## VERDICT OF CORONER'S JURY

Death of Arthur Anderson Due to His Own Negligence—May Have Been Suicide.

## BAMBERGER BUYS MORE LAND.

Beautiful Suburb Will Be Made of Ogden Heights, Through Which S. L. & O. Line Will Run.

Ogden, Oct. 5.—A coroner's inquest over the remains of Arthur Anderson was held before Judge Murphy and a jury composed of Jerome Brown, J. H. Walters and C. H. Fellows yesterday, who after hearing the testimony of eye witnesses brought in a verdict as follows:

We find that Arthur Anderson came to his death Oct. 3, 1906, by being run over by a switch engine, by his own negligence, and through the fault of the railroad company or its employees, and we hereby exonerate them from all blame.

The testimony of the train crew threw very little light on the sad accident, as they did not see him until he was crushed to death beneath the wheels, their vision being shut off through the great amount of steam that was coming from Union Pacific east-bound train. Thomas Tilton, a wiper, was on the engine foot board and saw the boy a few feet ahead of the locomotive and called to him to get out of the way, but Arthur paid no attention to the voice and stood on the track right in front of the engine. He tried to catch hold of Anderson but was unable and in a moment he was crushed to death.

Goldie E. Milan, a 16-year-old lad who was with young Anderson, told a strange story. He said that he and Arthur had been playing together and that Arthur, who had a 38-caliber pistol, had asked him to shoot him, as he wanted to die, and when Goldie refused he said that the engine would kill him before the sun would go down. He also says that when the engine was nearing Arthur he called to him and told him to get out of the way, but he did not do so.

## BAMBERGER BUYS MORE LAND.

Proposes to Make of Ogden Heights a Beautiful Suburb.

Ogden, Oct. 5.—Simon Bamberger yesterday afternoon closed a deal with M. R. Pearsons for 76 more acres of land situated in Ogden Heights, southwest of Ogden, for \$3,000. This makes about 23 full blocks of land Mr. Bamberger has purchased in Ogden Heights from different people. His intention is to run through the center of the tract of land he owns, and it is stated he intends plating the property and laying it out in building lots to sell, and that he will make of Ogden Heights a beautiful suburban townsite. The land is good and fertile, and would, if improved, make a beautiful place.

## CLOTHES LINES ROBBED.

He is owner of a small piece of land valued at \$250 which the court restrained him from selling awaiting the outcome to the suit, at which time the wife asks that she be decreed owner of the land as alimony.

## LOGAN.

### CITY COUNCIL SESSION.

Frut Pedler's License up for Reduction—Fourth Ward Bishopric. Special Correspondence. Logan, Cache Co., Oct. 4.—The Logan city council met in regular session last night and ground out the usual batch of routine business.

A fruit vendor from Brigham City appeared before the council and protested against having pay a license of \$5 for the privilege of selling a load of fruit in the city. He made the injustice of the license so plain to the council that they referred his petition for a reduction to the mayor and committee on license with authority to act.

The merchants were back of the council when the vendors' license was passed, yet they filed a petition with the council last night asking for a reduction of their license when in most instances it is not one-half as much for the year as peddlers are asked to pay for one month. The council granted their request.

The mayor submitted the name of George L. Farnes for appointment as health officer. The committee on revenue reported that it would cost \$3,000 to get in the system as proposed, and recommended that \$3 per foot front be levied against business property and 10¢ and 15¢ cents against residence property in the district according to locality for the purpose of raising the money. A canvass of property owners interested had been made and all were in favor of the proposition with two or three exceptions.

The committee therefore recommended that the system be constructed, as far as to embrace the business section.

It is estimated that \$2,000 will be raised by levy against the property and \$5,000 from the general fund by tax levy. The work will begin just as soon as weather conditions in the spring will permit it.

The sum of \$1,584.47 was appropriated from the light fund for current expenses.

The mayor was authorized to execute a deed to Roy D. Thatcher for a piece of ground on Third West street sold to him. The consideration was \$340.

The report of Justice Pedersen showed \$7 collected in fines during the quarter.

The fire chief's report showed \$300 loss by fire during the quarter. The marshal's report showed 22 arrests, mostly for minor offenses. An appropriation of \$9,923.38 was made from the general fund for current bills, the larger amount being for pipe for the Seventh ward water extension, and the fire hall.

## FUNERAL SERVICES.

The funeral services over the remains of Barbara A. Steuder were held in the Sixth ward hall today. A large number of friends having assembled to pay their last respects to the departed, Mrs. Steuder died Tuesday of heart failure.

The lady was a native of Switzerland where she was born Nov. 6, 1865. She embraced the gospel in 1888 and came to Utah the same year. She married Julius Steuder Feb. 19, 1900, and had six children, four of whom are living. She was a woman who won the love of those who knew and associated with her. A large cortege followed the remains to the cemetery. Edmund Spencer is back from a two-years' mission in Germany. Ruth Evelyn Moench will give one of her choice readings, "The Hour Glass," by Yeates, before the conjoint session of the First ward Mutuals on Sunday evening next.

President Isaac Smith has announced the selection of Joseph Newbold as successor to Bishop T. X. Smith of the Fourth ward.
