TALK OF THE TOWN.

Two cases of drunkenness were today fined \$5 each. The Og. Herald speaks of this paper as the DRY NEWS. Apostle F.D. Richards came down from Ogden this morning. Sisters Young and Ferguson were at Laramie on Monday noon. The City Council passed the new liquor ordinance last evening. B. F. Cummings, Esq., editor of the Logan Leader, was in town today. The Warm Springs, notwithstanding the hot weather, has been and is still well patronized. The Frog Orchestra in the Fifth Ward will play croak-a-y. What about the mosquitoes? The directors of the D. A. and M. Society are working like beavers in the interests of the Territorial Fair. Professors K. G. Maeder and J. E. Talmage have returned to Provo from their southern tour. The Academy resumes next Monday. The Melville Opera Troupe will open on the 10th of September as erroneously stated, but on the 22d. They play three consecutive nights. There is a reported contest pending between Hon. W. H. Hooper and David Wright, for the ownership of the 90 per cent. springs at Soda. The Bear Lake Democrat says the late rains will save much of the timber, which is usually devastated by mountain fires at this season of the year. Hon. W. H. Hooper, accompanied by D. C. Young, Esq., left for Soda Springs yesterday afternoon. Mr. Young goes to survey a canal on the Captain's property. The Enquirer chronicles the death of the wife of Mr. P. E. Oleslager, of Benjamin, from Sunstroke. She was attacked on Wednesday last, and died 11 hours afterwards. Montpelier is the people's choice as a railroad center of Bear Lake Valley. Messrs. Wm. Budge and George Omond will confer with Sidney Dillon, Esq., upon the subject. The S. F. Call of the 21st says: "Mr. Phil. Margretts, the leading comedian of the Salt Lake City Theatre, is in the city. He is exceedingly popular as a character actor, and it will be a source of congratulation to his many acquaintances and friends if the proprietors of some of our populars can induce him to enter upon any engagement."

LOCAL AND OTHER MATTERS.

NOTICE.

Temple Workers will meet on the morning of the 6th of September, at 9 o'clock, in the St. George Temple, to resume labor. WILFORD WOODRUFF, President. JOHN D. T. MCALISTER, Assistant. Gone South.—Presidents John Taylor, George C. Cannon and Wilford Woodruff, and Elders George Reynolds and George F. Gibbs, leaving by the 2 o'clock train for Lehi, where they will hold meeting to-day, and will then proceed to Alpine for a similar purpose. On Saturday and Sunday, they will attend the Utah Stake Conference at Provo, where they will probably be joined by President Joseph F. Smith. The party will be absent about 10 days, during which time they expect to visit all of the greater portion of the settlements in Utah County. A Prize Essay.—Among the premiums offered for exhibitions of excellence at the coming Territorial Fair, is one of \$50 for the best essay on Utah. George A. Meares, Esq., is the profferer of the prize. Following is his note to the officers of the Board: Gentlemen—I offer, as a special prize, the sum of fifty dollars, to be awarded under the supervision of the appropriate committee at the coming Territorial Fair, for the best essay on "Utah: her attractions and resources as inviting the attention of tourists and those seeking permanent homes." said essay not to exceed 5,000 words. Respectfully, GEO. A. MEARES. Here is an excellent opportunity for young literary aspirants to practice their talents, with chance of handsome remuneration. Railroad Dangers.—It is reported that yesterday evening when the 21st Ward excursionists came in, the train was twice moved back and forth among other cars while the people were getting off, thereby occasioning inconvenience, anxiety and fear of accidents. Fortunately no one was injured, but railway employees cannot be too careful of the lives entrusted to their care. During the past year 1,789 persons were killed and 6,992 were injured on the railways of Great Britain alone. Of those killed, 546 and of the injured, 5,080 were employees. A large proportion of the injuries occurred in coupling and uncoupling cars. It is true that many companies provide for the families of those killed and injured on their roads, and although this is laudable for their part, the question is, could not the same amount of expense be more profitably expended in the construction of some safety device, or in some way that would obviate the present danger to life and limb.

CITY COUNCIL.

Proceedings at the City Council on Tuesday evening, August 23rd, 1921, Mayor Little presiding. This evening having been designated by the Council as the time when they would hear and determine any further appeals of complaints which might be offered to the assessment levied by the commission on the improvement of certain sidewalks in the central portion of the city, the Mayor stated that if any persons present desired to offer any complaint or objection to the assessment as heretofore published and recently corrected, the Council were prepared to hear their remarks, and if possible, to make a decision in relation to them. As no person present manifested any desire to be heard, it would have devolved upon the Council, according to law, to accept and affirm the assessment, but as there was no report upon the table in regard to the complaint heretofore offered by Judge Z. S. Smith in relation to the grade of the sidewalk on the north side of Second South Street, which subject was referred to the committee on streets and alleys, and as it was yet early in the evening and persons having objections to their assessments might perhaps arrive before the session was concluded, on motion the further consideration of this subject was deferred for the present. David F. Walker, administrator of the estate of Robert Duff, deputy and petitioner for the use of a portion of the street in front of the store occupied by W. F. Raybould, news dealer, on East Temple street, during the building of a small warehouse in the rear of said store. Granted under the usual restrictions. The bill for "An ordinance licensing and regulating the sale of spirituous and fermented liquors" came up as unfinished business, and its provisions, particularly those specifying the amount to be charged for liquor licenses and the hour for closing saloons, were discussed in an earnest and spirited manner. The bill was finally passed and referred to the committee on enrollment. Save in a few particulars, the ordinance does not differ essentially from the former one. Applications for license, instead of being made to the City Council as heretofore, are now to be made to the Mayor, the same as applications for other licenses. The provision prescribing that persons convicted of selling liquor on Sunday, in addition to being fined, shall also forfeit the license, which was a feature of the old law, is not in the new. The license rate and time for closing remain the same as before, viz: \$250 per quarter and 10 o'clock evening, was asked by the Mayor if he had any remarks to offer in regard to the ordinance, whereupon the Judge arose and in an exhaustive argument, advocated the modifying of the grade of the sidewalk on Second South Street, in which he was interested. The subject, however, being in the hands of the committee on streets and alleys, no action was taken by the Council in relation thereto. Adjourned for one week.

More Sensible.—The Presbyterian Conference held in Ogden on Monday, adjourned without passing any anti-Mormon resolutions. In this the ministers showed rare good sense over their Methodist confreres. Following is an excerpt from an Ogden Herald editorial on the subject: "Yesterday in conversation with the Rev. T. E. Day, the minister of the denomination stationed at American Fork, we enquired whether any special anti-Mormon resolutions had been passed. He replied that he had been asked to state that although opposed to what is called 'Mormonism' the Presbytery did not feel called upon to indulge in bitter denunciation, but to work in a Christian spirit for the correction of what was, from a Presbyterian standpoint, erroneous."

We are happy to chronicle the Presbyterian church in this sensible and charitable view of the situation. "Mormonism is not to be 'resolved' out of existence, any more than it is to be stamped out, or put out in any other manner. It has come here to stay. Let Methodists and all other sectarian professors make a note of it and wear it in their hats. In the meantime it courts honest investigation and honors sincere and respectable opposition; while simultaneously it despises and abhors sanctimonious hypocrites and mendacious resolutions."

Missionaries in Minnesota.—From a letter written by Elder James Godfrey, at Linton, Minnesota, on the 10th inst., to Counselor D. H. Wells, we learn that the writer is progressing favorably in the missionary field. He and associates have baptized a few persons since their arrival there, and are finding good opportunities to preach the gospel to a people who had never seen a "Mormon" Elder previous to their visit. Elder Maris Anderson, of Mount Pleasant, is with Elder Godfrey and at the time of writing they were on the eve of starting on a preaching tour through the southern part of the State. Elder Godfrey's address is Monticello, Wright County, Minn., care of G. N. Biggs.

Remarkable Case.—The case of Mrs. Louisa Proctor, of the 10th Ward, who recently died of dropsy, has been looked upon as a remarkable case for years by the principal physicians of Salt Lake, a number of whom have at times attended the lady during an illness extending through a period of ten years. She has been a bedridden sufferer from dropsy for eight years. The deceased was the wife of the late Bishop Proctor, and was well known and highly respected and beloved. The funeral services were held yesterday at the residence of her son-in-law, Joseph Simmons, in the 10th Ward. Bishop Adam Spies conducted the meeting. The speakers were Elders T. C. Jones, Wm. Fuller, Wm. Griffin and Bishop Spies.

SPECIAL BUSINESS NOTICES.

Scarcely any disease to which humanity is subjected, is so thoroughly discouraging as Fever and Ague. The periodical return of alternate chills, fever and weakness, is a fearful scourge. Ague's Cure is the only remedy known, which is certain to cure permanently, by expelling the malarial poison from the system. It is a simple, safe, and pleasant remedy, and leaves no ill effect upon the system. It is sold by all druggists.

The Kingland & Ferguson Engine and Saw Mill.

Purchased from H. B. Ferguson of the Marysville Lumber Company, a complete engine and saw mill, one that does the maximum of work. For twenty-five years they have been engaged in the manufacture of Engines and Saw Mills, during which time they have studied the interest of mill owners by furnishing machinery that will turn out the greatest amount of lumber in the shortest space of time with the smallest amount of labor. Wherever the Kingland & Ferguson mills are known they stand in the front rank, combining as they do all the latest improvements known to lumber mills. The mill referred to will be placed in position at Marysville, and be used in sawing the timber required in the construction of the Copper River Mining Company's ten story mill. LADIES, DELICATE AND FEEBLE.

Those languid, tiresome sensations causing you to feel scarcely able to be on your feet, that constant drain that is taking from your system all its former elasticity; driving the bloom from your cheeks; that continual strain upon your vital forces, rendering you irritable and fretful, can easily be removed by the use of that marvelous remedy, Hop Bitters. Irregularity and obstructions of your system are relieved at once, while the special cause of periodical pain are permanently removed. Will you heed this? See "Truths."

FARMER brows than those written

by the clarifying action of Glenn's Sulphur Soap are not to be found. Disfiguring pimples, blotches and other blemishes of the complexion which mar the effect of pleasing features, fine eyes, and other agreeable physical traits, are quickly eradicated by this healthful aid to beauty, which is also specifically adapted to the cure of local diseases of the skin and the alleviation of pain arising from rheumatism and gout. The utility of Sulphur Bather is too generally understood and appreciated to need comment. They are expensive, however. Not so Glenn's Sulphur Soap, which is sold at the same price in a highly concentrated form, is sold at a price which renders it available by all, and obviates the necessity of seeking beyond one's own threshold the remedial advantages of sulphur bathing. Obstinate ulcers, sores, scalds, bruises and cuts are healed by it; and it is extremely efficacious in relieving the sufferings caused by sprains. It nullifies the danger of diseases produced by contact, when used as a preventive, and disinfects clothing and linen worn by persons troubled with contagious maladies. Regarded merely as an article of the toilet, it is far preferable to ordinary soaps, on account of its superior cleansing and emollient qualities; and for bleaching fine articles of needle work and white woolen, cotton and linen fabrics, it is unequalled. Its use is sanctioned by the Medical fraternity, and testimony of the most unimpeachable kind proves its merits. No statements are put forth in its behalf which the facts will not justify. It is in every respect worthy of the rank which it holds among American proprietary remedies. Inexpensive, convenient and reliable, it especially recommends itself to the use of families in which there are children who are liable to contract, at school or elsewhere, diseases of the skin, to which it is the best known antidote. Sold by druggists. Price 25 cents per cake. 1 box (3 cakes) 75 cents, sent by mail, prepaid, on receipt of price. C. N. CHURCHMAN, Prop'r, 115 Fulton Street, New York.
