ITHE MARKS CASE.

THE EXAMINATION UNFINISHED-MC-

KAY BREAKS OUT AGAIN. The preliminary examination in the case of the United States vs. Stephen R. Marks did not take place yesterday afternoon as was expected, owing to the lnability of the deputies to find grounds. witnesses. This morning the defend-

sworn to by E. A. Ireland, is dated April 1st, and accuses the defendant of having lived with Mrs. Olive Hoagland Marks and Malvini Sudbury as his housework. For information apply at wives, contrary to the law.

The Commissioner informed Mr. Moyle, who appeared for the defense,

hinly attended.

that the case be set for 2 p. m. to-day.

Mr. Moyle wanted 10 p. m. to-morrow
fixed, but the Commissioner finally concluded to conduct the whole proceedings himself. One of the witnesses, Fred Sudbury,

11 or 12 years of age, was not present.

Miss Sudbury, in reply to the Commissioner, stated that Fred. had said he did not think he would come, and an attachment was immediately issued and given to a deputy to serve. Miss Juliet Sudbary was the first witness called. She said-I have he resides on Centre Street, in the 17th Ward; I live in City Creek Canon; it is about a mile from defendant's house; he has a wife and two children that I know of; Mrs. Marks is here; his eldest child is a girl; I do not know how old she is; the other child is also a girl, two or three years old;

there are several children dead; I have known Mrs. Marks about 15 years; Fred Sudbury is my brother; I have four sisters, Lavina, Clara, Sarah and Caroline; Lavina lives at home; so do the others; I do not know of any of them being married.

Commissioner—Have you ever heard that any of them were? This question was objected to by the defense as calling for hearsay testi-The Commissioner, of course Witness-I have heard that two of them, Lavina and Clara, were married;

except at home; do not know that they are married to Mr. Marks; he never told me; I have not conversed with him about it, nor with any one else; my mother lives in the Canon; do not know of my sisters living in the 21st or 17th Wards; do not remember seeing them at Mr. Marks' house except on one occasion, at a party; this was about seven year ago; I have been there since, but did not see my sister there; have not met Lavina any other place with fendant; heard she married about eight years ago, I think; do not remember who told me, or

where; never heard her husband referred to by name; never heard that she was married to Mr. Marks. Commissioner-Do you recollect positively, that no name was mentioned?
Witness-I told you so.
Commissioner-Well, don't be so
pert about it. We can do without

Witness, resuming-Lavina lives at home; I saw her on Monday afternoon; heard the name of Clara's husband; I do not know who my brothers-in-law are, and don't want to know. Mr. Moyle objected to the manner of Eleventh Ward met last evening and questioning as unfair. (Overruled).

Witness, to Commissioner—My sister Lavina has not left home during the past seven years: she never kept

house or boarded elsewhere in town. Mrs. Olive H. Marks testifled-I am the defendant's wife: The defense objected to the testimony on the ground that the legal wife could not be compelled to testify against her husband. (Overruled.)

Witness, to Commissioner—I was married in Salt Lake City 16 years ago the 26th of September; live on Centre Street, No. 60, 17th Ward; I have two daughters, one five years and the other sixteen months old; know Lavina Sudbury; have

Carp .- The following will be of interest to persons who devote attention to the industry to which it refers: Editor Descret News:

Under date of the 14th Inst., Brother Stephen Walker, of Peoa, Summit County, U. T., writes me:
"My carp pond is fed by a spring whose water is 58 degrees Fahrenheit, where it comes from the ground, and 82 degrees in August, where it leaves the pond. It contains a taint of sulphur. The pond's greatest depth is seven feet (the area is not given,) and contains watercress and fish food in abundance. It does not freeze entirely over in winter. My carp are very active and are growing wonderfully fast when the altitude (Peos must be a mile above sea level) and the long win-ters are considered. I have a 'leather' carp that weighs eight pounds. I am very fond of my pets, and sometimes feed them bread, boiled potatoes, etc., My main of ject is to stock the meadow creeks for the benefit of the community."
