

EASTERN NOTES.

In Springfield, Mass., the street cars bear the inscription: "Will you ride?"

A leading clergyman of New York considers ritualism "merely a matter of candles and nightgowns."

A Missouri mother lately found her infant sleeping on the floor with a snake coiled up on its breast.

A Danbury man has an interesting heirloom in the shape of a hat which was worn through 182 drunks, and still retains traces of its former beauty.

It is said that there are several ministers of the Protestant Methodist Church in the city of New York who hold confessional services and hold mass every morning.

A youth in Detroit lately took a maiden and a large sum of money and eloped from the father and owner of the same. Having accomplished this much he next took the money and eloped from the maiden, and thus secured the real object of his affection without encumbrance.

Another criminal's head came off recently while they were trying to hang him. A similar case, it will be remembered, occurred in Dublin a year or two ago in trying Professor Houghton's plan of a 14-foot drop.

Preaching has "riz" in the Unitarian denomination. Its church in St. Louis is almost in despair for a pastor in place of Rev. Dr. Eliot. Its last offer of \$6,000 a year to a young man settled in New England came back with the demand of nothing less than \$9,000 and three months' vacation.

The Arizona diamond humbug is thrown into the shade by a New York Herald sensation story about the manufacture of diamonds at a foundry in Brooklyn by the combination of various chemicals. The author of the story says that 15,000 pounds of diamonds have been made, and half of them have been sold for \$24,000,000.

Judge Allison, in a Philadelphia Court, recently ordered a tipstaff to forcibly remove the hat of a Quaker, who, according to the usages of the Society, kept his head covered in Court. This has never before happened in Pennsylvania. It is one of the incidents of William Penn's trial in the Mayor's Court in London. Now it has happened in the State that William Penn founded.

About Richard Paulson, of Hackensack, New Jersey, gathered on October 1, 208 of his children and children's children, who came to do honor to their progenitor upon the occasion of his 99th birthday. They came from East and West, North and South, each bearing an appropriate gift for the old gentleman. Mr. Paulson has voted at every Presidential election since George Washington's second term.

James Gordon Bennett, late editor of the New York Herald, left a large bequest to his wife, upon the condition that she remained a widow. This condition will be set aside by the courts. It has been judiciously decided over and over again that all conditions in restraint of marriage are opposed to public policy and are simply null and void. Mrs. Bennett is much younger than her husband and may marry again.—Ex.

At a recent murder trial in Memphis, wherein an attempt to establish insanity was made on the part of the defence, D. K. Allen was called as an expert, and testified thus briefly and rationally; I have been a practising physician for nearly thirty years; I have had some experience in cases of insanity, having been for ten years medical superintendent of the Kentucky Lunatic Asylum, and during that time had over 2,000 crazy people under my charge; I have heard the hypothetical case read by Mr. Phelan; I am here as an expert, and before answering the question would like to say that the more I studied the question of insanity the less I understand it; and, if you ask me where it begins and where it ends, neither I nor any physician in the world could tell you; in fact, on occasions like this, lawyers make fools of themselves in trying to make asses of doctors.

Are endorsed and prescribed by more leading Physicians than any other tonic or stimulant now in use. They are A SURE PREVENTIVE for Fever and Ague, Intermittents, Biliousness, and all disorders arising from miasmatic causes. They are highly recommended as an anti-dyspeptic, and in cases of indigestion are invaluable as an Appetizer and Recuperant, and in cases of General Debility they have never in a single instance failed in producing the most happy results. They are particularly BENEFICIAL TO FEMALES, strengthening the body, invigorating the mind and giving tone and elasticity to the whole system. The HOME BITTERS are compounded with the greatest care, and no Tonic Stimulant has ever been offered to the public SO PLEASANT TO THE TASTE, and at the same time combining so many remedial agents, endorsed by the medical fraternity as the best known to the Pharmacopoeia. It costs little to give them a fair trial, and

Every Family should have a Bottle.

We ask every one to read the following Certificates from many of the most eminent physicians in the country.  
ST. LOUIS, July, 1870.—JAMES A. JACKSON & CO.; Gentlemen—As you have communicated to the medical profession the recipe of the "Home Bitters," it cannot therefore be considered as a secret or patent medicine, no patent having been taken for it. We have examined the formula for making the "Home Bitters," and unhesitatingly say the combination is one of rare excellence, all the articles used in its composition are the best of the class to which they belong, being highly Tonic, Stimulant, Stomachic, Carminative and slightly Laxative. The mode of preparing them is strictly in accordance with the rules of pharmacy. Having used them, seen its effect in our private practice, we take pleasure in recommending them to all persons desirous of taking Bitters, as being the best Tonic and Stimulant now offered to the public.

U. S. MARINE HOSPITAL, ST. LOUIS, Mo., Oct. 8, 1870.—JAS. A. JACKSON & Co.; I have examined the formula for making the "Home Stomach Bitters," and used them in the Hospital for the last four months. I consider them the most valuable tonic and stimulant now in use.  
ST. LOUIS, July 6, 1870.—JAS. A. JACKSON & Co.; Having examined the formula from which your celebrated "Stomach Bitters" are prepared, and having witnessed the method of combining the different ingredients, we can safely recommend them as the best tonic with which we are acquainted. From the great care with which they are compounded, and from the choice materials which enter into them, we have no doubt that they will prove, as they deserve to be, the most popular tonic and stimulant in use. Respectfully yours,  
T. J. VASTINE, M. D. T. G. COMSTOCK, M. D.

We cheerfully concur with every word contained in the above testimonials.

CINCINNATI, Oct. 19th, 1870.—Messrs. W. B. KENNEDY & Co., Agents "Home Bitters"; Gentlemen—Agreeable to your request, I have examined the formula of the "Home Stomach Bitters," and find the remedies it contains such as are in general use by the Medical profession. They are very scientifically and pleasantly combined, and as stimulating tonics will be found especially adapted as corroborants to the treatment of low or debilitated stages of the system, whether arising from impaired digestion, or from malarial diseases.
