big time at the Commercial club rooms

tomorrow night; the occasion being the

second annual banquet of that organi-

The committee on arrangements has

practically completed its labors, and

everything is in readiness for a great

feast and a consequent outpouring of

The committee has decided to make the

affair as impromptu as possible, and

with the exception of a few star speak-

ers, who are well known in Salt Lake, no

one knows who Toastmaster Fisher

Harris is likely to call upon for re-

sponses. It is a pretty sure guess that

he will not overlook any broker, who does not stay away from the banquet.

It is suggested that it might be well for

the toastmaster to call upon a few of

those who went "short" recently on

Martha Washington stock and explain

just how it happened. On the other hand it may be of interest to the as-

sembled guests to hear from a few of

nose who happened to get on the

Tomorrow night's banquet will un-

DALY-WEST WAS MUCH STRONGER

Stock Wanted at Advanced Prices On Stock Exchange.

SELLERS WERE NOT ANXIOUS

July a Few Sha 2s Could be Gotten-Lower Silver Quotations Seemed To Cut No Figure.

When the morning session of the tock exchange closed this forenoon, he blackboard showed up sales to the xtent of 18,725 shares, bringing \$2,242. The star feature of the day was Daly-West, which entered the arena in good rim. Notwithstanding the fact that alver was quoted lower, the stock openad strong, and a sale of 25 shares was registered at 39.90, or 57½ cents nore than the highest quotation of Wednesday. Another 25 lot soon folowed at 40.20, and a third bounded up to 40.40, when the holders of the stock refused to loosen up any more at a price less than 41.00. The bidders wouldn't meet this, so the stock was passed. On the open board, however, a 25 bunch was caught at 40.40.

Daly-hidre was also stronger this

a 25 bunch was caught at 40.40.

Daly-Judge was also stronger this morning and in good demand, from 5 to 15 cents higher than at the previous call. Ingot was active at no advance. Wabash opened at 66 cents a share, but weakened a few points.

The quotations and sales were as follows:

BLUE JAY EXTENSION.

Beaver County Mine is Behaving Well Under Development.

and no systematic effort was

made to carry on a campaign of

The Blue Jay Extension mine is property located in the extreme south-western portion of Beaver county, al-Than Any Other Country. . most in the shadow of Indian Peak, It is very difficult for one who has not looked closely at its location and extent to appreciate the peculiar ad-vantages of California. In latitude it extends from the southern line of familiar land mark in that section of the state. The mine has produced considerable ore in days gone by, when pliver commanded a greater price than does now-a-days. It was worked South Carolina north to the southern for its silver-lead bearing ores and lit ine of Massachusetts, covering on the tle attention was paid to anything else. The rich ores were extracted wherever Pacific slope a corresponding coast line extending inland on an average abo. two hundred miles. Take the At-

lantic coast line covering the same width, examine it critically, and see pecting to open up new ground. Even-tually the mine had to close down and what a hive of industry and what an immerse population is covered.

Lay a similar area in the same latiit remained in that condition until few months ago when a local company took up the proposition and undertook to re-open it. Development work has tude in the Mississippi valley, running from the northern line of Louisiana to the northern line of Illinois, and see been in progress for several months and as the year closes those interested what an agricultural region it com-prises. And yet California has many (ce) greatly encouraged over the outadvantages over either ken spent in doing dead work, result these tracts. In variety and fertility of soil, in climatic conditions, it stands are about to be accomplished by cut ting into the ore channels,

MONEY RATES CONTINUE STIFF

Second Annual Feast of Stock Effect Was a General Reaction Below Wednesday's Close.

MOVEMENT VERY NARROW.

Some Speculative Interest in Few Specialties at Opening-Market Spotty and Uneven.

New York, Dec. 26 .- The only speculative interest in the opening dealings was in a few of the specialties. Moderate buying orders for St. Paul, Rock Island, and some of the specialties gave a momentary advance to the list, but the general movement was very narrow. St. Paul rallied to 177 and Amalgamated and Metropolitan Street railway sold 1@1% above Wednesday's close. Traders realized in the leaders later and Union Pacific and Sugar broke, causing the market to react. The market was spottty and uneven and trading small. There was a general reaction during the second hour to below Wednesday's close, owing to the stiff money rate. Great Northern preferred jumped 4. The market showed

some recovery at noon.

Bonds were irregular at noon. Room traders turned their attention to a number of low priced railroads and bid them up strongly. Rock Island, Eric, Southern Railway and Reading felt this demand and there were also important gains in the transcontinental and southwestern groups. New York Central, B. & O., the Eries, Rock Island, St. Paul and St. Louis and San Franisco improved 1@11/2 and Anaconda

doubtedly be a happy affair. Among the principal talkers who have prom-ised to be there are Judge C. C. Good-The market made further progress upward on a good volume of buying. Delaware & Hudson, and Pullman rose 2; North American 21/2; Wabash pre-ferred, Missouri Pacific, Colorado Fuel, Contract Let for Continuing shaft at Tennessee Coal, Sugar, Consolidated Gas, Leather, preferred and Steel pre-ferred a point or more. St. Paul, Louis-ville and Canadian Pacific were taken hold of at 2 o'clock and marked up 14 Eureka, Dec. 25.-Watson M. Nesbit, Sr., the well known mining expert, who

St., the well known mining expert, who has been in Colorado for the past six months, investigating some valuable mining properties, has returned to Eureka to spend the holidays with his family. He will return to Colorado the brst of January to further push his investigations. Mr. Nesbit is high in his praise of the mining industries of our sister state, but says Utah is far ahead of her in the development of anining properties, as the manner of Government bonds, steady.

Mullah, who caused so many outbreaks on the noreswest frontier of India, died MINING! CONCENTRATES. Sig Simon has received some very

good reports from the Sunrise mine in Park valley, in which he is interested. A tunnel is being driven, which is now 450 feet in length. Word comes from the Blue Bird mine in Park valley that ore has been en-countered in the main tunnel, which has been run a distance of 175 feet.

Col. S. B. Milner departed this morning for Idaho, where he has gone to look after some matters relative to the big Twin Falls irrigation enterprise in Supt. D. R. Williams of the Carlsa of Tintic spent Christmas in Salt Lake.

Wm. M. Curtis, general manager of Glencoe mine, Park City, was in Salt Lake yesterday. The new pumps recently installed in

the property of the Consolidated Mines company of Tombstone, Ariz., are in place, and the task of unwatering the Reports have been received from the Sunnyside mine in the Thunder Moun-tain district, Ida., from Mr. Abbott, the

superintendent, who claims that a body of ore 70 feet in width has been ncountered, which assays about \$15 to The Bull Run mine in Elko county, Nev., are said to be paying a profit of from \$6,000 to \$8,000 per month. The mine is equipped with a 20-stamp mill.

Considerable development work is reported in progres in the Heath mining listrict, Idaho, this winter.

It is said that the payroll of the Camp of Pearl, Idaho, now runs close to \$11, 000 per month.

The management of the Uncle Sam mine at Wickensburg, Ariz., has announced that the new shaft now being sunk in that property will be continued

to the 500 level before cross-cutting. Good progress is being made with the construction of the new smelter of the New York & Nevada Copper company

It is said the consumption of pig iron per capita in the United States has increased in 51 years from 61.6 to 464.4

William R. Allen of Anaconda, Mont. who is the owner of some extensive gold mines in the French Gulch district, that state, is prominently tioned for the position of speaker of the

house of representatives, during the next session of the Montana legislature, Secretary James Shorten of the Mining exchange will go to Ogden tomor-row to remain over Sunday.

V. P. Strange, the well known mining engineer, is back from a professiona trip to Cherry Creek, Nevada. The Grand Central and the Lower Mammoth are in with two cars of ore

each today. Frank Morehouse, the well known mining promotor and operator is ex-Harley Milner is down from Idaho

where he has been for several weeks, in the interest of the Twin Falls Land Harvey D. Trenam, superintendent of the Ben Harrison and Beaver Con.

properties of Beaver county is prepar-

ing to move his family to comfortable quarters in camp. The Columbia Copper mine of Bing-

ham is in today with a car of concentrates. J. F. Glbbs, editor of the Marysvale

Free Lance, is in the city for a brief resting spell. He reports nothing especially new in the southern gold camp. Manager J. J. Trenam of the Stock ton Consolidated Gold Mining com

pany, is making an inspeciton of that

property today.

A correspondent of the Boise States. man, at Roosevelt, writes: "It has been storming in the Thunder Mountain dis-trict almost incessantly for the past three weeks, and the snow is now from three to five feet doep. To go away from the well beaten trails on have his packs or skees to travel on, However, the deep snow does not in-terfere with development; the several companies operating in the district are well prepared for the winter and work goes steadily on."

W. E. Hunter of St. Anthony, Ida. spent Christmas in Salt Lake. He re ports that William Hill, superintendent of the Teton Coal company, has re-cently opened up an immense body of coal in the Teton Basin. The vein is of sufficient dimensions to supply the in-habitants of that section with fuel for a good many years to come. The find will materially lessen the present price of coal in that country.
