READ THE DIRECTIONS.

TARRANT'S SELTZER APERIENT

Murder in the First Degree is generally brought to light—but thousands of quiet murders, of which the world never hears, are committed by the administration of wrong medicines. The dyspeptic, the bilious, the fever-ridden, the rheumatic, are too often poisoned with deadly drugs, when the persistent use of Tarrant's Effervescent Seltzer Aperient, with proper precautions as to diet and regimen, would inevitably have worked a speedy and thorough cure. In kidney diseases, bowel complaints, fevers, nervous paroxysms, and all other ailments that reduce the strength and vital power of the system, sustain, refresh, purify, cleanse and regulate it with this invaluable saline remedy. Sold by all druggists.

GENERAL ELECTION

1877.

THE qualified Electors of Salt Lake County will take notice that the general election for the year 1877, will be held in the several precincts of Salt Lake County, on Monday, the 5th day of August, next, for the purpose of electing the following officers, to-wit:

Three Commissioners to Locate University Lands.

Four Councilors to the Legislative Assembly, for Salt Lake, Summit and Tooele Counties.

A Territorial Superintendent of District Schools.

One Selectman in place of Reuben Miller, whose term of office will expire on the 1st Monday of August, next, and

A County Superintendent of District Schools.

Said election to be held, conducted and returns to be made in accordance with the laws of the Territory of Utah in relation to elections.

D. BOCKHOLT,

County Clerk, Salt Lake County.

EASTERN.

The Riot at Baltimore—Inquiry into the Cause of the Killing.

BALTIMORE, 30.—An inquiry into the cause which led to the killing of ten persons in the riot on the evening of the 20th, when the 6th regiment fired into the mob, began to-day. The testimony showed that several soldiers were knocked down before any shooting took place by them, and they fired without orders from the Colonel.

Captain Tapper, who commanded the detachment, testified that as soon as the doors were opened a volley of stones and other missiles poured in a perfect shower upon the soldiers, some of whom were on the stairway and some on the landing. Some shots were fired over his head by some of his men. He succeeded in reaching the street where he reformed his command and gave orders several times to charge bayonets. At no time did he give the order to fire, and did not even give the order to load. He tried to stop the firing, intending to use the bayonet only, and recollected saying to his men, "For God's sake quit firing!" Heard a report of several pistol shots from the crowd, which was in the rear. His men started with thirty-eight men from the armory and he had thirty-five when he reached Camden station. Heard threats that no man of the regiment should leave the armory alive. Was frequently appealed to by some of the men to allow them to wheel and fire on the mob, but he did not give the order. He believed if his men had not fired they would not have been able to retain their muskets.

Captain Fallon, junior commandant, testified that of the thirty-six men he had at starting he had only eighteen when he reached Camden station. Several were severely hurt by the mob on Baltimore Street, and some carried off for dead. The crowd numbered fully 3,000. He noticed many children and women in front of the armory. If the soldiers had not fired indiscriminately they might possibly have reached Camden station. He did not regard the men as demoralized; thought the firing strictly in self defence.

Police officer Jameson testified that he saw two soldiers raise their guns and fire; at this moment he saw one of the soldiers struck with a rock.

Looking Glass Don't Want to Fight.

DEER LODGE, Montana, 30.—Gov. Potts returned from Missoula this afternoon. On Saturday Looking Glass and 300 Indians, a few squaws and some horses passed out of Lolo fork around Captain Rawn and up Bitter Root. Some of the settlers had been in the Indian camp and the Indians assured them they would pass through the country without destroying life or property. The citizens therefore did not care to fight. Rawn declined to open fire with his small command of regulars and there was no pursuit made. On the Governor's arrival here he ordered the volunteers who had gone to the Big Hole to return, the force being insufficient. There will be a party left in the Big Hole valley to observe and report the actions of Indians.

Complete Control.

COLUMBUS, 30, 10 p.m.—The strikers have complete control of the C. C. and I. C. yards. They appointed a yardmaster of their own and prevented all freight trains from leaving. When the 3.30 mail and passenger train was about to leave the strikers told the conductor to step down, as they had a man of their own to take the train out. When Supt. Miller discovered this he ordered a discontinuance of the train and sent the mail coach around by way of Xenia. The strikers made up freight trains and furnished crews to take them out, but abandoned the enterprise. The soldiers who were here on Saturday went home yesterday, and as there was no military or police about, the strikers had everything their own way. They are apparently good natured, and seem bent upon no mischief except this.

11.15 p.m.—The strikers have surrendered the C. C. and I. C. freight yards to the railroad officials, but say they will resume control in the morning.

Higher Rate of Wages Demanded.

LASALLE, Ills., 30.—Eight hundred laborers, chiefly coal miners, held a mass meeting here, to-day, at which a scale of prices was adopted, which they demand of their employers. The coal miners ask an increase of fifteen cents per ton, and unskilled labor demands $1.50 per day. The meeting throughout was orderly. Lasalle and Peru have four large zinc smelting establishments and fourteen coal mines, all of which are idle.

Accept Reduced Rates.

SCRANTON, 30.—The Delaware, Lackawana and Western railroad strikers, to-day, unanimously resolved to return to work at reduced wages. Trains commenced running in all directions shortly after four, without any disturbance.

Destruction of Property by High Water.

BANGOR, Vt., 30.—Recent heavy rains have caused an overflow of the Neohobe River at Brandon, which did much damage to crops and buildings, many of the latter being removed from the foundations, and one or two barns demolished. The water was from twelve to fifteen feet deeper than usual. No lives lost.

TEXAS.

The Strike Settled—The Negro Laborers Take It Up.

GALVESTON, 30.—The strike on the Texas Pacific road ended this morning. The company agreed to pay the amounts due the employes prior to June 1st by August 25th, and amounts due prior to August 1st, by October 1st, and to make the wages uniform with other Texas roads. The train men on the San Antonio road secured an advance of ten per cent., to take effect August 1st. Shop hands on the road have not yet accepted this proposition, but it is thought they will do so. The men had not struck, but it was understood that they would have done so if the advance had not been granted.

Early this morning the negro laborers employed in reconstructing the buildings destroyed by the late fire on Market Street, organized a strike and marched to the corner of Strand and Twenty-fourth Sts., where a block of buildings is in course of erection, and induced the laborers to quit work. From this point the strikers went to the corner of Avenue A and Twenty-fourth Street, and induced the laborers working upon a new block to join them. They next visited the narrow-gauge railroad, and the gangs engaged in ballasting and track laying on Avenue A and Bath Avenue joined the strikers. A planing mill, freight depot, flour mills, and other places were visited, and in most instances the laborers quit work. The strikers are confined entirely to unskilled colored laborers. White mechanics are working as usual. The movement seems without leaders or a common purpose, and wherever it has been met with firmness it has accomplished nothing. The negroes appear unable to explain why they struck or what they demand. White demagogues caused it. A strong detachment of police is keeping the strikers constantly in view, and any violence to person or property will be promptly suppressed.

WESTERN.

Quiet Restored.

SAN FRANCISCO, 30.—Quiet having been restored and all fears of a general outbreak been dispelled, the committee of safety, this evening, decided to adjourn to the call of the chairman. The organization will be maintained, and various companies will hold themselves ready to assemble at their respective headquarters on the summons or at the tap of the bell. The executive committee of the committee of safety and the police commissioners held a conference and decided to at once double the regular police force of the city. This will raise the force to 300, besides specials and substitutes. The committee guarantee the payment of salaries from now until the meeting of the next legislature, when a bill will be introduced providing for them permanently. Governor Irwin, who attended the conference, expressed his willingness to sign such a bill and use any influence he could properly employ to secure its passage.

Gen. Howard and his Command Will pursue Joseph and White Bird.

PORTLAND, 30.—General Howard is at present at Kamia awaiting the arrival of Major Sanford. As soon as that officer joins him, Howard will take all available force and push vigorously after Joseph and White Bird who have already crossed Bitter Root Mountain by way of Lolo trail. He will go through to Missoula as rapidly as his command can move. He will have in the neighborhood of 500 men.

Another force under command of General Wheaton will leave Fort Lapwai and moving north, pass through the Spokane country and cross over into Montana through Sahon pass. After crossing the mountains the troops will push down to Missoula, where they will join General Howard.

It is expected Howard's and Wheaton's detachments will reach that point simultaneously. Wheaton will command about 450 or 500 troops. This detour through the Spokane country will be made at the request of Indian Inspector Watkins. There are a number of tribes scattered through that region who wish to be placed on the reservation. Inspector Watkins is authorized to select a suitable reservation and locate the Indians. His principal object in passing through that country is to make a personal inspection of the character and disposition of the Indians, the nature of those regions, and to designate where the reservations are to be located. It is also thought that the marching of a large force of troops through there will have a very beneficial effect on the Indians. Most of them are peaceably disposed towards the whites, while some are inclined to be turbulent. The detachment will not leave Lapwai for a week or more. Any straggling bands of hostiles which may have broken away from Joseph or White Bird and attempt to reach the Spokane will be intercepted by Wheaton and cut off. This movement will, it is believed, crush out the strength of the hostiles, and bring peace to the whole region of country west of Bitter Root Mountains, and with the capture or annihilation of Joseph's and White Bird's bands of renegades, bring the war to a close.

Col. Green, with a force of cavalry, will remain in and about Kamia to protect the settlements, and to cut off all straggling squads of Indians he can find.

Captain Wilkinson received, yesterday evening, a dispatch in regard to obtaining Warm Spring scouts to accompany Gen. Howard through the Lolo trail to Montana. The Indians have mostly gone after fish and game. They have called a council for Monday, 30th, and will send word on Wednesday night as to the result. If any scouts are obtained they will come to Dallas as soon as possible, and be conveyed to the front.

Howard having dispensed with the services of part of his scouting force, is very desirous of securing a number of Warm Spring scouts. These scouts it will be remembered rendered gallant and effective services during the Modoc war.

FOREIGN.

WALLACHIA.

Ordered to Co-operate.

BUCHAREST, 30.—Gen. Manu, the Roumanian commander at Nicopolis, has received instructions from the Russian headquarters to co-operate in certain necessary cases with the Russians, and even, if requisite to take an active share in the fighting.

Emigration Agent.—The address of Wm. C. Staines, Church Emigration Agent, is P. O. Box 3,957, New York City. Persons visiting that city and wishing to call upon him, will find his office at No. 8 Battery Place.

THE MUSICAL

PublicationS

OF

Oliver Ditson & Co., S. Brainard's Sons, Schermer, Peters and others, always on Hand.

CALDER & CARELESS

Records! Records!

WE ARE NOW PREPARED

to receive orders for BRANCH and WARD RECORDS, of a new and improved form, which has been approved by the presiding Bishoprio and others.

We shall make them of four, five and six quires each, holding 2,040 2,500 and 3,000 names each, respectively, and the price will be for four quires, $12.00, five quires, $15.00, six quires, $18.00. Each book will contain a suitable index, and be well bound in Cloth and Russia Leather with ornamental lettering pieces for name of the Ward on the side. The book being of a large size, we do not think it advisable to make them over six quires.

Specimens can be seen at this Office, and orders received for size of book required.

Bishops in the Country desiring Records can order by mail, and we will make accordingly and forward them.

MAIN STREET,

SALT LAKE CITY.

July 9, 1877. d194

WATER.

To Water Consumers.

THE scarcity of water in City Creek and the increasing demand for water for Irrigation, render the strict enforcement of the following provisions of the "Ordinance in relation to the Salt Lake City Water Works," etc., absolutely necessary:

SEC. 16.—Sprinklers for lawns, gardens, yards, and sidewalks must be used only for the purposes expressed in the license; and no sprinkler shall be used for sprinkling the street outside of the sidewalk, unless such privilege is included in the license and paid for accordingly. Sidewalks, windows and fronts shall not be sprinkled except between the hours of 6 and 9 a.m., 1 and 2, and 6 and 8 p.m. No nozzle for sprinkling shall be larger than one-fourth inch in diameter.

Water consumers are not allowed to waste any water, or allow it to be wasted; nor to use it for any purpose not stated in their licenses; nor to allow unlicensed persons to draw from their pipes; nor to use the water from the pipes for irrigating purposes.

Persons having licenses permitting them to sprinkle the sidewalk in front of their premises must confine such sprinkling solely to the premises named in the license.

Every water taker should read his license and not use the water for any purpose except as therein stated, as any infringement of the Water Ordinance subjects the offender to forfeiture of water privileges or to a fine of not exceeding $50 for each offense.

FERAMORZ LITTLE,
Mayor.

Salt Lake City, July 9th, 1877. d 194
