URGENT REQUESTS FOR A GRAND JURY

Made to Dist. Atty. Halverson to Investigate Conditions of City.

WILL PROBE GRAFT CHARGES.

Mayor and Council Committee With Attorney Will Hear Charges Against City Officials Thursday Evening.

Ogden, Utah, Jan. 31.—More urgent requests than ever are being made of Dist. Atty. Halverson, to request Judge Howell to call a grand jury, both by letters and personal visits from prominent citizens. The address of Rev. Father Cushman last Sunday from the pulpit in his congregation wherein he scored severely the openness of Electric avenue and other places has been an incentive to others to make known their views on these matters. The district attorney received a lengthy letter yesterday from a gentleman wherein he makes some serious charges concerning the tenderloin district and states that he would gladly go before a grand jury and testify to the charges he makes and could find many others to substantiate his statements. If these requests continue Mr. Halverson will feel in duty bound to ask for a thorough investigation of the charges made to him. Dist. Atty. Halverson states that more rooming houses must be placed on the inmates of these houses of infamy, who have been very bold of late.

Chief of Police Browning is very desirous of doing his duty in these matters and will do everything in his power to keep these evils at a minimum.

Bagley, and a committee of the city council are to hold an investigation meeting at the city hall building for the purpose of sifting to the bottom the many stories that are afloat and have been started charging that some of the city officials were grafting on the city. Just before Mayor Glasman retired from being chief executive of Ogden he sent a communication to the city council asking for such an examination, and soon after his request Mayor Conroy assumed the responsibility of the city's executive, and the council appointed him with several others to conduct the investigation and they have chosen Thursday evening as the date when the accusers of city graft will be invited to be present to make their charges, so that the committee may determine whether the accusations are with or without foundation. An invitation is extended to anyone to be present and especially any person who can give the committee any information concerning slot machines, gambling and other things, through which it has been alleged some of the city officials in the past were getting graft money for certain privileges granted. These charges are serious and should anyone know of such grafts it is their duty to present the facts to the committee so they can act justly in the premises.

COLORED MEN OUT STEALING.

A colored man named Roy Smith was arrested last evening by the police at the request of a Chinese restaurant keeper, charged with disturbing the peace. Smith went to the restaurant and had a meal. It is claimed by the Chinese that he went in and ate a meal and went up to the counter to pay for the same, but when the proprietor placed the change on the counter, Smith tried to steal it, but was caught in the act and then caused a disturbance.

Ton. Wing of the Banquet restaurant also had an experience with a colored man. Four of them entered the restaurant and gave their orders to Tom, who went to the kitchen to get them filled, when one of the men went

to the money box under a front counter and stole about \$10, then ran away before an officer could be secured. He was not captured.

Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering and fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain in the back, joints and muscles, make your head ache and back ache, cause indigestion, stomach and liver trouble, you get a swollen, yellow face, heart trouble, you may have plenty of ambition, but no strength, get weak and waste away.

The cure for these troubles is Dr. Kilmer's Swamp-Root, the world famous kidney remedy. In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that is known to medical science.

How to Find Out

If there is any doubt in your mind as to your condition, take from your urine on rising about four ounces, place it in a glass or bottle and let it stand twenty-four hours. If on examination it is milky or cloudy, if there is a brick-dust settling or if small particles float about in it, your kidneys are in need of immediate attention.

Swamp-Root is pleasant to take and is used in the leading hospitals, recommended by physicians in their private practice, and is taken by doctors themselves who have kidney ailments, because they recognize in it the most successful remedy for kidney, liver and bladder troubles.

Says President Roosevelt

"It is of incalculable consequence to the man himself that he should be sober and temperate, and it is of even more consequence to his wife and his children; for it is a hard and cruel fact that in this life of ours the sins of the man are often visited most heavily upon those whose welfare should be his one special care."
