

In the Whole History of Medicine
 No preparation has ever performed such marvelous cures, or maintained so wide a reputation as **AYER'S CHERRY PECTORAL**, which is recognized as the world's remedy for all diseases of the throat and lungs. Its long-continued series of wonderful cures in all climates has made it universally known as a safe and reliable agent to employ. Against ordinary colds, which are the forerunners of more serious disorders, it acts speedily and surely, always relieving suffering, and often saving life. The protection it affords, by its timely use in the throat and lung disorders of children, makes it an invaluable remedy to be kept always on hand in every home. No person can afford to be without it, and those who have once used it, never will. From their knowledge of its composition and effects, Physicians use the **CHERRY PECTORAL** extensively in their practice, and Clergymen recommend it. It is absolutely certain in its remedial effects, and will always cure where cures are possible.

 Rev. George H. Thayer, an old citizen of this vicinity known to every one as a most influential citizen, and Christian Minister of the M. E. It is having a tremendous sale over our counters and giving perfect satisfaction in all cases of Lung Disease such as nothing else has done."

While there is a very large class of intelligent citizens who believe it would, we regard it our duty to all alike to say that as a cure for old sores, cuts, bruises, jams and slashes, there is nothing like **Carbolic Salve**. The cause of this indescribable wretchedness is a morbid condition of the digestive, assimilating and discharging organs. Tonic, invigorate and regulate these viscera with

Tarrant's Effervescent Seltzer Aperient

And the languor, depression, and nervous debility, which are inevitable results of indigestion, biliousness and an irregular habit of body will cease.
