Residents near the beach were aroused to the danger that threat. ened their homes. Stupendous waves began to send their waters far inland and the people began a hasty exit to se-

cure places in the city. Two gigantic forces were at work. The storm drave the waves with resistible force high upon the beach and the gale from the northeast pitches waters against and over the wharves, choking the sewers and flooding the city from that quarter. WINDS HOWLED AND INCREASED

The streets rapidly began to fill with water; communication became difficult and the helpless people were caught be-tween two powerful elements, while the winds howled and rapidly increased

velocity. Railroad communication was cut off shortly after noon. The track being washed out; wire facilities completely failed at 3 o'clock, and Galveston was isolated from the world. The wind momentarily increased in velocity, while the waters rapidly rose and the night drew on with dreaded apprehension de-

ploted in the face of every one. Already thousands were bravely struggling with their families sgainst the mad wayes and fierce wind for places of refuge. The public school | Company

VERNON IS DISCHARGED.

James Vernon, the minister charged with assaulting Hulda Swenson, was to. day discharged by Judge Timmony be. cause the complaining witness failed to apper. Circumstances point to some crooked work in getting the witness out of the way. The story told by the girl to Chief Hilton prior to Vernon's arrest, was revolting in the extreme, and the officers cannot understand why the o nominate candidates for justice of girl should stay away with her own ac-The Republican ladies of the Fortieth
