**Your Fight to be Investigated by Grand Jury, if Officers Fail to Do So.**

Special Correspondence.

Ogden, Feb. 22.—In denying County Attorney Halversen's request for a special grand jury to investigate the recent prize fight and other alleged infractions of the law, Judge Bishop said: "I understand that there was a large number of reputable citizens present. You must search and secure some of them as county officers to swear out a complaint, if there has been a crime committed, and if you cannot find an officer who was not a participant in the affair, go to some of the constables, and some officer in the county who did not attend the fight and have him swear out the complaint. If you can get no one to swear out the complaint, it seems to me that the duty of the law abiding citizens of the county is to swear out a complaint and thereby do their duty, report to me and I will impanel a grand jury and not only investigate the prize fight matter, but the matter of the nonfeasance of the officers of the peace of this county, who may have been in the fight or not, and if they fail they must take the consequences. It is not proper to have a grand jury unless you ask that a grand jury shall stand between the officers elected and sworn to perform public functions. Let the officers first do their duty, and if they fail or are unable to perform their duty, or if any considerable number of citizens will come in public meeting or in some other public way constitute me that the public generally demand the impanelment of a grand jury, then I shall very soon make such a jury to be impaneled."

There have been only two deaths within the last ten days. Sickness is growing less since New Years, a few cases of cerebro-spinal meningitis have broke their appearance here; consequently all are rejoicing at the cessation of the fatal disease.

Many young men have left this city and neighborhood in search of new fields and others are preparing to do so.

## MERCUR.

**Ecclesiastical Affairs—Activity in Mining and Building.**

Special Correspondence.

Mercur, Feb. 20.—Mercur has quite a thriving branch of the Church. The members assemble to worship in a large and comfortable meeting house. We have greater activity. We have splendid meetings, which are well attended, considering the inclemency of the weather. The brethren have to work nights part of the time, and we have quite a stop till 10 o'clock in the day to the school house, where we hold our meetings.

Our Sunday school is also doing well, but might be better. We have all the regular teachers and more of them, but some of them also have to take their turn teaching.

We have home missionaries once and sometimes twice a month, and visits from the Tooele Stake presidency every three months or oftener. They will visit us next Sunday, the 26th.

Mining is quite active in general here. The Hillside is down about 400 feet, and is driving in the ore, and has been for some time. The mine is working a force of thirteen men.

The Gold Dust is down 200 feet or more and is working in ore and there is some talk of them putting up a mill on the spring.

There is also talk of two or three mills being built at the West Dip in the early spring. The Dip is about four miles west of Mercur and on the west side of the mountains which skirt the east side of Rush Valley, and the ore body dips to the west instead of east as the Mercur vein does.

The West Dip is growing very rapidly the last two or three months. Aside from the mills and short buildings, most of the new improvement buildings is a boarding store of the Mercur Mercantile company store.

## 1,000,000 GIVEN AWAY.

By special and particular arrangement with the manufacturers of Dr. David Kennedy's Favorite Remedy, free trial bottles of this great medicine for the Kidneys, Liver Bladder and Blood, Rheumatism, Dyspepsia and Constipation, will be sent absolutely free, postpaid, to all persons suffering from any of the diseases mentioned above who will send their full name and post office address to the 19th DAVID KENNEDY CORPORATION, Rondout, N. Y., providing they mention the "News" when they write.

A very simple test to determine whether your Kidneys or Bladder are diseased is to put some of your urine in a glass tumbler and let it stand 24 hours; if it has a sediment or a cloudy, ropy appearance, if it is pale or if it is pain or discolored, you do not need a physician to tell you that you are in a dangerous condition. Dr. David Kennedy's Favorite Remedy speedily cures such serious symptoms as pain in the back, inability to hold urine, a burning scalding pain in passing it. Frequent desire to urinate, especially at night, the staining of linen by your urine and all unpleasant and dangerous effects produced on the system by the use of whisky and beer.

By a searching investigation it was found that 8 out of every 10 persons who sent for a sample bottle were so much benefited by its use that they purchased a large sized bottle of their druggist, which in most cases cured them, while in some rare instances it took as many as two or even three bottles to effect a permanent cure.

Dr. David Kennedy's Favorite Remedy is sold by all druggists at $1.— per large bottle, or six bottles for $5.00.

# Get a Start On Catarrh

## And Save Endless Suffering which Winter Brings.

The most offensive of all diseases becomes more intense as cold weather approaches. In fact, many who have been under treatment for so long, and during the summer feel little discomfort from the disease, are almost persuaded that they have been cured. But the first chilling blast of winter proves that the disease is still with them, and as the winter advances, their Catarrh grows in severity. Those who have felt only a slight touch of Catarrh may be sure that only cold weather is needed to develop the disease. What appears to be only a bad cold will prove more difficult to cure than formerly, and will return with more frequency, until before long the disease is fully developed.

"For years I suffered from a severe case of Catarrh, and took several kinds of medicines and used various local applications, but they had no effect whatever. I was induced to try S. S. S. (Swift's Specific) and after two months I was perfectly well and have never felt any effects of the disease since.

"H. P. McALLISTER,
"Harrodsburg, Ky."

It is easy to see the importance of prompt treatment for Catarrh. Those who get a start on the disease before the cold and disagreeable weather aggravates it, will find a cure less difficult. Catarrh increases in severity year by year, and becomes one of the most obstinate and deep-seated troubles. But it is equally important that the right remedy be given. All local applications of sprays, washes, inhalations, etc., can never cure Catarrh, for they do not reach the disease. Catarrh is in the blood, and only a blood remedy can cure it. Local applications only reach the irritated surface; the right remedy must be taken internally.

Swift's Specific (S. S. S.) is the right remedy for Catarrh. It cures the most obstinate cases by getting direct to the cause of the trouble—the blood—and forcing out the disease. Those who have met with so much disappointment from local treatment should throw aside their sprays, washes and inhaling mixtures and take S. S. S. A cure will result. Send for free books. Address Swift Specific Company, Atlanta, Georgia.

## ELSINORE.

**The Movement for a Sugar Factory Pushed with Vigor.**

Special Correspondence.

Elsinore, Sevier Co., Feb. 20.—The sugar factory agitation takes well with the Elsinore farmers. Last night we organized a meeting in the town hall of Oakland, president J. C. Jensen, vice president and H. P. Hansen secretary and treasurer. The committee, together with a like committee from other townships, will work up an interest in a thousand acres of land, beginning, so that develops successfully we will have a factory, as it is understood that the material is ready as soon as the farmers are prepared to furnish the beets. The main object of the move for the present is to experiment with the different kinds of soil throughout Sanpete and Sevier counties.

## LEWISTON.

**A Prosperous, Thrifty and Pushing Community—New Meeting House.**

Special Correspondence.

Lewiston, Cache Co., Feb. 22.—The people in general are enjoying good health here with the exception of a few cases of la grip.

We have about ten inches of snow on the level, with a cold wind blowing.

There is a change in the sheep business in Lewiston; four herds have wintered in our neighborhood. This has been very profitable to the owners, as they have consumed several hundred tons of hay, he say nothing of straw. Two herds belonging to farmers of Lewiston, Thomas Poulter and A. D. Smith both having a large flock. Several bands are employed to help take care of the sheep and are very busy at present caring for the young lambs, both herds having over 200 lambs each, and they require a good deal of care in the cold weather.

The people of Lewiston anticipate building a new brick meeting house this season. The good weather was availed of to haul much of the material, over two hundred loads of brick and all the sand necessary for the building and other material necessary for the foundation is already on the ground.

The estimated the building will cost in the neighborhood of four thousand dollars. Several dwelling houses will also be built during the summer of 1899.

OLD FOLKS' JUBILEE.

The Old Folks held their reunion in the meeting house last Friday, Feb. 17th, at 1 o'clock P.M.; about one hundred and fifty sat down at the first table. After this number had been supplied, quite a number filled the tables again, which was repeated the third time. Next came the preparation of seats and conditions, which was followed by stir dancing by the older persons, Miss Marion Depp winning the prize. This lady is 81 years old in March, 1899. The prize for best waltz was won by Mrs. Henrietta Allen. Everyone present spent a most enjoyable time. In the evening a dance was given for all present, which was very orderly conducted.

Our young missionaries who left us a short time ago are now in the field and well and enjoying their labors. This speaks well for the boys; the youngest was only eighteen, the oldest about 22 years old. Leviton has seventeen missionaries in the field and expects to send more in a short time.

## OUR NEIGHBORS.

PRESTON, IDAHO.

**Oneida Stake Reunion for the Old Folks.**

Special Correspondence.

Preston, Ida., Feb. 18.—Yesterday, the 17th inst., the Oneida Stake held its first Old Folks' entertainment at Preston. There was a large attendance of veterans from every ward in the Stake. It was a large gathering considering the severe day, as it snowed and blowed all day. The large upper room of the academy building was filled with the aged and widows and wives of absent missionaries. It was an impressive sight to see so many aged friends meet together, shaking hands, some with quivering lips and eyes full of joy and gratitude, that they had been permitted to meet once more with one another, some of them for the first time in several years, they had lonely, lonely and fifty years ago. It was a sight never to be forgotten.

Besides the beautiful repast a very interesting program of songs, recitations, readings, etc., was rendered for the entertainment of the old folks.

A fine chair was given to the oldest gentleman present, Bert Rasmussen, aged 91; a fine rocker was also presented to the oldest lady, Mrs. Moser, aged 91.

The old time songs, "Hard Times Come Again No More," "Auld Lang Syne," "Ye Banks and Braes" and "Shall We Meet Beyond the River" were very feelingly rendered during the festivities.

**Farewell Entertainment for the Benefit of Two Missionaries.**

Special Correspondence.

Evanston, Feb. 18.—On Friday evening, February 17, the young brethren and sisters of the Evanston ward gave an entertainment in the meeting house for the benefit of the two missionaries of the ward who leave for Europe in March. These are the first missionaries who have had the honor of being called to fill a foreign mission from the Evanston ward. The program of recitations, music, etc., was as follows: Prof. Agassiz or Bachelor" was well rendered. The house was crowded, by not only Latter-day Saints, but a number of our non-"Mormon" friends were present. The sum of fifty-five dollars was made clear of expenses. The ward will hold an entertainment of some kind for our brothers ere they leave for their fields of labor. Elders Wm. Cameron, formerly of the Eleventh ward, Salt Lake City, and Ernest Bardett, born and raised in Evanston, are the ones called.
