

EVENING NEWS. Published Daily, Sunday Excepted. AT FOUR O'CLOCK. **PRINTED AND PUBLISHED BY THE** **DESERT NEWS COMPANY.** **CHARLES W. PENROSE, EDITOR.** Friday, Sept. 15, 1882. **THE LAST DAY.** SATURDAY is the last day of registration. Let all the stragglers be hurried up and if there are any sick, infirm or aged persons who have been unable to go to the register and the registrar will not go to them let them be conveyed as comfortably as possible to the places of registration, that they may not be deprived by bodily infirmity of the privilege of the elective franchise. Let no one be deceived as to any rumored continuance of the registration; Saturday is the last day. Now friends, if there are any left who have not registered, hurry up and attend to business. Although that which is worth doing is worth doing early and well, it is "better late than never." Remember, if your names are not signed by Saturday night, you will not be able to vote at the November election.

name please, full name. I don't expect to get pay for this, I am sent you a dissent—by the meeting to go to every house. You must obey the laws of Congress. In this Ward I have help—I tell you, you must obey the law; there is no getting out of it.

Here I ventured to ask if he was American born. With a glare of the eye, he answered, "No; but we must obey the law."

Again I timidly asked, are you eligible to vote? "Oh no, I am disfranchised until I can hear from President Arthur," he answered. But the people must be loyal. And I told him that the law don't vote the Liberal ticket at the coming election, Congress will fix them; in less than twelve months all will be sorry that they voted the People's ticket; because you know the people must obey the law."

We advise the people to pay no attention to this fellow, at least in the way of conversation. We are told that he attempts to get into houses while the head of the family is absent, and "Brothers" or "Sisters" the inmates for the purpose of opening his investigations, the object of which is to induce the people to vote the "Liberal" ticket at the coming election and to scare them against voting the People's ticket. He asks the question direct, "Which ticket are you going to vote for?" This is a question which no one has the right to ask, and no one should be simple enough to answer. Tell the sneak to clear out, and if he does not depart, throw him out.

This is a case for the People's representatives to take hold of and prosecute.

"Any person who shall offer any bribe, threat or intimidation to any elector for the purpose of inducing him to vote, or shall be deemed guilty of a misdemeanor."

That is the law; let it be executed. If he does not cease his importunities and intimidation, let a complaint be filed at once before the nearest Justice of the Peace, and "put the fellow through."

THE TRICKERY AT OGDEN.
 We again call attention to the proceedings of the Registrar at Ogden. Another letter from "Ogdenite" shows the drift of affairs in that city. It is claimed by some that everything is going on all right now in Ogden, because the number of persons registered per day has increased so largely. Ninety-three only were registered on Monday, but on Wednesday about five hundred were registered. This does not meet the objection. At first obstruction and tardiness was the complaint. But now, additional deputies being employed, the registration goes on quickly enough, especially in certain picked places, but it is done chiefly in the interest of one party, and it is claimed that the emigrant trains are made available to swell the list of that party's registration.

Our people must keep a sharp watch of these proceedings and note every case of unlawful registering. Between now and election time such cases can be tested, and every attempt at fraudulently voting or to give ballotage must be spotted and prosecuted. This is a matter for the wide-awake men of Ogden to look into. Let them not be caught napping nor be found "left" when they ought to be "on hand."

THE WOMAN SUFFRAGE CASE.
 It is expected that a decision in this case will be rendered on Saturday morning. Of course any presumption of what that decision will be can only be designated as guesswork. But from the arguments offered in the case, our report of which is concluded to-day, it is evident to most people that the law and the reason are strongly on the side of the validity of the Act under consideration. The strained efforts and tortuous windings of the attorneys who attacked the law have strongly confirmed many persons who previously had doubts, that the law is strictly in accordance with the enactments of Congress, within the powers granted to the Legislature by the Organic Act and unsalable from legal grounds. We await the decision with confidence.

OGDEN REGISTRATION.
FURTHER TRICKS OF THE "LIBERALS."
 The registration went off a little livelier yesterday as another deputy was appointed and the decr of the Council chamber improvised as a register office.

There was also an office opened at the depot ostensibly for the accommodation of the hands working at the various railroads; this was managed by the county registrar himself, as the work to be done there was of a character that could scarcely be trusted to a deputy. One hundred and eight were registered there that we know of in a little over half a day, quite a contrast between that and 33 all day Monday with the county registrar and a deputy. But those registered at the depot were generally supposed to be non-Mormons, and that made quite a difference, and then emigrant trains don't stay long and the work had to be done in a hurry.

A citizen here not a member of the People's party started last evening with a number of persons to register 800 non-Mormons in this precinct, if they had to call on passing emigrants to make up the quota. It may be a question with the uninitiated, what benefit would the registration of passing emigrants to the "Liberals?" This will receive its answer in due time, suffice it to say that to our outsiders with "fleckly lips" tell it every name registered will be made available.

Last night citizens on the street were attracted by the number of Liberals, whose steps were all directed to a hall in the third story on Main Street, some of the People's party went along and found the hall occupied by a number of persons who were paying up some donations or assessments or something of the kind, among those present were the county registrar and his deputies, a number of the party, receiving a few of the People's party presence suggested the appointment of a sergeant-at-arms and the calling of the roll, and the exclusion of all who were not members, this was done promptly and those who did not answer to the roll call were invited down and out. This, of course, was all right; but what right had the registrar and his deputies to enter these premises after excluding the people. Some of those present stated last evening that they went there to be registered and were registered. Is this open and above board, or is it a part of a

A THREATENING SNEAK.
 CITIZENS of the First Precinct are being annoyed by the visits of a despicable fellow, appointed as a "Liberal" meeting to play the part of a sneak, who is attempting to intimidate voters belonging to the People's Party. We have the evidence of his proceedings ready for use when necessary. Here is a report of his colloquy with a resident of the Ninth Ward, as furnished by the latter, who is a native born citizen and voter:

The inquirer came to my house and in a jerky manner, said: "You

conspiracy to place names on the registration lists that don't belong there? Some of the more innocent of the opposition party state openly that they expect to lose the election of Delegate, but by the methods indicated and some others I may write about at some future time they expect to register enough names to carry the city election next February, and the party are very much in the condition of the chuck. They have got to have it for they are out of funds.

\$320,000 Fire in Ohio.
 TOLEDO, 15.—This morning a fire broke out in the extensive lumber mill of the Mitchell Lumber Co., destroying it. The fire spread to large piles of lumber with which the yards were filled and before the flames were checked thirteen or fourteen million feet of lumber were consumed. The loss on the mill is \$100,000, insured for \$50,000; on the lumber \$250,000, was covered by insurance. Numerous insurance companies represented here are interested in this loss.

Republican Convention.
 DENVER, Col., 15.—The republican convention resumed at 10 a.m. The committee on the order of business reported as follows: Nominations for governor, Lieutenant governor, congressman, secretary of state, treasurer, auditor, attorney general, superintendent of public instruction and judge of the supreme court. The nomination for governor being first in order, the following were nominated: Henry R. Wolcott, of Arapahoe County; James T. Maxwell, of Boulder; Ernest L. Campbell, of Lake; Benj. H. Eaton, of Weld; John Henry, of Arapahoe. The first ballot gave Wolcott 108, Campbell 148, Maxwell 42, Eaton 19, Henry 5. In the second ballot Campbell received 169, 13 more than the number necessary to a choice. The Hon. W. H. Weyer was nominated for lieutenant governor on the first ballot. A recess was then taken until 1:30 p.m.

Trouble on the Wires.

Struck by Lightning and Consumed.
 During the thunder storm last night, lightning struck Lane & Fleming's oil works at Kings and Menorale Avenues, and Donaldson's oil works in Kings and near Meeker Avenue, setting them both on fire. Both buildings were destroyed and one fireman killed by an explosion.—Loss \$20,000.

FOREIGN.
LATEST FROM THE SEAT OF WAR.
 Unconditional Surrender of Arabi Pasha and 10,000 Troops.

LONDON, 15.—The war office has received the following from Gen. Wolsley:

Benta, Sept. 15.—Gen. Lowe has captured Cairo. Arabi Pasha and Toubia Pasha have surrendered unconditionally. Ten thousand troops at Cairo have laid down their arms.

The Khedive.

Alexandria, 15.—The Khedive and Sir Edward Malet, British consul general, will proceed to Cairo as soon as the road is open. All offers of submission must be made to the Khedive nominally, but by actual surrender to Gen. Wolsley. It appears that the British have not yet been completely. Negotiations for his occupation are expected to be conducted this afternoon. The announcement that the British had entered the city yesterday was a misconception. Only General Wolsley and his staff were in the city in a small party in consequence of the display of a flag of truce. Ronbi Pasha was captured and the troops at Meks and deeply implicated in the rebellion.

Arabi Pasha Confined in the Guard Rooms.

The following additional dispatch has been received from General Wolsley:

"Cairo, 15. Arabi Pasha and Toubia Pasha are both confined in our guard rooms. A bill now change my base from Ismailia to Alexandria."

French Canadian Colonization.

Montreal, 15.—The Governor General has expressed a willingness to assist in colonizing French Canadian soldiers who wish to leave and prevent their exodus to the United States.

The Thames Crew Wins.

London, 15.—The race between the Hillsdale crew and the Thames Rowing Club, was won by the Thames.

The Thames crew won by two lengths.

Read.

London, 15.—Sir James Alderson, physician extraordinary to the Queen, is dead.

The Hillsdale broke a slide after leading two miles, hence their defeat.

"The War is Over."

London, 15.—Gen. Wolsley has arrived at Cairo, whence he sent the following telegram: Cairo, 15.—The war is over, and no more men from England. Midshipman De Chain is safe. I have been received here with open arms by all classes. The soldiers are glad to return to homes. Our cavalry did extremely well in the long forced march.

FROM "THE TIMES."
 Editors Times:—The veterinary department in your valuable paper is always read by me with great interest and I value the information received from it a hundred fold more than the small amount paid for the paper. One year ago you published a letter from Dr. John Bates, relating the wonderful success he had had in curing sprains and sprains with Kendall's Spavin Cure, and his allusion to a salt water cure, and as I had been afflicted for years with rheumatism and hip-joint lameness so bad that I could hardly walk at times, I procured a bottle

and as it has completely cured me I wish to proclaim it to all the world as the most wonderful discovery ever made for the benefit of afflicted men as well as for the poor horse, for which it was first used. As this remedy must be of incalculable value to the world, I write this letter to express my thankfulness to you for ever mentioning it in your columns and to ask another favor in behalf of my fellow men who are afflicted in body, that you continue to make known to the world, the great value of Kendall's Spavin Cure for both man and horse as best.

Respectfully yours,

ARNOLD PARKER.
