

PRESIDENT WANTS OHIO ENDORSEMENT

Mr. Hanna Receives a Telegram to That Effect.

WILL NOT OPPOSE IT NOW.

So Telegraphs Him—He Positively Refuses to Further Discuss the Matter—Foraker is Pleased.

Cleveland, O., May 25.—Senator Hanna has decided to offer no further opposition to the proposed resolution in the coming state Republican convention endorsing the candidacy of President Roosevelt for another term. This action was decided upon late this afternoon. When asked if he had heard from President Roosevelt with reference to the discussion concerning his attitude in connection with the resolution, Senator Hanna made the following statement to the Associated Press representative:

"I am in receipt of a telegram from President Roosevelt which indicates to me his desire to have the endorsement of the Ohio Republican state convention of his administration and candidacy. In view of this I shall not oppose such action by the convention, and I have telegraphed the president to that effect."

Senator Hanna positively declined to further discuss the subject, insisting that the brief statement above quoted fully covered the situation. It is the general belief, however, among those close to the senator, that he still doubts the advisability of the adoption of a resolution endorsing President Roosevelt's candidacy by this year's convention. But, it is pointed out in referring to the president's judgment and expression of opinion, Mr. Hanna demonstrates that his original position in the matter was at no time prompted by personal antagonism to President Roosevelt.

FORAKER IS PLEASED.

Washington, May 25.—When the dispatch announcing that Senator Hanna would not oppose an endorsement of President Roosevelt at the coming Ohio state convention was shown to Senator Foraker tonight he dictated the following statement:

"I am very much gratified to learn that Senator Hanna has withdrawn his opposition to the endorsement of President Roosevelt's candidacy in 1904, not on any personal grounds, for I have not at any time had any personal interest in the matter, but solely because I think endorsement good for Senator Hanna. The party as well as for President Roosevelt, who has well earned a second term by the splendid administration he has given us. The result will be a harmonious convention and an excellent endorsement for Senator Hanna for another term in the senate."

The senator added that the voice of Ohio, added to the states that have declared heretofore for President Roosevelt, will give the majority of the votes in the next Republican national convention.

GERMAN IDEA OF HONOR.

Brought Out in Court-Martial of Naval Ensign Hussner for Killing an Artilleryman.

In Letter Declared God Would Not Desert Him Because He Acted As He Had To.

Berlin, May 26.—The attention of Germany was centered on the public court-martial of Naval Ensign Hussner, who was tried at Kiel today before five judges and sentenced to four years and one week's imprisonment and to degradation for the killing of Artilleryman Hartmann at Essen on Good Friday. The ensign's excuse was that the artilleryman had not saluted him properly.

Hussner's replies to the president of the court were straightforward. He said that, while regretting that his sword strokes killed the artilleryman, he affirmed that he acted within the strictest instructions, and that he was obliged by honor to compel obedience.

"Eut," said the president, "you said you never drew your weapon without using it?"

"Yes," replied the prisoner, "it is so ordered in the regulations."

"You were seen loosening your sword before Hartmann left your side," continued the president.

"Yes," the prisoner answered, "I thought of —"

Here Hussner mentioned the name of an officer who, after having been struck by a private, was obliged to resign because he was unable to loosen his sword and the private, who was identified, ran away.

Hussner admitted that he became interested at the police station immediately after the killing of Hartmann in a discussion over the different classes of shoulder straps.

The court read a letter which Hussner wrote to his mother from prison, in which he said: "God Almighty will not desert me, because I only acted as I had to. If I am punished I shall have the glad consciousness of having maintained my honor unpolluted. It is after all the highest gift that a man possesses. I trust in my Redeemer, Jesus Christ."

"My cell was opened this morning and my dinner was brought in. The food is quite good. My fellow prisoners look with envy upon it. It is said that they look up at man preparing to be an officer."

"An impression made on the hearers by the examination of Hussner was that his action was the result of the strictest training on material which was dull though passionate, and which affected a mind filled with exaggerated ideas of honor."

The record's report showed 80 new charters in the last three years, and 60,200 regular and 1,323 social members, Dec. 31, last. The treasury showed \$2,867 in the general fund, \$7,214 in the benefit fund and \$3,315 in the emergency fund.

GREAT PRESENCE OF MIND

Supt. Brady Saved His Own Life and Those of Fourteen Other Men.

Threatened to Kill First Who Tried To Open Door to Air Tight Compartment.

Chicago, May 27.—A dispatch to the Tribune from New York says: By drawing a revolver and threatening to kill any man who dared to open the doors of a compartment in which a gang of men were working in the north tube of the North river tunnel, Supt. Brady has saved his own life and the lives of 14 other men in the compartment and prevented the flooding of the tunnel.

Brady had been expecting a break in the roof of the "black hole," and when it came and the water began pouring in he quickly pushed his coat, vest, and hat into the aperture. Nearly all of the men were Italians and became panic-stricken. They made a rush for the door of the compartment. Brady, pointing his revolver at the man nearest the door threatened to kill him if he moved another step.

The opening of the door would have permitted the compressed air in the compartment (38 pounds to the square inch) to escape and the break would have instantly killed the men. The flooded compartment, drowning all hands. Calling for a more experienced workman, Brady instructed him to telephone to Jersey City terminal for more air pressure and to send him a carload of sawdust bags. He had the Italians thoroughly cowed and when the bags arrived under the persisive influence of the driver, the Italians pushed the bags into the hole and then put a jack underneath to hold them in place.

Killed in a Quarrel at Gunnison, Colo.

Gunnison, Colo., May 27.—Thomas Trezise shot and instantly killed John Poas in a quarrel over household goods which Mrs. Poas had moved from Poas' ranch near Baldwin. The shooting occurred in the house of Trezise, a neighbor of Mrs. Poas.

Trezise surrendered to the sheriff and Mrs. Poas was arrested as a witness. Threats of lynching Trezise are heard.

LONG TIME

To Get Over Hurt of Coffee.

It sometimes takes a long period to get over the effects of coffee drinking. A little woman in Wadsworth, N. Y., says: "I was a coffee drinker and a sufferer from dyspepsia, stomach trouble, nervousness and the train of disorders that follow."

"On the advice of an eminent physician I cut off my coffee allowance to one cup a day at breakfast. That helped me a little but I gradually got down, and finally became ill, badly run down, and so depressed in mind that I did not eat and the scales turned."

"At this time I was induced to have off coffee altogether and take Postum Food Coffee. That was in September. I had also a dish of Grape-Nuts for breakfast, practically lived on Postum Food Coffee and Grape-Nuts for some time. In November I had made considerable improvement and knew that at last I was on the road to health. At Christmas time I felt well enough to go through that glorious feast with comfort and happiness. In January I was much improved over the previous month, and had gained very considerable in flesh, how many pounds I don't know. My strength and color were much improved. My appetite and digestion in every way good. I ate what I pleased and with much enjoyment."

"About that time a Clergyman friend visited me and on Sunday morning when he was going to preach I had a strong cup of Coffee made for him because he was in a run down, nervous condition and said that he needed the stimulant. Well that was a sad day for me. I thought I was well enough to drink a cup of coffee with him and so I did. It was strong but I did not taste right. I was interested in his conversation and found that I was adding, from time to time, more cream and sugar for some way I realized the beverage did not taste as it should, then I remembered it was coffee and not Postum. I like Postum better than I do coffee."

"That day the old symptoms of stomach trouble came on and while it seems almost impossible, it is nevertheless true, that I never got back again to my state of health for about two months. The coffee acted as an active poison that went all through my system. However, I have recovered by having it off entirely and using Postum and now that I am well, happy and contented you could not get me to take a cup of coffee, so not for a king's ransom, I believe I am one of the certain to know when I have had enough." Name given by Postum Co., Battle Creek, Mich.

THE CELEBRATION OF NEW YORK'S TWO HUNDRED AND FIFTIETH ANNIVERSARY AS A CITY.

Two hundred and fifty years ago Governor Peter Stuyvesant of the province of New Netherlands issued a proclamation granting the privileges of a city to the village of New Amsterdam, and New York city is, under the direction of Mayor Seth Low, this week celebrating the event. The official ceremony occurs in the city hall Tuesday afternoon, May 26, but the entire week will be given over to the general programme, which will be largely of an educational nature.

JOHN HEFFERMAN'S DYING STATEMENT

Names Prominent Member of Ardsley Club as His Slayer.

HIS NAME IS WITHHELD.

Club Men Taught to Guard It With Great Secrecy—Will be Divulged at Inquest.

New York, May 27.—When it became known that John Heffernan, who was shot on the lawn of the Ardsley club, near Irvington, last Sunday night, had made a statement before he died, naming a prominent member of the club as the man who had shot him, the greatest doubt was expressed by the people of Tarrytown and vicinity.

It could not be possible, they all said, that a man of such social position as the one named, was the slayer, and it was tacitly agreed among the club men and the owners of villas around Ardsley-on-the-Hudson to guard his name with great secrecy.

But the fact was brought out last night before Coroner Russell at the inquest that such a statement was made by Heffernan before he died and the coroner adjourned the inquest until Thursday, when he will resume the hearing of testimony on the premises of the Ardsley club, in view of the scene of the murder.

Dr. Landon of Ardsley, who was the first physician called to attend the wounded coachman, said on the witness stand:

"There is one other thing Heffernan said to me before he became unconscious, and I feel it my duty to tell it here. He said that he recognized his assailant as a prominent member of the club."

Dr. Denison had told of his asking the wounded man how he was shot and of sending him to Debs Ferry hospital and he did not know his 7 years' acquaintance with Heffernan, who was a member of the club, and he was not at all with reluctance, Coroner Russell did not ask him to reveal the name.

Meanwhile the community around Ardsley is greatly excited. The police who have been working on the murder mystery believe that if the man named by Heffernan did the shooting he was mistaken in his name—that he really meant to kill some one else and seeing Heffernan dimly in the dark with a woman on the club terrace, took him for the man he may have suspected.

The Wisconsin Grants Demands.

Denver, Colo., May 27.—Grand Master Morrissey of the Brotherhood of Railroad Trainmen, which organization is holding a national convention here, has received a telegram from Milwaukee to the effect that the Wisconsin Central Railroad system had granted the demand of its trainmen for an increase of wages. Conferences concerning this have been in progress for more than three weeks. The demand was for an increase of 15 per cent for the freight men and 12 per cent for the passenger men.

Priest Grand Master W. G. Lee has set at rest the rumors about the management of the Mobile & Ohio railroad refusing to renege the men who were on strike in accordance with the recent contract which ended the "four months' strike, in reply to a message he sent to General Manager C. S. Clarke, this dispatch has been received by Mr. Lee.

"Will look into the subject matter of your telegram. We have no purpose other than kindly consideration based on years of fair dealing and association together. Justice will be done to all concerned, as stipulated in our agreement. If conditions exist at Jackson and Tuscaloosa as stated in your telegram, will correct them to conform to our agreements."

Verdict Against Met. St. Ry.

New York, May 27.—Philip L. Smith, a stock broker, has received a verdict in the supreme court for \$35,000 damages against the Metropolitan Street Railway company, for personal injuries received while a passenger. His car was passing a truck when the pole of the wagon swung round and went in through the street car window. It went almost through Smith's chest, injuring his lungs and rendering him a complete invalid for over two years.

Test Suit to Fix Liability.

New York, May 27.—The test suit to fix liability for damages to the families of the victims and persons injured by the explosion of fireworks in Madison Square garden last election night on Sept. 30, has been decided against the city.

Solomon Landau brought suit against the city of New York, claiming \$10,000 damages for the death of his 7 years' old boy. A verdict for \$10,000, which included interest was brought in by the jury.

There is a general understanding that the Landau case will be taken specially to the court of appeals and argued as a test case.

Teachers Submit.

Agree to Sign Acceptances Without Protest—Board Criticized.

The teachers of the Salt Lake public schools, at a meeting of the Teachers' association yesterday afternoon, decided to sign the acceptances of appointments made by the board of education recently. The meeting lasted about two hours and there was considerable discussion as to the advisability of signing the acceptances and it was suggested that they be signed under protest. This suggestion did not prevail, however, as it was thought better to sign in view of the fact that the time for signing expires next Monday, which is a very short time in which to consider any other action.

The county for the management of education, among them being that the teachers be given a nine months' contract, that a special fund be set aside to be used for the payment of teachers, that they be notified of their appointments by April 1, and that they be permitted to see their contracts at the time of signing their acceptances. The first two requests were denied by the board but the last two were granted and the teachers have been notified that their contracts are at the board rooms and can be seen by them if they desire before signing the acceptances.

The board was criticized by the teachers yesterday for the management of school affairs. The criticisms, however, were very mild and more in the nature of suggestions as to plans for the betterment of conditions. It was argued that if the board could make a 10-months' contract with the principals and set aside a fund for them, it certainly could make a nine-months' contract with the teachers and set aside a fund for the payment of their salaries.

DEDICATION NEXT MONDAY

Interesting Event at Brigham Young Memorial Building.

THE PROGRAM OF EXERCISE

Will be Carried Out in the Morning And Made a Part of Late President's Birthday Celebration.

The Brigham Young Memorial building of the Latter-day Saints' university is now nearly completed, and will be dedicated on Monday, June 1. This will be the one hundred and second anniversary of the birth of President Young, and the exercises of dedication will form part of the celebration of that day.

The other part of the celebration will take place in the afternoon at Saltair, where an interesting program has also been provided. The program at the new building on Monday morning will begin at 1:30, and will be as follows:

Antiphon, "Zion's Come to Earth Again," by the Temple choir; invocation, "Only Remembered," Miss Lettie Owen and choir; benediction, Anton H. Lund, Miss Lizzie Thomas will be the accompanist, and Elder C. J. Thomas, the director of the musical program.

It is thought that the morning services will close at noon. They will be held in the memorial room of the new building—a hall of striking and beautiful appearance at the west end of the building. This room has an arched ceiling, skylight, dome and large windows with art glass.

This deed of trust provided that "the board of trustees, by a two-thirds vote, may convey all the real and personal property thereto acquired by it, to any other institution of learning which is founded substantially upon the trusts, powers, confidences, and limitations herein expressed, but in no event shall the objects and nature of this institution be thereby changed."

The trustees of the college on June 21, 1901, accepted the gift on the condition named in the deed of trust, so that the purpose of the institution was changed from that of a college to a university, with the authorization to give instruction of the highest grade possible to its resources "in science, literature,

art, mechanical pursuits, and in the principles of the Gospel, as taught by the Church of Jesus Christ of Latter-day Saints."

The beautiful building to be dedicated on Monday next is the result of the acts and circumstances indicated above.

WEEKLY CROP BULLETIN.

Moisture of the Past Week Will be of Inestimable Value.

Abnormally cold and wet weather prevailed during the week, the remarkable feature being the unusually heavy precipitation that occurred over the entire section. Heavy rains amounting in some localities to over two inches fell in the valleys, while heavy snow occurred in the mountains. All farm work was stopped, while the low temperatures had the effect of seriously retarding the growth of all vegetation.

Very little frost occurred owing probably to the excessive cloudiness, the temperatures having been low enough to form frost almost every night. The increased amount of moisture will be of inestimable value, particularly on dry farms, and only clear and warm weather is now needed to insure a rapid and vigorous growth of all crops.

Late-sown wheat is coming up, while the early-sown is making a fair growth and looking well. Oats, too, are in good condition and growing well. Fall wheat is poor and no improvement in the crop is observed. Sugar beets are making a good growth, the late-sown especially showing marked improvement. This portion of the crop had been very backward owing to the dryness of the soil. Fruit has suffered severely in injury from the heavy frosts of the previous week, yet later reports indicate that the extent of the damage was considerably over-estimated. It will, however, be some time before the exact condition of the various varieties can be intelligently gauged. Some corn has been planted and is coming up. In general, it has a poor color owing to the excessive moisture. The planting of potatoes and gardens is still incomplete, the work having been delayed by the wet weather.

PHILIPPINE VETERANS.

Will Assemble Here En Masse for the Decoration Day Parade.

It is believed that Decoration day will see the largest gathering of Philippine veterans that has assembled in this city since the day the boys in khaki returned from the front. In conjunction with the G. A. R. veterans and the militia they will participate in a big parade which will be the feature on the morning of Memorial day.

Park City, Provo and Ogden will send delegations, with possibly a band from the mining camp.

The parade will move at 9 a. m., headed by the troops from Fort Douglas. Following will come the G. A. R. veterans, then the Philippine boys. Then there will be a division of civic and fraternal societies.

At Mr. Olivet, where a number of the Philippine volunteers lie buried, Col. T. Rorkin will deliver an address. The G. A. R. will hold the customary services at the city cemetery, and at the burial ground at the fort the regulars will remember their departed comrades. A salute with cannon will be fired at Mt. Olivet by the Philippine veterans from a piece of ordnance secured from the post through the courtesy of Col. Rook.
