Progress of the Work of the Lord in that Part of the Field.

CORRESPONDENCE, JAN. 18, 1894.

It may be interesting to some of the many readers of the News to hear from this part of the Lord's vineyard, and ascertain what progress the Lord is making.

On my arrival in this little kingdom I was appointed to labor in two parishes, and with the exception of two or three months, my labors have been confined to the Copenhagen branch.

My health has been excellent. The twenty months I have been absent from my native home have passed like a dream, and in looking back I can hardly account for the time given to me.

I have had the privilege of visiting the greater part of Scandinavia, and have taken great delight in seeing all that was so precious and interesting.

I have found the majority of the people to be kind, polite, honest and industrious, as well as God-fearing in their way of life.

Especially is this the case in the larger cities, where in Copenhagen the people, as a rule, are very liberal-minded.

Many are investigating the principles of the Gospel, and are attending our meetings with interest.
