DEATHS.

WILCOX.—At Kyoto, Garfield County, U. T., July 11, 1884, at 5 a.m., after an illness of six months, Catherine Wilcox. She was born at Queen Ann's Patten, Albany County, New York, December 17th, 1809 and baptized by Gladden Bishop in 1832. She moved to Kirtland, Ohio, in the spring of 1834, with her husband Eber Wilcox, who died on Fishing River, in Zion's Camp, while on the way to Missouri. She bore him three children. She was united in marriage to John Webb, Jan. 14, 1836, by the Prophet Joseph, and passed through the persecutions from Kirtland to the Valleys, where she arrived in 1850. She settled at Fillmore in 1851, where she lived till five years since, when she moved to Kyoto with her son Franklin Wilcox.

Her sphere of usefulness was unbounded, as she assisted at the birth of many, and the bedside of the sick. She knew her profession well and was extensively known and well beloved by all her acquaintances. She lived as she died, ever faithful, and passed away with an assurance of a resurrection with the just. She was mother to 9 children grandmother to 34 and great grandmother to 25.—[COM.]

TRAPPETT.—In Kaysville, Davis County, July 15, 1884, Mary Ladle, daughter of James and Jane Ladle and wife of John Trappett. Deceased was born October 31, 1857, in the town of Tompion, England; baptized when eight years old, emigrated in May 1866, arrived in Salt Lake City October 1st of the same year, moved to Farmington in 1867 where she resided most of the time. She leaves a husband and four small children to mourn her departure. She was a faithful Latter-day Saint.

CHIVRELL.—After a short illness, at 8:45 a. m., July 20, at her residence in the 21st Ward, Salt Lake City, Eliza Watts Chivrell, aged 63 years. Deceased was born in Harbury, Warwickshire, England; embraced the Gospel in 1844, emigrated to Utah with her family in 1879. She passed away quietly surrounded by all her family, in full faith of the Gospel, with the hope of a glorious resurrection.

Funeral services were held in the 21st Ward Meeting House, July 21. Some good counsel was imparted by Presidents Geo. Q. Cannon and Jos. F. Smith.—[COM.]

KOLIKER.—Elizabeth Koliker, of Zurich, Switzerland, of fever, after an illness of one week, at her residence in the Eleventh Ward.

MONUMENTAL EVIDENCE.

The Royal Baking Powder Unequalled for Purity and Wholesomeness.

The following certificates from well known chemists and scientists form as strong an array of evidence as was ever given in behalf of any article of human food:

Government Chemists Reports.

Prof. Edward G. Love, the Government chemist, says:

"I have tested a package of Royal Baking Powder which I purchased in the open market, and find it composed of pure and wholesome ingredients. It is a cream of tartar powder of a high degree of merit, and does not contain either alum or phosphates or other injurious substances."

E. G. LOVE, Ph. D."

—:O:—

Prof. H. A. Mott, Government chemist, says:

"It is a scientific fact, that Royal Baking Powder is absolutely pure."

H. A. MOTT, Ph. D."

—:O:—

Wm. McMurtrie, Professor of Chemistry, Illinois Industrial University, late Government Chemist, Department of Agriculture, says:

"The Royal Baking Powder has been used in my family for many years, and this practical test as well as the chemical tests to which I have submitted it, prove it perfectly healthful, of uniform excellent quality, and free from any deleterious substance."

WM. MCMURTRIE, E. M., Ph. D."

Rush Medical College, Chicago.

Dr. Walter S. Haines, Professor of Chemistry, Rush Medical College Chicago, says:

"I have recently examined a package of Royal Baking Powder, purchased by myself in the open market, and have found it entirely free from adulteration and injurious substances of all kinds. I have several times before tested the Royal Powder, and have always found it, just as in my present examination, skillfully compounded and composed of the purest materials."

WALTER S. HAINES, M. D."

—:O:—

Dr. H. D. Garrison, Professor of Materia Medica and Toxicology, Chicago College of Pharmacy, says:

"I have examined a package of Royal Baking Powder obtained from my grocer, and find it to be composed of pure and wholesome materials in correct proportion. It contains no alum or other injurious substance. The purity of the cream of tartar employed in this powder is worthy of special mention, since it does not contain the tartrate of lime usually present in baking powders in which cream of tartar of inferior quality is used."

H. D. GARRISON, M. D."

College of Physicians and Surgeons, Chicago.

Prof. C. B. Gibson, chemist, College Physicians and Surgeons, Chicago, says:

"I recently procured a sample of your (Royal) baking powder from the kitchen of a private family in this city, and subjected it to an examination. I found it so different from many of the baking powders advertised as 'strictly' and 'absolutely pure' and so far superior, that I thought you would be pleased to know it, and might find use for the certificate."

"In view of the vast difference and stupendous frauds that are offered to the most 'gullible' people on the face of the earth, it pleases me occasionally to strike an 'honest article.'"

C. B. GIBSON."

Kentucky State College.

Dr. A. E. Menke, Professor of Chemistry, Kentucky State College, says:

"I have very carefully examined a package of Royal Baking Powder, and find it to be a cream of tartar powder of high strength, not containing any terra alba, alum, or other deleterious ingredient, everything being pure and wholesome."

ALBERT E. MENKE."

—:O:—

Prof. Henry Morton, president of Stevens Institute of Technology, says:

"I have examined a package of Royal Baking Powder, purchased by myself in the market. I find it entirely free from alum, terra alba, or other injurious substance."

HENRY MORTON."

—:O:—

Dr. J. H. Wright and Dr. Albert Merrell, analytical chemists, late the firm of Wright & Merrell, St. Louis, each says:

"I have made a careful analytical test of Royal Baking Powder, purchased by myself in the open market here, and in the original package. I find it to be a cream of tartar powder of the highest grade of strength, containing nothing but pure, wholesome, and useful ingredients."

JUAN H. WRIGHT, M. D.

ALBERT MERRELL, M. D."

MANUFACTURERS OF

REAPERS, MOWERS

— AND THE —

OSBORNE No. 11 TWINE BINDERS

The OSBORNE MACHINES have been sold largely throughout Utah and the adjoining Territories several years. Read the following Testimonials from the Farmers of Utah:

D. M. OSBORNE & CO.,

GENTLEMEN—We, the undersigned, were to-day present on the farm of neighbor, Richard Howe, to witness the working of one of your No. 11 TWINE BINDERS, and we take pleasure in stating that, although the binding done in short barley, it was done to our entire satisfaction. The draft is and the binding apparatus so simple that any boy in his teens can readily understand and operate it. It binds every bundle. It cuts clean and we gently believe it will save its cost over hand binding.

With honest motives, we would say to our brother farmers, buy an OSBORNE No. 11 TWINE BINDER and you will never regret it. We could for nothing more perfect.
