The site is located a short distance northwest of the city of Huntsville in a pretty little brook which never freezes over the year round.

The Salvation Army reported to the board that Scotty Rankin had deserted his family leaving them in destitute circumstances, and asked the commissioners to render him assistance until Rankin can be located and brought back to Ogden and compelled to support his wife and large family of small children. The application was granted.

John S. Lewis, owner of lands in the canyon, Wm. C. Wilson of the Hornet and C. R. Hollingsworth, representing the Bamberger interests in Ogden canyon will, with Commissioner Stanford and Madgen, visit the canyon for the purpose of determining what holdings etc., belonging to these gentlemen are on the county's right of way through the canyon, and agree on rental to be paid for the use of the county's lands.

Commissioner Wilson reported that he and Commissioner Madison, with the commissioners of Cache county had gone over the proposed route for the new road between Liberty, Weber county and Paducah and Lyon, in Cache county, to locate a road to shorten the route between the two counties. They had decided to visit another canyon west of the one first considered and see if a lighter grade cannot be secured. If possible they will go to the other canyon this fall.

H. W. Marriott of Marriott, appeared before the board and petitioned for a change in the boundary lines of that district so as to take in a portion of the Perry district. This matter was referred to Commissioner Madison for investigation and report. If the change is adopted it will also mean the changing of the road district.

Dr. J. S. Gordon appeared before the board and reported three county patients at the Ogden General hospital, one of whom is a boy suffering with typhoid fever and who was taken from the city jail to the hospital for treatment.

It was reported that the Southern Pacific company has opened the fence at West Weber to permit the crossing of the road at that point, but that there had been nothing done toward the fence at the fork at Kesa station, where it was also desired to get the road across the tracks.

LONG DELAYED DIVORCE.

Decree Separating the Putnams Signed After Nine Years' Waiting.

Ogden, Utah, Oct. 17.—Although nine years ago Margaret A. Putnam was granted a decree of divorce in the Second district court from Alfred B. Putnam, that decree was never signed until yesterday. Mrs. Putnam, through Attorney Loan and Perry filed divorce proceedings against her husband Jan. 8, 1896, and the case was heard April 10 of that year, three witnesses being examined for the prosecution and the court record shows that an order was issued by Judge Rolapp granting the decree of divorce to plaintiff but evidently from the neglect of attorneys the decree was never signed, hence yesterday afternoon Mrs. Putnam, who has married again to a man named Robinson, appeared in court with her attorney, J. E. Bagley, and again gave testimony that she was married to her first husband, Alfred B. Putnam, Sept. 21, 1894, that he treated her in a cruel manner and threatened her life; also that he was addicted to the use of intoxicants. This testimony was heard by Judge Howell, who again decreed Mrs. Putnam divorced from Alfred B. Putnam and the decree was signed. Mrs. Putnam Robinson has three children by her present husband, and did not know she was not divorced from her first husband until a few days ago, when she was requested to sign a deed with him and refused, claiming she was not his wife and was unwilling to sign a deed which would be valuable for correcting the above allegations, also in cases of Sick Headache, Sour Stomach, Kidney Troubles, Constipation, Indigestion, Dyspepsia, or Insomnia.

FABERNACLE CONCERT.

Robert C. McElwan, Protracted With Long Lines, the Beneficiary.

Ogden, Oct. 17.—The many friends of Robert C. McElwan, formerly of Ogden but who for several years past has been a resident of Salt Lake City, will learn with deepest regret that he is critically ill at the hospital in Salt Lake, and little hope of his recovery is entertained. His having been sick so long, undergoing two serious operations and having a large family to support, has greatly reduced his financial condition. While in Ogden Mr. McElwan was an active worker in the Fifth ward, especially in the musical departments and Mutual Improvement associations, therefore Bishop Watson and committee of the ward associations of the Caledonians have met and decided on giving a grand benefit concert in his honor Wednesday evening, Oct. 25, in the Ogden tabernacle. Professor Squire Coop and Charles Kent, who were also closely associated with him in the musical work of the Fifth ward, have kindly offered their services to prepare an excellent concert for that evening for his benefit, which assures the public of a musical treat which, with the benevolent purpose, should pack the tabernacle at 50 cents a ticket. The cause is a most noble and deserving one, hence let everyone buy tickets from the young ladies when they call.

CITY COUNCIL SESSION.

Juvenile Court Judge Wants Salary Increased—Objects to New Street.

Ogden, Oct. 17.—At the session of the city council last night, City Engineer Parker reported that he did not consider the location proposed by the railroad company for the new street in the railroad district, which has been chosen by the railroad for improvements, as good as the one he selected and asked that a committee be appointed to inspect the same and decide whether the proposed location was good with their work. The city engineer was instructed to notify the contractors to lay the sidewalk in front of the Sidney Stevens property at Capitol street and Twenty-fourth street. The sidewalk committee's attention was directed to some unfinished work on lower Twenty-fourth street. Estimates for sidewalk work in the sum of \$800 in favor of Winslow & Co. were allowed. The sprinkling force ordered reduced one-half, commencing Oct. 18.

A communication from the juvenile court committee recommended that the salary of the judge of that court be increased from \$100 to \$200 per year, and the same was ordered filed.

In connection with the question of opening Canal and Casey avenues and Twentieth street, the city engineer was instructed to prepare plans.

The public building and grounds committee was instructed to advertise for bids for the sale of two pieces of city property, one situated on Twentieth street between Madison and Monroe avenues, and the other just south of Glenwood park.

It was reported that the fire escapes ordered erected at the Grand Opera House were now in course of construction, and that proper fire protection had been put in place.

William Craig was selected to act as mayor during the absence of Mayor Glasman from the city.

MRS. WALLIS KINDLY REMEMBERED.

The management of the Ogden Sugar factory and the employees have performed a most kind and appreciative act by each donating one day's wages to the widow of their fellow workman, Samuel B. Willis, who was killed about a month ago near the factory by his horse falling over on him. The total collection amounts to over \$300 and will be paid over to Mrs. Willis by the management.

CIVIL SERVICE RULES.

Sweeping Amendments to Them Authorized by President.

Washington, Oct. 17.—An amendment to the civil service rules, sweeping and comprehensive in its character, was authorized today by the president. Hereafter a cabinet officer will have the power to remove summarily and without hearing any civil service employee in his department who, to the personal knowledge of the head of the department, has been guilty of misconduct or who is inefficient in the performance of his duties. By the terms of the amendment the cabinet officer must have personal knowledge of the misconduct or inefficiency of the employee whom he proposes to discharge. With this personal knowledge the power of the head of the department is absolute.

STATE JOURNAL MAKES NEW FLOP.

Will be Republican Hereafter and For Rudolph Kuehler for Mayor.

CREATES A POLITICAL STIR.

Query as to Effect in Political Campaign—Did Kearns Buy It?—Side-tracking Glasman.

Ogden, Oct. 17.—The change of heart on the part of the Utah State Journal, as announced in its editorial columns last night, wherein it said that hereafter it would support the Republican candidates at the city election, and particularly the candidacy of Rudolph Kuehler for mayor, has caused no end of comment in political circles. Not alone are the Democrats amazed, but also many of the Republicans not on the inside are asking themselves the question, What has caused it. Some think they see in it the "master" hand of an ex-United States senator with plenty of money, while others are at a loss to know what to think. The change, however, will mean many votes for the Democrats, as some of the strongest Republicans in the city say they do not approve of it.

SIDETRACKING GLASMAN.

Heretofore the Glasman papers have been the only Republican organs in Ogden and Weber county. Whether Mr. Glasman will fight the scheme is not yet determined. As the mayor left yesterday for the east, on account of the serious illness of his daughter, concerning the matter this morning's Examiner has the following editorial, under the heading, "An Astonishing Endorsement."

The paper published by the company of which Charles Smithwaite is president, in its issue of last evening, contains in future terms the head of the present Republican city administration and then proceeds to endorse Rudolph Kuehler. The position taken is one of extreme contradiction and has caused a great deal of comment in political circles. This paper withholds further comment until more facts are obtained, and then a full review will be given.

Mayor Glasman started for Chicago yesterday and therefore he could not be reached in order to get an expression as to his views.

SEBIRING DECLINES.

G. A. Sebring, who was selected by the Republicans as secretary of the central committee, has declined the honor because of the fact that his time is fully occupied as chief deputy in the sheriff's office.

NEW CAMPAIGN COMMITTEE.

Republican campaign committees have been named as follows by City Chairman Hummel: First ward, W. J. Shesley, Sidney Stevens; Second, W. L. Russell, T. C. Nelson; Third, William Craig, J. H. Cardon; Fourth, W. W. Wade, William Glasman; Fifth, T. L. Chapin, Adam Patterson.

LADIES' AUXILIARY.

The Ladies' auxiliary has named the following committees: First ward, Mrs. Emma Smith; Second, Mrs. Jennie Nelson; Third, Mrs. C. A. Best; Fourth, Mrs. Dr. A. S. Condon; Fifth, Mrs. J. F. Shesler.

As members of the city committee the following have been selected: First ward, H. C. Snyder and Mrs. Alice Collins; Second, W. C. Howell; Third, Albert Fowler, David Jensen; Fourth, George J. Kelly; Fifth, Dr. G. A. Dixon, Charles Christman.

WILL FILED.

The will of H. Douglas Wise was filed for probate in the district court today. The petition asks for the appointment of O. J. Stillwell as administrator. The property which consists of about one acre of land, is bequeathed to nephews and nieces of the deceased.

ARRESTED FOR ROBBERY.

D. C. Kelly was arrested by Officer R. Herrick this morning but as yet no charge has been preferred against him. Early this morning Albert Muller was in a saloon and was accosted by Kelly who attempted to go through his pockets and succeeded in taking therefrom a \$5 gold piece. Muller fought him and Kelly tore his vest from his person and was proceeding to administer further violence when a bystander notified Officer Herrick, who placed the man under arrest. He will likely be charged with attempted robbery.

RELEASED ON BOND.

William R. Swan, who was yesterday sentenced by Judge Howell to five years in the state prison for alleged bounty frauds, but who later gave notice of appeal, was last night released from custody on putting up a \$25 cash bond. He has been arrested by Officer Thomas Feeney, District Attorney Halverson said this morning he would ask the court to fix Swan's bond in the other case pending against him.

CAN'T ACCEPT.

Herbert R. Macmillan, who has been asked by the Democrats to accept the position of city chairman, said this morning that he would decline on account of press of business, which would take him out of the city during a good part of the campaign.

SUIT FILED.

Suit was filed in the district court this morning by Charles A. Odermatt against Clara Duncan Odermatt, his wife, from whom he seeks a divorce on the ground of desertion. The parties were married Aug. 2, 1899, and last May defendant deserted her husband and has since then refused to live with him.

AN APPEAL MADE.

An appeal in the case of Lee Richey vs. Marian Bues, was filed in the supreme court today. The suit involves a dispute over the ownership of certain spruces east of Ogden. The first trial resulted in a victory for plaintiff, while the second went to the defendant. Now it goes to the supreme court for final action.

UNTIL TOMORROW.

The case of the State vs. Mrs. Malan, charged with assault, was continued till tomorrow morning. Judge Armstrong failing to appear, Mrs. Malan will probably be allowed to plead to simple assault, although the real offense was assault with a deadly weapon, having pointed a gun at a neighbor a year ago.

Utah County Affairs—Box Car Tourists Expensive to County—Wedding Bells—News Notes.

Special Correspondence.

Provo, Utah, Oct. 17.—The board of trustees of the Brigham Young university held its regular quarterly meeting here, last evening, in the office of Jesse Knight. Young, Jesse Knight, Oscar B. Young, Mrs. Susan Young Gates, L. Holbrook and S. L. Chipman.

President Brigham and other members of the faculty submitted reports of the university and the various departments, showing the institution to be in a very satisfactory condition. The report from the department of agriculture, established this year, with Dr. John A. Wilde as director, was particularly gratifying, the attendance being larger even than expected, and great interest is being taken by the students in this department, evidencing that the addition of instruction in scientific husbandry to the curriculum of the university is highly appreciated by the young men.

Some additional instruments were ordered purchased for the engineering department, and the usual routine business transacted.

DOUBT CANNOT EXIST

Investigation Will Only Strengthen The Proof We Give in Salt Lake City.

How can doubt exist in the face of such evidence? Read here the endorsement of a representative citizen of Salt Lake City.

Mrs. Sarah Pearson, rear of 142 Elizabeth street, says: "I honestly think I inherit liver and kidney complaint attacks of which I have had for years. I had a sister who died of kidney trouble, and many a time I have been seriously alarmed about my own condition for the persistent aching just across the joints, which radiated toward the shoulders, which hurt when I stooped or lifted anything, often kept me in misery. When there was added to it backache, trouble with the kidney secretions and dimness of vision, I knew my kidneys required attention. I had used a great many remedies for kidney complaint and liver trouble, some of which may have had a slight effect, but from none did I obtain half the satisfactory results as from Doan's Kidney Pills, procured at the P. J. Hill Drug Co.'s store. This remedy acted directly upon the kidneys. You can tell that from the behavior of the kidney secretions. They are first affected and when they become normal the aching across the loins ceases. In hope that my testimony may induce to use Doan's Kidney Pills all who have kidney trouble, I unhesitatingly allowed it to be published."

SCROFULA AN AWFUL INHERITANCE

While it is true that Scrofula may be acquired under certain conditions, it is usually inherited. Parents who are related by the ties of blood, or who have a consumptive tendency, or family blood taint of any character, are sure to transmit it to their children in the form of Scrofula. Swollen glands, brittle bones, poor digestion, weak eyes, Catarrh, emaciated bodies and general weak constitutions are the principal ways in which the disease is manifested. The blood has been diseased from birth, and being in this condition cannot properly nourish the body and Scrofula is the result. A hereditary disease like this can only be reached by a constitutional remedy and nothing equals S. S. S. as a cure for it. It cleanses and strengthens the deteriorated blood, drives out all scrofulous and tubercular deposits, and there is a gradual but sure return to health. S. S. S. supplies to the anemic, lifeless blood the properties necessary to build back to strong, robust health, and does this gently and so thoroughly that no signs of the disease are ever seen in after life. Being purely vegetable S. S. S. is the best remedy for Scrofula; its harmless but healing ingredients enter into the circulation and replace wax-like, bloodless faces with vigorous strength glowing with health.
