

OUR NEIGHBORS.
IONA, IDAHO.
BEEPLANTING OPERATIONS.
Will Bond for \$10,000 School House—Completion of Church.
Special Correspondence.
Iona, Bingham Co., Ida., April 27.—The contract for finishing our new meetinghouse has been let to Jeffs Bros. of this place. An effort will be made to complete the building by July or August next.
Farmers are busy preparing their land for sugar beets. Ten beet drills are in the field, and it is estimated that there is an average of 400 acres being planted every day.
Isaac Gudmundson, manager for the Iona Mercantile company, left Friday evening last for a short business trip to Salt Lake.

\$10,000 SCHOOL BONDS.
The proposition of bonding our school district for \$10,000 for the purpose of building a new schoolhouse was submitted to the qualified electors of this district last Tuesday; the vote was unanimous in favor of the proposition. C. M. Squires, the architect at Rexburg, has been engaged by the trustees to draw up plans for the new building, and we hope by the beginning of the next school year to have our children comfortably situated in an up-to-date schoolhouse.
A new meat market has been added to our business enterprises during the past week.
Mr. Clarence Farnsworth and Miss Mary Hansen were married in the Salt Lake Temple during conference.

From a Cat Scratch
on the arm, to the worst sort of a burn, sore or boil, DeWitt's Witch Hazel Salve is a quick cure. In buying Witch Hazel Salve, be particular to get DeWitt's—this is the salve that heals without leaving a scar. A specific for blind, bleeding, itching and protruding piles. Sold by all druggists.

ELBA, IDAHO.
Death of L. D. Olpin—Ward Conference—Grain Doing Well.
Special Correspondence.
Elba, Cassia Co., Idaho, April 26.—Brother L. D. Olpin, who has been sick so many weeks, passed peacefully away yesterday at a ripe old age.
Today was ward conference. President William T. Harper of the stake presidency was present and encouraged the Saints to get out of debt, and cultivate the spirit of forgiveness.
The grain is nearly all in and some is up and looking well.

A Little Early Riser
now and then at bedtime will cure constipation, biliousness and liver troubles. DeWitt's Little Early Riser are the famous little pills that cure by arousing the secretions, moving the bowels gently, yet effectively, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued for a few days, there will be no return of the complaint. Sold by all druggists.

BISBEE, ARIZONA.
New Meeting House Projected for Big Mining Camp.
Special Correspondence.
Bisbee, Cochise Co., Arizona, April 25.—The following from the Bisbee Daily Review of April 17, shows what progress is being made in the large meeting house project in this city. The church was organized in December last by President Andrew Kimball of the St. Joseph Stake. It will no doubt be of interest to many.
Elder M. A. Stewart, of the Church of Latter-day Saints in this city, stated yesterday afternoon that plans are under way that will probably result in the building of a church in this city for the members of his congregation.
"We now have nearly eighty members of the Church in Bisbee," said he, "and we feel the need of a building almost every day in the week. Our church has several auxiliary branches, and about every evening of the week is taken up with some kind of meeting."
Our intention now is to build at some point in the upper part of Tombstone canyon. The most of the members live there, and it would be most convenient to have the church well located. It is not our intention to build a very large church, owing to our limited means."
Arrangements are now being made to obtain ground at some point well toward the head of the canyon. Elder Stewart stated yesterday that it will be several weeks before anything can be done toward the building of the church.
"We will be pleased to have the people visit us in our new quarters," said he, "and learn something about our religion. Visitors are always welcome, as we feel that it is the best means of ascertaining what we believe to be the true religion."
For the benefit of those who do not understand the articles of faith of the Church of Jesus Christ of Latter-day Saints, Elder Stewart submitted them to the editor, and they were published in full.

The X-Rays.
Recent experiments, by practical tests and examination with the aid of the X-Rays, establish it as a fact that Catarrh of the Stomach is not a disease of itself, but that it results from repeated attacks of indigestion. "How Can I Cure My Indigestion?" Kodol Dyspepsia Cure is curing thousands. It will cure you of indigestion and dyspepsia, and prevent or cure Catarrh of the Stomach. Kodol digests what you eat—makes the Stomach sweet. Sold by all druggists.

THATCHER, ARIZONA.
SCHOOL COMMENCEMENT.
Academy Students Give Concert in County Seat.
Special Correspondence.
Thatcher, Graham Co., Arizona, April 25.—County Prosecuting Atty. William Rawlins gave \$10 as a prize for the best orator in the contest Tuesday night. Dr. Warner of Thatcher, Probate Judge Little of Solomonsville, and Miss Swartz of our district schools were the judges. Harvey Mangum, Powell Cosby and Miss Lulu Block were the contestants, the lady carrying off the prize.
On Wednesday night the old academy building was filled to overflowing with district school children and parents.

LOVELL, WYOMING.
DIPHTHERIA CLAIMS VICTIM.
Beneficent Rain—Plenty of Work For All at Good Wages.
Special Correspondence.
Lovell, Big Horn Co., Wyo., April 27.—This town is quite alarmed at the appearance of the dread disease, diphtheria. There was one death yesterday, that of the little three-year-old daughter of Willard and Rose Pearl. The home of Brother Pearl is quarantined and the people are using every precaution to stop the spread of the disease. It is reported that Aaron C. Asay has a sick child, supposed to be suffering from diphtheria.
We had a beautiful rain last night and part of today, the first to do any good for about a year. It looks as though we might have more. Everybody is busy putting in crops or shearing sheep. Some of our people are preparing to go to Montana to work on the railroad. All can find work here who want work and can get fair wages.

BAKER CITY, OREGON.
LUMBER SHIPPERS OREGON.
Will Maintain Uniform Grades and Prices of Lumber.
Special Correspondence.
Baker City, Ore., April 26.—The lumber manufacturers and shippers of eastern Oregon met in this city yesterday and effected an organization, to be known as "The Eastern Oregon White Pine Shipping Association." The following companies were represented: Oregon Lumber company, Grande Ronde Lumber company, Stoddard Bros., E. H. Service & Wright, Lake Superior, Shockley & McMurran, J. Mitchell, Imbler, Goodnow, Hilgard, Sumpter and J. D. Cassey Lumber companies. Officers were elected as follows: E. H. Service, of the Grande Ronde Lumber Co., Pres.; J. E. Hyde, of J. E. Hyde and Henry Stoddard, of Baker City, F. S. Perry, of

FIFTY CENTS A MONTH
A small bottle of Scott's Emulsion costing fifty cents will last a baby a month—a few drops in its bottle each time it is fed. That's a small outlay for so large a return of health and comfort.
Babies that are given Scott's Emulsion quickly respond to its helpful action. It seems to contain just the elements of nourishment a baby needs most.
Ordinary food frequently lacks this nourishment; Scott's Emulsion always supplies it.

We'll send you a sample free upon request.
SCOTT & BOWNE, 405 Pearl Street, New York.

when one of the most interesting programs was rendered.
Thursday night Judge Doan of the district court addressed the graduates, 15 in number. The talk was able and very much appreciated. The musical numbers were most delightful.
At the stage of the lecture, members of the board, the faculty and pupils quietly assembled up stairs in the library hall where they gave a complete surprise to President Maeser. During the evening a spread of ice cream and other refreshments were served and some splendid toasts were given. With a fitting speech, Prof. John Nash, in behalf of those present presented Brother Maeser with an autograph album from the missionary class and a gold headed cane from the school.
Friday was graduated day, at 10 a. m. the honored number took their places on the stage. The graduates of the commercial department are: Joseph Phillips, Powell Cosby, Joseph Curtis, Aaron Cheney, Misses Low and Ethel Evans, Chloe Welker, Verla Layton, Lillie Barney, and those of the kindergarten normal: Misses Loua McBride, Rosalita Cheney, Della Curtis, Elta Lee and Lizzie Dameron. All were given certificates. Mr. Hyrum Smith and Miss Louise Stephens were given department certificates.
The kindergarten children marched in and covered the graduates with roses.
During the afternoon there was a splendid program given under the direction of graduates.

CONCERT AT SOLOMONVILLE.
To start the week out and as a compliment to the academy faculty and students gave an entertainment in the court house at the county seat, clippings from the Bulletin of that place expressing fitting appreciation of the efforts of our singers.
Last Monday evening the Thatcher academy students drove up to Solomonsville and gave us one of the most delightful musical treats that has been heard at the court house in a long time. There were some 50 in the party. Standing room in the hall was at a premium.
In the opening remarks Prof. John Nash, of the academy, stated that they had not come to Solomonsville to show what they could do in a musical way, but rather to make a friendly call, and extend a cordial invitation to the public to attend the commencement exercises at the academy.
The opening chorus sang by a choir of 50 was a beautifully rendered and showed conclusively that the academy students receive a very thorough training in vocal music. They sang with a vim and enthusiasm that was most pleasing to hear.
Miss Robinson sang a charming solo. She immediately became a great favorite with her hearers.
Prof. Wichtman sang the "Holy City." He was in fine voice and rendered his solo in a masterly style.
During the concert the academy orchestra gave several selections which were above the ordinary. Taken altogether the academy concert was much enjoyed and they are assured of hearty welcome when they again appear at the county seat.

OFF TO SUMMER SCHOOL.
This morning the depot was thronged with citizens and students who were there to bid farewell to departing teachers and others. The Curtis family returned to Logan, Utah. Prof. Maeser, Prof. Nash, other teachers and pupils and friends leaving Thatcher, some go to summer school, some for the summer season and some not to return.

BUNKERVILLE, NEVADA.
DEATH OF W. B. EARL.
Patriot and Pioneer—Very Promising Prospects for Farmers.
Special Correspondence.
Bunkerville, Lincoln Co., Nevada, April 27.—W. B. Earl, son of Sylvester H. and Lois Owen Earl, a pioneer of 1848, died at his home in Bunkerville, Nev., on April 18, 1903, at the age of 64 years. Brother Earl suffered very much the latter part of his life from a malady contracted through exposure, while in Echo canyon, helping to defend his people against Johnston's army. In the year '61 he came to Dixie and located in Pine Valley, where he married Harriet M. Wright, daughter of Orange L. Wright, and granddaughter of Lyman Wright. In the year 1879 he came to Bunkerville and has since passed through the hardships incident to the settling of this country. Deceased was a consistent Latter-day Saint, respected by all who knew him. He leaves a wife and four children, one of whom is now on a mission to the Society Islands. Farmers and stockmen are feeling very happy over the bright prospects before them, which are more promising than for years. The spring in a mode for fruit and other crops, and the range are covered with good feed. There are a goodly number of settlers looking this way, and with the advent of the railroad our country will be transformed into a winter resort for the wealthy, who seek comfort and relief from the more rigorous winters.

The Waste of the Body.
Every seven days the blood muscles and bones of a man of average size loses two pounds of worn-out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets up, health gives way, and disease sets up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by all druggists.

MAGRATH, CANADA.
PREPARING FOR BEET PLANTING.
Slight Losses in Cattle—Stock Wintered Well on Range.
Special Correspondence.
Magrath, Alberta, Canada, April 27.—We are enjoying beautiful weather in this part of Alberta. The farmers have been busy putting in crops since the 15th of March. Nearly all the grain is planted, and attention is now being turned to preparing ground for the planting of sugar beets. Two beet drills are here now ready for work. Spring is rather late this season, and owing to a heavier fall of snow than usual in February, there was slight losses of cattle on the range. Most of the stock and horses are looking well. Many horses after wintering out in good condition for ploughing, and good beef cattle have been taken from the range at all times all winter.
Quite a number of people are coming here this spring. A large implement house, and another store, have been added to the business houses of Magrath recently.
On the 22nd inst., E. E. Empey, a highly respected citizen of this place, answered the final summons. He came here from Ammon, Idaho, and leaves a wife and two small children.

GOOD OLD WINES ARE BAD.
There is not one man in 500 who does not believe that old wine is good wine and better worth paying for than wine that is middle-aged or new. Yet only a short time ago, in London, some cases of chloroform were sold at 25 a bottle, and were found on opening to be not worth 2d. They were "Chateau Lafitte" claret, of the famous year called the "Comet" vintage of 1811, and great things were expected of them.
Wine experts and wealthy connoisseurs came from far and wide, and some engaged brokers to buy the wine at any price. When the bottles were opened the wine was found to have as much flavor as flat soda water, and was quite undrinkable. It was worn out by age. In the same way, not long since, a quantity of hock from the cellars of a country house, of the year preceding Napoleon's retreat from Moscow, fetched 24 per bottle, and from Moscow have lost everything except its color—London Answers.

THE BEST MILLING PUTS ONLY THE BEST OF THE BEST WHEAT INTO HUSLER'S FLOUR.
Give it one trial.

TREATMENT FOR CATTLE BLOAT.
Many cattle annually die from bloat (typhitis), not alone from alfalfa, but from other classes of food, which need not die if the owner kept in readiness some remedy which could be laid hands upon at any moment when needed, and if the owner had simply a little gumption and the courage to use it. As a medicinal agent, none is known better than carbonates of ammonia, writes C. D. Smead, of New York Tribune. Have the druggist weigh up several half-ounce quantities of it, and put up in separate packages well wrapped in paper. Then put these packages in a fruit can and fasten the cover down tight. Whenever a cow or other cattle is found bloated put one of the powders in a pint of cold water and pour down the animal, keeping the mouth open with a piece of wood two inches in diameter, used as a wedge. The powder will be pushed into a bit in the mouth. If not relieved in 15 minutes, give another dose. This will cure perhaps five out of every six cases. But if the animal is severely bloated and liable to die before the remedy can be administered, then tapping must be resorted to. Every farmer and every farmer's boy 10 years old—yes, the farmer's wife and daughter—should be taught to tap a bloated cow. It is a very simple thing to do. In the absence of a trocar, a pocket-knife can be used. The place to insert the knife or trocar should be about half an inch from the back and the last rib, and six inches from the backbone. Insert the knife or trocar at an angle that would come out if long enough, just forward of the udder on the right side. Then no mistake will be made as the knife or trocar will be punctured every time. Many insert the knife nearly in a horizontal line, and others too perpendicular, and as a result no gas is let out, as they do not puncture the rumen. Always use a blade when a knife has to be used, fully two inches long and not less than a half inch wide—three-fourths is better. The trocar has the advantage, as a tube is left in to allow the gas to escape, when if the knife is used a larger puncture has to be made, and frequently the cut will become filled with food. As every farmer should own a trocar, and know how to tap cattle, as I have known so many cattle die before a veterinarian could be got, or even a neighbor who could tap a trocar could be hunted up to do the work. Almost any druggist can procure for you a trocar of instrument makers who he has dealings with.

Very comfortable cars they are—toll-free, wide vestibules, everything clean and bright and comfortable. Not so fine as look as palace cars, just as good to ride in, though.
Berth rate, Salt Lake to Chicago, only \$4.00; to Omaha, \$3.00.
Drop in and get posted; or, see your local ticket agent.
Remember the Burlington is the short line from Denver to all the East.
