

ASSASSINATION OF MINE OWNERS

Evidence of Alleged Plot by the
Victor Miners' Union
Discovered.

PHOTOGRAPHS OF MARKED MEN

Five Were Numbered—Had Thomas
Christianson Been Caught He
Would Have Been Lynched.

Victor, Colo., June 7.—Two hemp ropes, knotted with a noose for hanging, were lying on a table in the room where the Cripple Creek district Mine Owners' association held a heated discussion today behind closed doors. The members were greatly incensed by the discovery of what they regarded as evidence of the existence of a plot in the Victor Miners' union for wholesale assassinations of mine owners and miners.

The photographs were groups of men employed in various mines. The most important was a group of the night shift of the Victor mine. The photographs contain about 20 portraits, five of which were numbered from one to five. On the back were written the names of the persons numbered. Of the five names, those of Charles McCracken and John H. Back had been crossed out. These two men were killed in the Victor mine explosion last November.

On the other photographs, similarly arranged, the names of some of the men who have disappeared and whose whereabouts or departure are unknown, were written. These men were taken into the mine owners' headquarters for hearing.

"I do not know anything about these pictures," he said, "except that they were taken to show the scabs. The marks by the names of the men who have been killed are mysteries to me. I was not present when the pictures were taken and cannot tell you any more about it."

News leaked out today that had Thomas Christianson been caught last night three men would have been lynched. The plot was arranged and a special train was standing on the Florence & Cripple Creek track to carry the body of men who were ready in Cripple Creek awaiting signal.

Alfred Miller, former Marshal Mike O'Connell and John Christianson, were regarded as ringleaders in the rioting of yesterday, and they were marked for lynching on that account. The failure to capture Christianson was the only reason the plan was not carried out.

The other two are still in custody and awaiting the decision of the Citizens' alliance as to their fate.

CANADIAN TARIFF.

To be No General Revision Until
Next Parliament.

Ottawa, June 8.—Hon. W. S. Fielding, minister of finance, in a statement in the house has announced that there is to be no general revision of the tariff until the next session of parliament.

In the meantime, he said, a few changes had been made. The British preference on woollens has been diminished by about 7 per cent, which gives that much additional protection to the Canadian manufacturer. Twine and cordage have been made 20 per cent under British preference. Instead of 10 per cent, importation of stallions and mares is prohibited when valued under \$50; coal oil previously five cents per gallon has been reduced to 35 cents a gallon; and a bounty of 15 cents a gallon given on crude oil manufactured in Canada and crude oil imported free.

A provision is to be inserted in the Canadian tariff to impose special duty on "dumped" goods equal to the difference between the price at which these goods are sold for delivery in the country and a fair market value in the country of production.

LAWRENCE C. PHIPPS.

Brings Suit for Divorce Against
Genevieve Chandler Phipps.

Denver, June 7.—Atty. Gerald Hughes has filed in the district court a suit for divorce brought by Lawrence C. Phipps, the millionaire steel manufacturer of Pittsburgh, against Genevieve Chandler Phipps. The attorney obtained an order from the court for sending the copy of the suit in an envelope and having it sealed.

Suffering

Will Not Help Your
Disease, but Will
Weaken Your
Nerves.

Folk who think it is better to bear pain than soothe it are wrong. Old-fashioned doctors used to say it was better, because they had nothing with which to ease pain but dangerous, heart-paralyzing drugs.

But now, that a safe remedy has been found, Dr. Miles' Anti-Pain Pills, it is wrong to suffer, for nothing can be gained but weakened nerves.

A safe rule to remember is: When in pain, take an Anti-Pain Pill. This will soothe your quivering nerves. Dr. Miles' Anti-Pain Pills relieve pain by restoring the natural secretions, in which they differ from opium and similar narcotic drugs, which relieve pain by checking the action of the glands.

They are sure and harmless, and are the latest medical treatment for the cure of Headache, Neuralgia, Rheumatism, Dizziness, Toothache, Stomachache, Menstrual (Monthly) Pains. Also nerve irritations like Sea-Sickness, Car-Sickness, Sleeplessness, Indigestion, etc.

Pleasant to take, quick in results. I have used Dr. Miles' Anti-Pain Pills for sick, nervous headache, and have received the best results. I heartily recommend their curative properties, for they are successful.—REV. RAY A. WATKINS, D. D., Iowa City, Ia. Sold by druggists at 25c. Money back if that box does not help. Turning Gray?

Why not have the early, dark, rich color restored? It's easily done with Ayer's Hair Vigor. Nearly everybody uses it. Ask your own friends. Probably they know how it always restores color, checks falling, and keeps the hair rich and glossy.

"I have used Ayer's Hair Vigor and have found it a great remedy. It checked the falling of my hair when all other remedies had failed."—Mrs. G. A. Morrison, Millinocket, Me. \$1.00. All druggists. J. C. AYER CO., Lowell, Mass.

placed in the vault. So far as can be ascertained, no correspondence was mentioned in the bill. An injunction is sought, however, to restrain John Pierpont Morgan & Co. and the United States Trust company and the United States Trust company from paying to Mrs. Phipps further dividends upon stock and bonds formerly held by her husband, but now in her possession.

STATEMENT BY MRS. PHIPPS.

New York, June 7.—Mrs. Lawrence Phipps, through her attorney, today gave out a statement concerning the recent removal by her husband of their children without her knowledge from a hotel in this city. Mrs. Phipps says that she was about to undergo a surgical operation and desired the presence of her children in what might prove to be the last hours of her husband's life. It was her purpose to take the children from Mr. Phipps, she says, that it is due to Mr. Phipps to say that the statement that she had been removed from the hotel when the children were taken is untrue. She declines to state the cause of the differences that she says "characterized" her husband and herself for several years.

DELAWARE DEMOCRACY.

S. Louis Delegates Are Instructed
For Judge Gray.

Dover, Del., June 7.—Contrary to the expressed wish of Judge George Gray the Delaware Democratic state convention today voted to instruct its delegates to elect to the S. Louis convention to present the name of Judge Gray to the convention and to work for his nomination. This action was taken after one of the most stormy sessions ever held in the state. The leader of the opposition to the Gray nomination was former United States Senator Richard R. Kenney, who was opposed to a resolution that the delegates be "requested" to place Judge Gray's name before the national convention.

The fight between the Gray and the anti-Gray factions became bitter after the former paid no attention to Judge Gray's letter in which he asked that the delegates be not instructed. They fought to elect Kenney, and would not listen to anything that his supporters offered. Judge Gray's speech in the Democratic party this year and held that the Democratic national convention should be left free to select as the candidate for president the strongest and most available man. He therefore requested that the delegates selected to represent the Delaware Democrats at St. Louis be not bound by the instructions.

The national delegates selected are William S. Squire, Irving Holland, R. R. Kenney, M. L. Dicks, J. B. Dicks, C. Dicks and John P. Holland.

IRRIGATION MONEY.

Two and a Half Millions for the
Uncompahgre Project.

Washington, June 7.—Two million, five hundred thousand dollars of the irrigation reclamation fund were conditionally set apart today by the secretary of the interior to be used in connection with the Uncompahgre Irrigation Project in Colorado.

It is estimated that 10,000 acres of land will be reclaimed by this project.

MRS. MARK TWAIN.

Simple Funeral Services Held
Over Her Remains.

Florence, June 7.—A funeral service of the simplest character took place today over the body of Mrs. Samuel L. Clemens, in the Villa Qu'antio, after a vacation visit from San Francisco. The service was held in accordance with the wishes of the family, and was attended by a number of friends. The coffin was taken to a temporary vault from which it will be sent to Geneva and placed aboard the steamer sailing for New York June 12. Mrs. Clemens (Mrs. Twain) will go to the United States with the boat.

SHERIFF BELL TALKS.

Says He Will Get the Independence
Dynamite Fiend.

Denver, June 8.—In a Victor, Colo., special, the News today prints an interview with Sheriff Edward Bell of Teller county concerning the independence station tragedy. He is credited with saying: "I will get the murderer sure. The criminal who set that infernal death trap and killed Mr. Clemens, and his wife, and his children, is a scoundrel, but will not divide them at this time. I don't think the murderer is in the state at this time, but I can and will get him. I have no doubt but what he is a member of the miners' union."

HANNAH ELIAS, OCTOON.

Detectives Batter Down Her
Door and Arrest Her.

New York, June 7.—Detectives tonight battered down the heavy front door at the residence in this city of Mrs. Hannah Elias, the negro woman who is charged with obtaining nearly \$20,000 from John R. Platt by blackmail. They then placed her under arrest on a warrant charging her with extortion in having secured \$1,500 from Platt in May last.

Mrs. Elias was in bed when in warrant was served.

Hannah Elias, the octoon, charged by John Platt with having secured from him by blackmailing methods, nearly \$20,000, passed the night in the Mercer street police station.

She was taken from her palatial residence in Central Park West (where the doors were knocked down with axes) to police headquarters in a carriage. She delayed so long at home arranging her toilet that the latter place was not reached until nearly 2 o'clock. After having given her name, age, etc., she was taken to Mercer street for the night.

Gunboats Have Hard Time.

Tokio, June 8, (J. A. M.)—Four Japanese gunboats, which made a close reconnaissance of Port Arthur harbor at midnight on June 7 for the purpose of examining the entrance, were engaged to a severe cannonade. Gunboat No. 4 was hit eight times and sustained some damage. One of her sailors was killed and two others were wounded.

Cape May Cup Found.

New York, June 8.—The Cape May challenge cup, which King Edward, when Prince of Wales, won with his cutter Britannia, has been found, says a Herald dispatch from London. The trophy, which was reported missing, is being returned to the New York Yacht club, because it cannot be defended under the existing conditions.

Tom Sharkey Married.

New York, June 8.—Thomas Sharkey, the pugilist, has been married in this city to Miss Katherine McIntosh of Michigan, a professional nurse, who attended him during a recent illness.

PANAMA AND THE GOLD STANDARD.

United States Much Concerned
Lest Isthmian Legislature
Will Not Adopt It.

THE PRESIDENT IS INTERESTED.

Consults With Minister Barrett, Secy.
Hay and Asst. Secy. Loomis
On the Subject.

Washington, June 7.—In answer to a summons by the state department, John Barrett, minister to Panama, came to Washington today and had a long conference with the Panama canal commissioners and afterwards saw the president, Secy. Hay and Asst. Secy. Loomis, all with reference to the settlement of the pending Panama currency proposition. It appears from advice received today that final action by the Panama legislature is expected today and in the event that the decision is adverse to the adoption of the gold standard some action will be required immediately by our government.

It developed at the conference that although indirect, the interest of the United States in the adoption of the gold standard by Panama is no less than \$25,000,000. This is based on the belief that with fluctuating and unstable currency in Panama, closely interwoven as it certainly will be with the Isthmian canal strip population, the contractors who must dig the canal will be obliged, in order to make themselves safe, to add at least 25 per cent to their bids in order to guard against changes in the cost of labor and supplies which must be obtained from the surrounding country, as are incident to the currencies not placed on the gold standard.

So, if the decision of the Panamanian legislature today promises to be adverse to gold, the United States government will seek to secure a postponement of the final proclamation of that decision.

Meanwhile Minister Barrett will arrange for a meeting with Minister Obaldia of Panama, who is expected in Washington soon, and the two fiscal agents of Panama who are now in New York, for the purpose of securing an agreement to make the Panama currency uniform with that to be employed on the canal strip. The system which will be brought to the attention of the Panamanians is that one adopted in the Philippines so successfully for the past two years, namely, a gold dollar unit with a silver peso worth 10 cents gold, as a common circulating medium. Such a coin as the peso is regarded as absolutely necessary where a vast amount of crude, unskilled and cheap labor is to be employed as in the canal work.

THE MISSES BONDY.

They Are in a Medical Institution
In Vienna.

New York, June 8.—Friends of the Misses Bondy of New York have received from Vienna news that the young women are in a medical institution in that city, having been taken there for observation and treatment while laboring under great excitement of hysteria, says a Herald dispatch from Paris. The story of their affliction is a strange one.

Six months ago the three young sisters, who are between the ages of 20 and 30, left New York for Europe unattended for a trip to the Mediterranean and Egypt. They were well supplied with money and proficient in European languages. After visiting the Holy Land they journeyed to Egypt, saw the pyramids and went some distance up the Nile.

A month ago they reached Constantinople. There they met a party of Americans who offered for the young ladies a reliable courier to escort them to Havre, where they proposed embarking on their return voyage. They were evidently in a nervous condition and told stories of an attempt to kidnap them near the pyramids and of their having been pursued across Gallies by a band of sheikhs. They gave the impression that they were well supplied with money and that they had been considerably shaken by their adventures, fancied or real.

On the arrival of the sisters in Vienna their nervousness became more marked. They evaded the courier and moved from hotel to hotel, declaring their lives were in danger. Finally they called upon the police for protection and were turned over to the United States consul, who is having them cared for pending the arrival of relatives. The real cause of the nervous breakdown is unknown.

LEWIS ETZEL'S FUNERAL.

American Correspondent Was
Killed by Chinese Soldiers.

Newchwang, June 8.—7 a. m.—The funeral of Lewis Etzel, correspondent of the London Daily Telegraph, will take place here this afternoon. Etzel was killed while on a junk between Shawanitz and Eddick by some Chinese soldiers on another vessel, who were searching for pirates. The junk at the time was not visible out at sea. Immediately after realizing the mistake they had made the soldiers sailed away and have not been seen since. United States Consul General Miller held an inquest at Shawanitz yesterday at which the Chinese general, Lu, acknowledged that Etzel was killed by his soldiers.

ROWLAND HALL.

Commencement Exercises Last Evening
in First Congregational Church.

The commencement exercises of Rowland Hall were held last evening, in the First Congregational church, where the members of the graduating class presented a fine program, and the essays by them showed evidence of careful and scholarly preparation. Of the musical numbers, the trio by the Misses Osborne and Finley was particularly well received. The commencement exercises were presided by a dinner given at Rowland hall by Miss Clara Colburn, the principal, in honor of Bishop Tuttle, which were presented. The Right Rev. Bishop Tuttle, the Very Rev. Dean and Mrs. Eddie, the Rev. and Mrs. George C. Huntington, the Rev. E. E. Perkins, Mr. and Mrs. George Y. Wallace, Mr. and Mrs. Florence Robinson and the senior class, consisting of Miss Nellie Corbin, who for the last four years has been a teacher in the high school, Miss Starling returns to her home in Kentucky.

Miss Starling will spend the summer in Minnesota. Miss Russell will visit her home in Vermont. Miss Humphrey goes to Amherst, Mass., to attend the summer school. Miss McIntosh will spend her vacation in taking a course in physical culture in Columbia college.

he was shot, testified that their junk was unchallenged by the soldiers and was fired upon in spite of the fact that two foreigners were plainly visible at a distance of less than 100 yards. At least 150 shots were fired at the correspondent's junk, which did not reply.

Consul General Miller will forward his report to United States Minister Conger at Peking, showing gross carelessness upon the part of the soldiers to say the least. While Brindle is a small vessel created by Senator Quay's death shall be filled by appointment or by an extra session of the legislature was held tonight at the executive mansion between Gov. Pennington, United States Senator Penrose and Insurance Commissioner Durham, who controlled the situation.

QUAY'S SUCCESSOR.

Undecided Whether He Shall Be
Appointed or Elected.

Harrisburg, Pa., June 7.—A conference to determine whether the senatorial vacancy created by Senator Quay's death shall be filled by appointment or by an extra session of the legislature was held tonight at the executive mansion between Gov. Pennington, United States Senator Penrose and Insurance Commissioner Durham, who controlled the situation.

The governor spent several hours today examining the law on the subject and it is thought he reached a decision and will announce it in the near future.

The opinion still prevails here that an extra session of the new legislature will be held next December for the election of a senator and that the governor will perfect an accord with the Republican state leaders.

George L. Oliver tonight informed the state leaders and the governor that he considered in connection with the senatorship. His reasons for this act were purely private and personal and have no connection with the probability or improbability of his selection.

ENGLISHMAN OUTRAGED.

Moors Invade His Residence in
Tangier, Taking His Arms.

Tangier, June 7.—Armed Anjara Moors invaded the residence of an Englishman here today and compelled his wife to flee the ruins of her husband, who was absent. The outrage took place in broad daylight. The British consul demands the arrest of the ringleaders, but the Moors hesitate because the perpetrators are influential.

RECEPTION TO PRELATE.

Fine Musicals and Banquet in Honor
Of Archbishop Redwood.

There was a delightful and informal reception last night, at All Hallows college, in honor of the visiting Archbishop Redwood of Wellington, New Zealand, and the evening was made very agreeable by the presence of a number of local artists who gave a musical program. A feature of the occasion was the exhibition of the archbishop's Stradivarius violin, on which his grace played three airs, and after the last one, handed the magnificent instrument over to Master Arthur Pedersen, who showed off its fine qualities in the air now best known as "Fair Harvard, Thy Sons to Thy Jubilee Chorus." The young artist, who was the finest violin he ever played on, and was no doubt worth \$5,000, the value placed on it by its owner.

The evening was pleasantly opened by Prof. Radcliffe with a piano solo, Miss Agnes Dahlquist and Arthur Shepherd, also gave a piano solo, and Mr. Shepherd, with Prof. Pedersen played most of the accompaniments of the evening. A fine number was the trio, including Prof. Pedersen on the viola, Master Pedersen on the violin, and Mr. Shepherd at the piano, and very acceptable vocal numbers were sung by Miss Sigrid Pedersen, Mrs. Beale Browning, soprano, Fred Graham, tenor, and William Squire and Walter Wallace, basses. It was an excellent program, and the performers were all warmly welcomed. Mr. Squire made a great hit. He was heartily urged by Father Murphy to sing a second time, and "took his revenge by turning loose on the Catholic fathers" with "Prayers of the Order Grey." When Squire struck the line, "No one lives half so well as the holy friar," the members of the Catholic clergy present were convulsed. An archbishop almost shook his coat loose, and it seemed for a few moments as if the Very Rev. Dean Smith would divide up into 17 separate and independent parts. Father Murphy's countenance became that of a penny, and Father Guinan appeared as though he had struck the joke of his life. Among the guests present were Gov. and Mrs. Wallis, Senator and Mrs. Keating, Gen. James M. J. Sanno, U. S. A., retired, Mr. and Mrs. J. E. Hansen, Mrs. C. B. Leigh, Lieut. Col. Greenwald, Capt. Schmeider, Lieut. Bassett, Prof. A. H. Peabody, Miss Jennie Pedersen, Miss Wallace, Mr. Browning, and others.

At the conclusion of the musical program, the party retired to the college refectory, where a fine spread was served in excellent style. Father Murphy was toastmaster, and there were responses by Archbishop Redwood, Senator Keating, Gen. Sanno, Col. Greenwald, C. J. Editor J. E. Hansen of the "News," Prof. Pedersen, Dean Smith, C. B. Leigh and Lieut. Bassett. The company adjourned well pleased with the events of the evening, and in particular with the visiting archbishop.

Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: First—The indisputable evidence that it is harmless; Second—That it not only allays stomach pains and quiets the nerves, but assimilates the food; Third—It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is unlike Soothing Syrups, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system—not by stupefying it—and our readers are entitled to the information.—Hall's Journal of Health.

Letters from Prominent Physicians Addressed to Chas. H. Fletcher.

Dr. B. Halstead Scott, of Chicago, Ill., says: "I have prescribed your Castoria often for infants during my practice, and find it very satisfactory."
Dr. William Belmont, of Cleveland, Ohio, says: "Your Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place."
Dr. J. H. Taft, of Brooklyn, N. Y., says: "I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent."
Dr. Wm. L. Hoesmerman, of Buffalo, N. Y., says: "I am pleased to speak a good word for your Castoria. I think so highly of it that I not only recommend it to others, but have used it in my own family."
Dr. R. J. Hamlin, of Detroit, Mich., says: "I prescribe your Castoria extensively, as I have never found anything to equal it for children's troubles. I am aware that there are imitations in the field, but I always see that my patients get Fletcher's."
Dr. Wm. L. McManis, of Omaha, Neb., says: "As the father of thirteen children I certainly know something about your great medicine, and aside from my own family experience I have in my years of practice found Castoria a popular and efficient remedy in almost every home."
Dr. J. R. Clensen, of Philadelphia, Pa., says: "The name that your Castoria has made for itself in the tens of thousands of homes blessed by the presence of children, scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy."
Dr. Channing H. Cook, of St. Louis, Mo., says: "I have used your Castoria for several years just in my own family and have always found it thoroughly efficient and never objected to by children, which is a great consideration in view of the fact that most medicines of this character are obnoxious and therefore difficult of administration. As a laxative, I consider it the peer of anything that I ever prescribed."
Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria."

WAS GIVEN UP TO DIE.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured."
