A Wonder to Herself.

TANKTOWN, Delaware Co., O., March 20th, 1873.

To Dr. R. V. Pierce:

Your Discovery needs only a fair trial and it will do all you recommend it to do and more too. When I was fifteen I caught cold, and for twenty-eight years I have been a perfect wreck of disease, and all the medicines and doctors' bills have run up at times to two and three hundred dollars, and never any better but worse, when I give up all hope last spring of living the summer through. I received one of your Account Books and told my husband after reading it that it was too late to try further, but he said it was never too late. He went and bought two bottles, and I found it was helping me very much. Since 1841 I was troubled with Catarrh and Sore Throat, and was almost entirely deaf in one ear, and my voice was as dull as dull could be. There was constant pain in my head. Now my head is as sound as a dollar, my voice is clear, and I have used ten bottles of your Discovery. It has cured me of Catarrh, Sore Throat, Heart Disease, Spine Affection and Torpid Liver. My Liver was very bad. My skin was rough. When I put my hand on my body it was like fish scales. Now it is as smooth and soft as a child's. In conclusion I will say I have been well for three months. I am a wonder to myself and friends. This is but an imperfect statement, half has not been told.

Yours with respect,
HESTER LACKEY.

LOCAL AND OTHER MATTERS.

THERMOMETER 52 degrees F. in the shade, at 1 p. m. to-day. Fine.

Accident.—Yesterday a young son of Mr. John Eugene, residing in the 19th Ward, was climbing on the coal shed and fell, fracturing his left fore arm. The injury was attended to by Dr. H. Davis, assisted by Dr. Plant. The patient is doing well.

A Hoax.—Some person who evidently possesses more fondness for practical joking than good sense, endeavored to hoax the public and create a sensation yesterday by posting up a notice announcing that "Katie" Bender, the "she devil," had been captured at Bingham Creek, and had arrived here by the afternoon train. The author of that notice evidently wanted to see a general rush to the City Jail, but the *ruse* didn't take. Such attempts to create false rumors should be punished, whenever the perpetrators are discovered.

To Bishops and Others.—For the benefit of those who desire a complete and faithful record of their families, when born, blessed, confined, etc., in their respective wards, and with a view of securing uniformity of information under suitable headings, a Bishop's Record has been carefully compiled by the authority and sanction of the bishops and leading men in Israel, and as such is recommended, hoping the bishops and brethren of wards will avail themselves of a correct record, that may be handed down to posterity.

Respectfully yours,
EDWD. HUNTER,
L. W. HARDY,
J. C. LITTLE.

Suspicious Conduct.—On Wednesday afternoon, while a niece of Mr. C. H. Wilcken, aged about fifteen, was returning home from school she was accosted by a well dressed man. He informed the girl that he was a stranger, just in from the East, was going down to the lower part of the city, and would accompany her. On arriving at the locust patch, near the B. Y. lower mill, he asked her to go into the enclosure with him, which she refused to do. He then asked her to meet him there in the evening. The girl got frightened and ran home as fast as she could. She told her uncle, Mr. Wilcken, of the circumstance, and on learning it, he set off at full speed, in hopes of overtaking the fellow, but was unsuccessful. Had he caught up with that scoundrel, whose intentions cannot be mistaken, the latter would doubtless have had occasion to keep the matter in remembrance during the remainder of his life.

The parents and guardians of girls should instruct the latter to hold no converse with those who are strangers to them. There are characters in this city who will do almost anything to gratify their hellish lusts.

A Villain.—About ten o'clock last night, Mr. Nelson Empy and family, whose residence is on South Temple Street, were aroused by hearing a loud scream and a sound as if something had fallen immediately outside the house. Mr. Empy and a lad immediately rushed to the door, on opening which they saw a young lady struggling in the hands of a ruffian. Mr. Empy got a pistol and went after the scoundrel as quickly as possible, but owing to the fierceness of the wind and the darkness of the night he escaped. The lady who, as may well be imagined, was terribly frightened, was taken into the house. It appears that she had been down town on an errand and, in returning, discovered that she was doggedly followed by a man. To elude him she entered the gate and stood upon the porch of Mr. Empy's residence, where she remained half an hour, in hopes that the fellow would move away, but he kept pacing back and forth on the sidewalk.

As soon as the lights were put out inside the house the villain approached her and seized her with evil intent. She stated that being a stranger to Mr. and Mrs. Empy, she did not knock for admittance and protection. After the lady became composed, Mr. Empy saw that she was escorted safely to her home, which was only a short distance away. She is a lady of respectability.

The fellow who attempted this dastardly, brutal outrage had better look out for squalls. He was sufficiently seen for identification.

This circumstance should act as an additional warning to ladies in regard to the danger of going out of doors nowadays after dark without a male protector. The condition of society in this community has materially changed of late years, and not for the better. There is more "civilization" here than there used to be.

Cache Valley.—In a letter from Brother James A. Leishman, dated at Logan, April 16th, he says—

"Our winter is now beginning to loosen its icy fetters, and Mother Earth begins to show her venerable face once more. The south sides of the mountains afford us some relief for our famishing stock, and the farmer begins to look after seed, farming utensils, &c.

"The Utah Northern Railroad north of Smithfield is now being pushed to completion to Franklin, to accommodate the Spring traffic to Idaho and Montana.

"The indefatigability of our citizens is not to be beaten, although many of our brethren are as sorely pressed as they were the grasshopper war, having fed out to their stock their seed grain and vegetables, yet, by dint of rigid economy, we hope by the blessing of the Almighty to survive and build up the kingdom of God in these valleys."

Theatre.—Last evening Miss Annie Graham appeared as "Helen Lawriston" in the beautiful emotional play of "Shadows," which was well presented before an admiring audience.

This evening, for her own benefit, Miss Graham will appear as "Gabrielle Le Brun," in the great sensational four act drama of the "Geneva Cross," Miss Adams as "Martagon," Miss Cogswell as "Mlle. Cassandre," Mrs. Crosbie as "Fraisette," Mr. Sawtelle as "Riel Du Bourg," Mr. Thorne as "Mathieu Moineau," Mr. Crosbie as "Simon Cornichet."

By the courtesy of Gen. H. A. Morrow, the drum and fife band and accessories from Camp Douglas have kindly volunteered to appear on the occasion.

During the evening the orchestra will perform the "Skandinavian Military Quadrille," by H. Monson.

Grand Graham matinee to-morrow.

Last night of Miss Graham's engagement to-morrow evening.

Scandinavia.—Elder P. C. Geertsen, in a letter in the *Millennial Star*, dated Aarhaus, Denmark, Feb. 22, says that he and the little company of Elders with whom he left Liverpool, arrived in Copenhagen, Nov. 20, three and a half days' journey, and were heartily welcomed by the Saints who were assembled for Conference. After a few days' rest the Elders dispersed to their various fields of labor, Elder Geertsen going to Aarhaus, where he formerly labored six years, Elder C. F. Sclade being the present president. Elder Geertsen visited his relatives, who were surprised to see him. Elder Geertsen continues—

"Since I came here I have visited the different branches of the Conference and find that the work is progressing. We are adding constantly to the number of God's people in this part of his vineyard, and I have the satisfaction already of knowing that my labors have brought some into the church.

"I have found some individuals with whom I was acquainted in former days, and who heard me preach then. When they heard that I had returned to this country, they were anxious to hear what I then had to say. Some, I rejoice to say, are now baptized and others are nearly ready for baptism.

"I have no doubt but what a great many will yet embrace the truth in this country, and gather with the Saints, for there are many good and honest souls who can see the great fall whereunto man has fallen.

"We have baptized forty-three souls during the last three months, and others are getting ready for bapt sm.

"I am well, both in mind and body. Please give my kind regards to the Elders who know me. I would like to hear from some of them."

Two Problems.—There are two problems the solution of which has been frequently attempted by the people of the nineteenth century, and as frequently failed—"aerial navigation" and perpetual motion. Prof. Wise, of "*Graphic* balloon" and "eastern current" celebrity, stands among the latest "attemptists" in the first line, but he turned out to be a fizzle "of the first water," and a genius, named Edwards, of Provo, was recently a candidate for the honor of the discovery of the second principle. Of the last, however, we have not heard much lately, and the aerial navigation business seems to be rather quiet just now. Barnum announced some time ago that he was going into the balloon business, and he is said to be the price of humbugs, and from this it might be considered that the whole idea was rather humbuggery, which may or may not be so. Speaking of humbugs, however, it does not appear that Barnum is much of a humbug, for a humbug is something that is not genuine, and Barnum is a genuine humbug by actual profession, while the real humbug is the individual who is one in reality, while professing to be something else. One thing the *Graphic* has done by the balloon affair, it has spread its journalistic fame over the civilized world.

Boreas.—One would suppose that the jaws of old Boreas must ache, for the manner in which he snorted and blew last night would have led one to imagine that unless they be extraordinarily tough they would burst. His bellows are still in good order, however, as he has been giving a few vigorous puffs to-day. His breath was somewhat icy last night.

Erratum.—In yesterday's NEWS, in an article headed "Judicial Dodging," an error of the types caused us to say "The Judge at once said he had got himself into a snap. "For "said" substitute saw. Judge McKean, so far as we are aware, never says he is in a snap, however plain the snap may appear to himself and everybody else.

Our Country Contemporaries.

Ogden *Junction*, April 16—

Two proprietors of beer saloons have been at work to-day! Ploughing, too. Fact.

Last night Mr. Taylor Heninger missed a bunch of whiplashes, which had been exposed for sale and hung up just outside his store doorway. He communicated the fact to Officer Owen, who kept his eyes open for whips. Walking down Fifth street, he saw a lad about 14 or 15 years of age, smacking a new whiplash, and enquired where he got it. The boy said he had been driving a team for a man who was working on the Utah Northern, and had brought his whip up town with him. Enquiry proved that this statement was false, so far as the whip was concerned, this being one of the stolen dozen from Heninger. Early this morning the lad, who gave his name as Vaughan, and said he came from Salt Lake, was missed from his lodgings at Pool's Hotel, and has not been seen since. He did not leave by the train. Look out for new whiplashes, and "when found, make a note of," or communicate with the police.

Beaver *Enterprise*, April 13—

A meeting was held this morning at nine o'clock by the members of the new Order to enter into arrangements for classifying the different branches of business and elect men to take charge of the same. But up to the time of our going to press we have not learned the result of their deliberations.

Joseph Asay, writing from Mt. Carmel, April 2nd, says he started out some teams to this place on the 1st of February, but owing to the large amount of snow they had had there, they had to abandon their wagons and return with their animals. The storm caught them at the head of the Long Valley, where they left their wagons in six feet of snow. Long Valley and Upper Kanab had lost many horses, and he feared a great many cattle. His boys had just arrived from the head of the Sevier, and reported stock doing well.

The people were busy putting in their crops and making gardens. They were working on the new system, all having entered into it but one or two. He says it will be some time before the upper settlements will get to farming on account of the snow, which is still deep there. All things are lovely, and good health prevails.
