**DISSEMINATING ACCIDENT.**  
**A** BOY SCALDED WITH BOILING SOAP AND LYE.  
**A** correspondent, "E. A.," writing from Richfield, Sevier County, May 22d says:  
**A** most lamentable accident occurred here this afternoon. A little boy of Brother G. W. Baker was seriously injured by a kettle full of boiling soap and lye upsetting upon him, and scalding him. His right arm and side particularly, present a FRIGHTFUL APPEARANCE.  
**A** little girl of the family had the remarkable presence of mind and courage to hurriedly slip the clothing off her brother, but for which the case might have been much worse. In doing this she herself sustained some injuries. The little sufferer receiving the greatest care and attention, and as his injuries are not necessarily fatal it is hoped he will soon recover.  
**THIS** is the second case of burning and scalding which has happened in this place within a few days, and which is only an additional warning to parents to watch more vigilantly over their little ones.  
**OUR** quarterly Conference of the Sevier Stake is just concluded, and it was gratifying to see the increase and growth of our people; for never before was there so large a gathering seen in Richfield. Good instruction and spiritual food was given and received at the Conference. The duty of the deacons, Dykes, was present at the services both days. He has since disappeared without doing any business.  
**A** considerable amount of sickness seems to prevail among the people here at present, though in general we cannot consistently complain. The crops look promising throughout the valley, with exception of the fruit, which the late frost generally killed. "C. A."  
**FINED.**—To-day Justice Pyper rendered his decision in the case against A. Hall, of Bingham Junction, for selling liquor without license under the pretense of disposing of Peruvian pills. The accused was adjudged to be guilty, and was fined \$100. He appealed to the District Court.  
**Court Notes.**—Proceedings in the Third District Court to-day:

**J. E. Hamberger vs. Joseph Marlon;** demurrer to complaint granted and dismissed.  
**A. C. Higgs vs. Edgar Higgs;** trial before Court; decree of divorce granted plaintiff.  
**Andrew Russell** was admitted to citizenship.  
**Child Drowned.**—A very sad accident occurred at Aurora, Sevier County, about noon on the 13th inst. The three-year-old son of George and Maria Payne wandered from his mother, not being absent more than ten minutes before he was missing. He apparently started to go to his father, who was in the field about half a mile distant, and followed down the bank of the canal, which runs through the place until he came to an old bridge which had been partially torn up. Here he tried to walk on one of the struts of the bridge, and fell into the water and was drowned. A passing traveler saw him floating in the water and rescued the body. Life did not seem to be extinct when the child was taken from the water, as he was only in long enough for the current to carry him about one hundred and fifty yards. The alarm was given as soon as possible, and the body was recovered, but the means at hand, to resuscitate him, was done with willing hands, but all in vain. The parents were almost frantic with grief to have their child snatched from them so suddenly. —Home Sentinel.  
**REPRESENTATIVE OF AN OLD FIRM.**—Mr. Conrad, Rep. representing the house that manufactures the favorite Schuttler wagons, is in the city, but will shortly leave for Montana. His firm has done a vast amount of business in Utah and the Rocky Mountain region, and the goods it sends out hold their own in popular favor. We are pleased to know that Mr. Conrad is in good health.  
**DISCIPLINE IN DISCIPLINE.**—A California school teacher whipped fifteen of his largest girl pupils because "they did not seem to have any sort of intellectual culture, and so they have had him arrested, and he is to try conclusions with the law."  
**NOT INFANTICIDE.**  
**IS THE VERDICT OF THE CORONER'S JURY.**  
**THE** inquest in the case of Hilda Simonson was held yesterday afternoon at an adjournment, at the office of Sexton Jos. E. Taylor, the facts elicited being substantially those published in yesterday's News. In order to get at the truth in the case and avoid embarrassment on the part of the principal witnesses, all were requested to retire from the room except the jury and an interpreter, while Miss Simonson was making her statement. She was then interrogated by the jury, and answered frankly and fully every question, until the last moment, when she broke down and burst into a flood of tears. She stated among other things she was promised marriage by Bengt Fischer all along to within the last five weeks, and that she believed it was his intention to marry her, had it not been for interference on the part of his uncle. Said she had taken no medicine whatever excepting two spoonfuls of a fluid preparation (which was brought in, and which the doctors present pronounced aloe dissolved in alcohol) and this was taken two months ago for pain in the side; stated that she believed the miscarriage was caused by lifting a heavy washing machine, which she carried to the basement on Monday last, as she felt quite ill afterwards.  
**IT** appears there was nothing in the supposition that any aid had been given to the girl from any source for the purpose of producing an abortion. After her statement was finished Mrs. Fox was called in, who, being questioned, stated that she had a washing machine such as described and that Hilda had carried it up as stated, but that she need not have done so if she had asked for assistance.  
**THE** frank statement of Miss Simonson throughout seemed to impress the jury with a conviction of her truthfulness, and as it corresponded with her first relation of her story to the officers and well known facts in the case, the jurors, after brief consultation, brought in the following verdict:  
**TERRITORY OF UTAH,**  
**County of Salt Lake.**  
**An** inquisition held at Joseph E. Taylor's office in the fifth precinct of Salt Lake City, on the 25th day of May, 1887, before George J. Taylor, coroner of said county, upon the still-born child of Hilda Simonson and Bengt Fischer, there lying dead, by the jurors whose names are hereto subscribed. The said jurors, on their oaths, say, from the evidence presented, that it came to its death from the effects of heavy lifting upon the part of the mother, which occasioned premature birth, at the residence of Jesse W. Fox, Jr., in Salt Lake City, at 3 p. m. Tuesday, the 24th day of May, 1887. The said child, as described by the jury, hereunto set their hands this day and year first above written.  
**J. E. NEWMAN,** Juror.  
**J. E. KING,** Juror.  
**GEORGE J. TAYLOR,** Coroner.  
**LENTABLE ACCIDENT.**  
**THE** SON OF H. C. WALLACE DIED OF POISON.  
**AT** eleven o'clock a. m. to-day Coroner Taylor was called upon to hold the first inquest within the past twenty-four hours.  
**BEING** notified this morning that a little boy had been poisoned at the Continental Hotel, in this city, he caused a jury to be summoned at the hour indicated, and proceeded to investigate the case. After the jury had been duly empaneled and the witnesses sworn, Dr. A. C. Standart was placed upon the stand. He testified that about 6 p. m. he was called in to see a child about four years old, which he found in the arms of a gentleman on the veranda of the hotel. At the time the child's body was contorted by a spasm, which bent it backward like a bow. He inquired of Mrs. Wallace, the mother of the child, as to the cause, and she informed him that it was caused by the child's taking pills containing strychnine which had been found in a small vial.  
**THE** doctor immediately administered an antidote consisting of alkaloids of belladonna and also a solution of sulphate of zinc in hot water and sent for Dr. Hall to bring such remedies as were necessary, at once. Dr. Lorin Hall came immediately and gave the child hypodermically a preparation of morphine, in order to induce vomiting. These drugs failing they were about to try an emetic of chloral, when on listening for pulsation they found that the little heart had ceased to beat and all was over. Dr. Lorin Hall corroborated the foregoing and added that the pills in question were taken as a tonic. That they were commonly administered by practicing physicians and were entirely harmless when taken in legitimate doses, as each pill contained the one-hundredth part of a grain of strychnine. The child evidently died from an overdose of these pills, which it had found and had been eating presumably for an hour before the fatal result.  
**MR.** H. C. Wallace, the father of the child, who came in to-day on hearing of his said bereavement, said the child's name was Joseph Wallace, that he would have been four years of age had he lived until the 24th of July next, and added that this was the third child he had lost by death in the past few months. The mother was almost distracted with grief and was too ill to appear at the investigation.  
**THE** substance of the verdict was that "he died from the effects of strychnine poison, innocently self-administered."  
**MAY WHITE ACQUITTED.**  
**THE** trial of Mrs. May White, a woman who has been in the Police Court several times, and who is a notorious prostitute, was held in the Third District Court yesterday afternoon on the charge of adultery. Mr. Varian prosecuted and Mr. Geo. Deschamps defended. The following jury were empaneled to try the case: Samuel Brinkhurst, Jr., Emory Ward, Frank Shellen, A. Greenwald, S. L. Crow, W. A. Rhodes, J. W. Campbell, Samuel H. Gordon, A. H. Y. Jones, H. Nelson, John Erickson and J. M. Harvey. All of these, with the exception of Mr. Brinkhurst are non-Mormons.  
**THE** case was opened by the calling of Judge Deschamps, who testified that he was the son of the late President Tuttle, the President of the Temple Association, and is thirty years of age. He has a wife and two children in this city.  
**LATER** a telegram received shortly before four o'clock this afternoon announced that Elder Kimball died at 12:45 to-day. His body will be brought home. The relatives of the young man will feel in the sad news the force of a terrible blow, but they have the consolation of knowing that he died under circumstances of the highest credit to him. The profound sympathy of thousands will be extended to them.
