution of the water of the company, in which defendants are stockholders.

The application of Bengt Johnson, Jr., et al for the segregation of certain territory in the southwestern part of the city from the corporate limits of Provo city has been granted by Judge Booth.

FAMILY IN TROUBLE.

Willard, Frank and Lile Smith, brothers, of Springville were brought to Justice Noon yesterday charged with

fast driving in this city Monday. Frank entered a plea of guilty, and was fined \$10. Willard and Lile plead not guilty. Their hearing was set for Saturday. Willard is also charged with assaulting a boy, Charles Jones, who was in company with another boy by the name of Gray, who it is alleged, threw rocks at the Smith brothers' buggy, but he escaped, and Jones was caught, and it is reported, was beaten by Smith. To this charge Willard entered a plea of not guilty, the hearing on this charge was also set for Saturday. Ralph Smith, another brother, is wanted on the fast driving charge, but he has not been found yet.

COOK-ROFFE WEDDING.
A marriage license has been issued to J. L. Roffe, 23 of Payson, and Miss L. H. Cook, 23 of Payson.

GARDEN CITY NOTES.

Work has been resumed on the waterworks extension in Provo canyon. Twenty-three men are now employed and the force will be added to soon as Councilman Johnson, who is in charge of the work, can use more men to advantage.

"Esther, the Beautiful Queen" will be presented by the Fifth Ward Juvenile choir in the Opera House on the evenings of the 27th and 28th, for the benefit of the Fifth ward building fund. Eighty voices will be heard in the production, which will be staged under the direction of Prof. Howard, Prof. Albert Miller and Miss Miriam Neke.

Bert Robinson who is studying pharmacy in St. Louis is at home for vacation.

The Utah Independent Telephone company is making inspection of Provo real estate for a building site for its offices. The company expects to be doing business here next fall.

Hon. Abel John Evans O'Leary was in town on business yesterday. The contractors are now at work on the cement foundation in the basement of the new building in course of erection for the Rocky Mountain Bell Telephone company.

George W. Craig is in Salt Lake with his daughter who is receiving treatment in one of the hospitals for internal ailment.

L. E. Cropper, who has been teaching in St. Johns, Arizona, the past winter, is visiting friends in Provo.

The commission to select a site for the experiment station provided for by an act of the last session of the Legislature will visit this country next Tuesday, to inspect several proposed locations.

Judge Milner informs the "News" representative that the lake is not rising so rapidly as was expected, and is now only within about two feet of compromise point. He does not expect, from present indications that it will raise above compromise this season.

LEHI.
Ideal Site Worth \$10,000 Will be Offered to the State by Utah County.

Special Correspondence.
Lehi, Utah Co., April 19.—Since the Utah county commissioners offered \$5000 to buy a site for the proposed experimental station, a number of options have been taken on land in this county and will be offered to the committee on selection, from which to choose a location for the central agricultural station. Much interest has been awakened in this matter in this end of the county and the cities of Lehi and American Fork have tied up a tract of land directly north of the Salt Lake railroad tracks and the State road, the land lying in both towns. The soil is a rich sandy loam and will easily raise four crops of lucern each year and 500 bushels of potatoes a year. The land is also well watered, and has an abundance of timber besides being in a district where flowing wells are easily obtainable. It has a gentle slope to the south and is in excellent shape for fruit raising purposes. The tract contains 23 acres and is considered ideal by all who have seen it for the Central Agricultural Experiment station, and those who know the kind of land that is desired by the state and county are of the opinion that this land is the best that could be selected. It will cost in the neighborhood of \$10,000 to secure this land, but will be offered to the state free and without any incumbrance.

Sheep shearing is in full swing at the shearing corral of Thomas Webb, west of Lehi. The sheep are reported to be in fine condition and the fleeces are heavier and the wool of a superior grade to other years.

A force of men are erecting poles between Lehi and the Point of the Mountain for the Independent Telephone company. The line will be contracted as far as Lehi this week.

Monday the stockholders of the People's Co-op institution held their annual meeting and elected the following officers and directors: Thomas R. Cutler, president; William Clark, vice president; S. L. Goodwin, treasurer. These gentlemen, with George Webb and Henry Lewis, form the directorate. Jas. P. Fyfe was elected secretary. The reports given showed the institution to be in a very good condition.

Elder Morgan Howell left for a mission to the Southern States mission in a few days.

Hyrum Webb has just finished the erection of a fine home in the lower part of town.

HEAVY PRECIPITATION.
Four Graduates from District School—Mrs. Hennion Seriously Ill.

Special Correspondence.
Vernon, Tooele Co., April 17.—We have been having some fine storms during the last week. More moisture has fallen during that time than we had during the whole winter just passed. It has snowed or rained nearly every 24 hours, and heavy snow and steady rain has fallen into the ground. At this writing there is more snow in the tops

of the mountains than there has been any time this year.

Sheep Inspector C. R. McBride of Tooele was here last week looking over some of the sheep on the desert west of this place.

Mrs. Jeanette Bennion, wife of Bishop Bennion of this ward, has been very sick the past week, but there are now some chances for her recovery.

There were four graduates from the district school from Vernon, and all four went to Tooele to take the final examination. They returned yesterday all smiles, for all had passed their names are: Arthur Green, Agnes Larson, Beulah Nelson and Hannah White.

Sheep shearing is going on between storms at the Faust creek corral.

Today, Elmer Gwynne and Orms of the state presidency were here, and held ward conference.

Men Past Sixty in Danger.
More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is a painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of difficulty. It is a powerful medicine, and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I have been suffering from kidney and bladder trouble for years and after taking two bottles of Foley's Kidney Cure I am now a healthy man, and feel as well as I did 30 years ago." Close of School for Current Year—Home Dramatics.
Special Correspondence.

Park Valley, Boxelder Co., April 19.—The Amateur Dramatic Co. gave its closing performance recently, presenting "The Black Hoffer" and "That Rascal Pat" under the management of A. H. Hildreth. The performances of the company have been very successful and it is hoped they will continue the good work another season.

Mrs. Fred Zang and children have left for their new home in Stirling, Canada.

The writer is informed that the Century Gold Mining and Milling Co. will start the stamps dropping on May 1.

The district school closed for the current year last Friday, with a dance in the afternoon and evening. A nice surprise was sprung on the teacher by the introduction of picnic, a number of the program, but highly appreciated by the pupils, who were more than the teacher. Mr. Brinton during his short stay with us has made many friends both with parents and pupils who hope for his return next fall.

Park Valley has a daily mail beginning with May 15 next, and the prospect of a change of mail carriers.

The friends of Billy Newman will be pleased to learn that since his return from Brigham, whether he went for medical treatment for a diseased ear, he has been confined to his bed.

HADEN, IDAHO.

Promising Outlook for the Husbandman—More Homebuilders Wanted.
Special Correspondence.

Haden, Fremont Co., Ida., April 17.—We are having an ideal spring this year. Farmers and stockmen are generally encouraged. The grassy bottoms of the Teton Basin, which have furnished grazing for herds of cow and sheep, since the days of the ancient Natives, are now being converted into fields of waving grain and lucern.

Such of the old cultivated ground has been sown to lucern and new ground broken for grain planting. We have a home market for our surplus hay, sheep and stockmen buy it up and feed here, to save the long drive to winter ranges, and they are being fed by the late fall and early spring grazing.

Newcomers are welcome. We will be glad to see all the good soil in our neighborhood under cultivation. There are many acres of waste land in the transverse and others will be commenced soon.

The people of this state are glad to welcome Father John Lathrop, who has been in the home in Hayden, from Salt Lake City, where they have spent the winter working in the temple.
