

WHERE BABY-JOY COMES FROM.

As I sat by my study table, With my quill pen in my hand, My little niece came in to see me, And she said she had a plan.

I had quite forgotten my sermon, And my baby upon the floor, Was waiting for the paper to come, And I knew that she thought she gave me

For the love of the Father in heaven, "Had come to me through my boy."

"The Rocky Mountain Salt" - It is now perhaps three years since, one Sunday afternoon, Mr. Young and the Church of the Salt Lake City, spent as many as four hours in the company of the

writer, in the parlor of a hotel in that place, giving his views and answering rigid direct and cross-questions in regard to Brigham Young and the Church of the Latter Day Saints.

Young the prophet and reformer, one of the best of men, honest and sincere in all his purposes, functions and labors, and who has avowed his belief in polygamy as a Christian and wise ordinance of the Almighty, and who has lived with three wives, to one of whom he was kind enough to introduce us.

Mr. Young's "system" as he called it, as the best religious system the world ever knew, and with equal fervor, Brigham Young, his appointed successor. He spoke of the Mormon religion with the zeal of a new convert, and with all the objections with the vigorous assertion of the cardinal tenets and arguments of the Mormon Faith.

George C. Cannon, himself never appeared so zealous as he appeared to be a believer and promoter of Mormon doctrines and practices, which are now being written in the files of a highly ornamented and handsomely-printed volume of more than 700 pages, by one who had the high honor of being a member for over a quarter of a century.

It is not our intention to review this book in any detail. The Introduction says its author has "simply outlined the past." He says the change in his views "has not been the work of a day or a year." To those who know Mr. Young, well, there may be doubt for a moment here. It was only a few months after he was excommunicated from the Church of the Latter Day Saints, that he wrote down what he has written in this book.

The object of this book is to write down what he has written, and to make it as plain as possible, and to make good the pecuniary losses of his then most obedient servant.

Of the actual merits of the book by Mr. Young, as an "outline of a history and a judgment of the Mormon Religion, Work, and People, we do not now undertake to speak, but may well be doubted whether it would be possible for such a man to tell the truth about a people whose confidence he has long enjoyed, and so suddenly destroyed.

Possibly the failure of the gentleman above indicated to obtain a certain young lady as his fourth wife had something also to do with his sudden and remarkable change of religious opinion.

"Let us that be it as that, quick" about the captain of a "squad," "if an' lovin' per'ad, I'll 'ring 'em down, indigin'ly, as he jammed his fist deeper into his trousers.
